MARKET OUTLOOK:

Equity Markets Outlook for Financial Year 2024

FY2024 is likely to be remembered as a pivotal moment in global history, marking the conclusion of one era and the commencement of another. This year witnessed significant geopolitical and economic events that had a profound impact on the international relations and economies of various nations.

Initially, there were global concerns about a potential recession as interest rates were increased in 2022, and inflation remained uncontrolled. The transition from Quantitative Easing (QE) to Quantitative Tightening (QT) in the banking sector, accompanied by a worldwide deceleration in money supply, added to the apprehensions.

The global landscape experienced upheaval when the Israel-Palestine conflict intensified while there seems no end to Russia-Ukraine war, triggering a substantial energy crisis.

Factors that were anticipated to exert downward pressure on Indian stock market indices included the Israel-Gaza and Russia-Ukraine conflict leading to fluctuations in crude oil prices, the depreciation of the rupee, disruptions in the global supply chain and elevated inflation surpassing the Reserve Bank of India's targeted consumer price index. Contrary to these expectations, the outcome has been quite different.

With all that being said, the Global macro environment seems to be stabilizing on the economic front, even though it remains complex on geopolitical front. US growth is stabilizing, employment data remains healthy, and inflation is moderating gradually. This is leading to a possible goldilocks scenario where you might get lower inflation without hurting growth too much.

Having said this, inflation remains higher at around 3-3.5% and growth and employment data too strong – a recipe for delayed timelines for interest rate cuts. We are now expecting interest rates cuts only post August'24. Europe is gradually stabilizing at lower growth/degrowth state, but not deteriorating further, as inflation and interest rates peak in most economies there. China continues to have challenges on growth revival due to ageing population and leverage in households/Real estate, which are structural in our view and thus commodities in general will remain muted for extended period, given >30-40% of every commodity is consumed by China. Geopolitical tensions are taking time to abate and are only getting complex. Given these tensions, supply chains and global trade has become vulnerable to new dimension now, missing till pre-covid. India remains one of the differentiated markets in terms of growth and earnings.

In our worldview, 1) the Liquidity, 2) Growth and 3) Inflation surfaced post monetary and fiscal expansion in CY20-21 in that order and they will reverse in the same order during CY23-24. We have seen an initial downtick in inflation, which will accelerate in our view over next few quarters. Inflation is taking more time than usual to recede given healthy household savings in US, elevated energy prices, tight labor markets and challenged supply chains.

Having said this on near term earnings/market context, we believe that Indian economy is in a structural upcycle which will come to fore as global macroeconomic challenges recede over next few quarters. Our belief on domestic economic up-cycle stems from the fact that the enabling factor are in place viz. 1) Corporate and bank balance sheets are in best possible shape to drive capex and credit respectively, 2) Consumer spending remains resilient through cycle given our demographics, 3) Govt is focused on growth through direct investments in budget as well as through reforms like GST(increasing tax to GDP), lower corporate tax and ease of doing business (attracting private capex), PLIs(private capital through incentives for import substitution or export ecosystem creation) and 4) Accentuated benefits to India due to global supply chain re-alignments due to geopolitics. This makes us very constructive on India equities with 3years view. We believe that India is in a business cycle/credit growth cycle through FY24-27E – indicating starting of healthy earnings cycle from medium term perspective.

Markets are unpredictable and it may result in some short-term aberrations in the performance, however, time and again, through our Investment Process and prudent stock selection process, we have prioritized the objective of investors having a good experience during their investment journey with Canara Robeco MF Schemes over the longer run.

The heightened volatility in FY 2024 resulted in the Fund Managers facing an extremely challenging year. It is a year which has demanded a lot from the Fund Managers to keep their head above water. Canara Robeco MF continued to follow its robust Investment and Risk Management processes which it has built over so many years and that has helped the Schemes deliver consistent returns over the long-term.

Fixed Income Markets Outlook for Financial Year 2024

In FY2024, the focus was expected to shift away from equities to bonds, as growth was expected to deteriorate with higher probability of US recession in 2023, amid rapid monetary tightening. Greed gave way to fear, prompting investors to seek refuge in the shelter of fixed income in early part of 2023 on US regional bank crisis. However, as the crisis was managed adroitly by regulatory authorities, rates pushed higher. In 2H CY 2023, "higher than longer" narrative for rates and US treasuries supply pressure, took the 10Y US yield to 5% amidst bond markets volatility. December policy "pivot" by the US FED Chairman Powell gave a Christmas gift to markets, with all global asset markets rallying. 10Y yield crashed to below 4%, equities rallied, and gold prices rose amid overall USD weakness.

However global rate volatility, driven by data oscillating between strong and weak, and resilience of the US economy despite historical high rates, kept Indian rate markets on its toes. Indian debt markets remained volatile as well, despite RBI Monetary Policy Committee (RBI MPC) remaining on pause since start of FY2024, due to a hawkish RBI, and tighter-than-expected liquidity conditions (in latter part of the 2023). Policy pivot by the US FED did not enthruse markets as RBI policy makers pushed against any immediate relief of rate front on concerns of volatile food inflation, which remains on higher side.

Despite these challenges, falling global bond yields and robust buying by Foreign Institutional Investors (FIIs) provided support to debt markets FII flows in debt have been strong ahead of Index inclusion with USD 7.14 billion in 1QCY2024 and would mark a turnaround in debt FII flows, which had been meagre in past few years.

On the geopolitical front, conflicts persist worldwide, with the Israel-Hamas and Russia-Ukraine wars continuing. The ongoing slowdown in China remains a drag on the global economy. In contrast to the post-Global Financial Crisis world, the absence of a resurgent China is expected to have a more significant impact this time.

The Indian economy appears to be in a relatively better position as we approach the end of FY2024. Growth remains strong with 1HFY2023 GDP printing 7.7%, comfortably beating all economist estimates. High frequency indicators continue to remain strong. RBI is now forecasting 7% growth for FY24.

Market dynamics are likely to be influenced by RBI MPC as well as global factors, with a 50 bps rate cut from RBI expected in FY2025. With the US rate easing cycle likely in 2024, the question remains only on timing of rate cuts. The RBI MPC decided to remain focused on withdrawal of accommodation to ensure that inflation progressively aligns to the target, while supporting growth. The Policy outcome was as per expectations as no sharp rate cuts were expected from RBI MPC, as inflation continues to remain above target of 4% and growth remains robust.

Fiscal consolidation in the interim Budget is likely to provide further positive impetus to bond markets. Coupled with anticipated rate moves from the US FED, RBI may change to neutral stance in next few policies. Liquidity has improved in the recent past probably on account of Government spending. RBI had further injected short term liquidity via VRR (variable rate repo auctions). We anticipate that over the next few months, 10-year yields may gradually fall below 7%.

Canara Robeco Consumer Trends Fund

The influx of foreign funds is anticipated to be liquidity-positive, further contributing to the positive sentiment surrounding bonds. Looking ahead to the medium and long term, the effect on bonds is expected to be positive due to inclusion in JP Morgan Bond Index, as the demand for Government Securities (G-Sec) is likely to drive yields downward.

Investors have the opportunity to invest across yield curve at similar yields depending on their investment horizon.

II. BRIEF BACKGROUND OF SPONSORS, ASSET MANAGEMENT COMPANY & TRUST

a. Sponsors:

Canara Robeco Mutual Fund is sponsored by Canara Bank and ORIX Corporation Europe N. V. (formerly known as Robeco Groep N.V.). Canara Bank is the Settlor of the Mutual Fund Trust. The Sponsors have entrusted a sum of Rs. 10 lacs to the Trustees as the initial contribution towards the corpus of the Mutual Fund.

Canara Bank: Canara Bank, having its Head Office at 112 J C Road, Bengaluru 560 002 is a leading Public Sector Bank in India. Canara Bank was established in July 1906 in Karnataka and was nationalized in 1969. As a premier commercial bank in India, Canara Bank has a distinct track record in the service of the nation for over 118 years. It has a strong pan India presence with 9604 branches and over 12155 ATMs, catering to all segments of an ever-growing clientele accounts base of over 11.17 crore. Across the borders, the Bank has 3 branches, one each at London, New York and DIFC (Dubai), a Representative Office at Sharjah, UAE, a Wholly Owned Subsidiary, Canara Bank (Tanzania) Ltd. in Tanzania and a Joint Venture with State Bank of India viz. Commercial Indo Bank LLC. It is recognized as a leading financial conglomerate in India, with as many as sixteen subsidiaries/sponsored institutions/joint ventures in India and abroad. As on 31st March 2024, the Union of India holds 62.93% shares in Canara Bank.

ORIX Corporation Europe N. V. (formerly known as Robeco Groep N.V.): ORIX Corporation Europe N.V. (OCE), having its Corporate Office at Weena 850, 3014 DA Rotterdam, The Netherlands, is a holding company and owns several operating companies worldwide. These companies are predominantly active in asset management and renewable energy.

OCE is a full subsidiary of ORIX Corporation, a Japanese financial services concern, based in Tokyo, Japan, that started operating since 1964. ORIX Corporation is active in the world of lending, investment, life insurance, banking, asset management and businesses related to the automotive sector, real estate, the environment and energy.

In 2013, ORIX Corporation, had acquired 90.01% shares of OCE (at that time known as Robeco Groep N.V.) from Rabobank. Subsequently during October 2016, ORIX Corporation acquired the remaining 9.99% shareholding from Rabobank, thereby becoming the 100% shareholder of ORIX Europe. Robeco Groep N.V. was renamed as ORIX Corporation Europe N. V. with effect from 1st January 2018.

b. Asset Management Company:

Canara Robeco Asset Management Company Ltd. ("CRAMC") (formerly known as Canbank Investment Management Services Ltd.) is a company incorporated under the Companies Act, 1956 on 2nd March, 1993, having its registered office at Construction House, 4th Floor, 5, Walchand Hirachand Marg, Ballard Estate, Mumbai - 400 001. The AMC has been appointed as the Asset Management Company (AMC) of the Canara Robeco Mutual Fund by the Trustees vide Investment Management Agreement (IMA) dated 16th June, 1993 and executed between Canara Robeco Mutual Fund (formerly Canbank Mutual Fund) and Canara Robeco Asset Management Company Ltd (formerly known as Canbank Investment Management Services Ltd.).

The AMC was originally incorporated as Canbank Investment Management Services Ltd. under the Companies Act, 1956 on 2nd March, 1993 to manage the assets of Canbank Mutual Fund ("Fund"). Pursuant to the joint venture documents signed between Canara Bank and ORIX Corporation Europe N.V. ("OCE") (formerly known as Robeco Groep N. V.) on 26.09.2007, OCE acquired 49% stake in the AMC and Canara Bank retained the remaining 51%. Consequent to this, the Fund was renamed as Canara Robeco Mutual Fund and the AMC was renamed as Canara Robeco Asset Management Company Ltd. The Schemes of the mutual fund have accordingly been renamed to reflect the joint venture.

c. Board of Trustees (the Trustees):

The Board of Trustees is the exclusive owner of the Trust Fund and holds the same, in trust for the benefit of the unit holders. The Trustees have been discharging their duties and carrying out the responsibilities as provided in the SEBI (Mutual Funds) Regulations, 1996 and the Trust Deed. The Trustees seek to ensure that the Fund and the schemes floated there under are managed by the AMC in accordance with the Trust Deed, the said Regulations, directions and guidelines issued by the SEBI and other regulatory agencies.

d. Mutual Fund

Canara Robeco Mutual Fund (CRMF) (formerly Canbank Mutual Fund) was originally constituted as a trust on 17/12/1987 in accordance with the provisions of the Indian Trusts Act, 1882 (2 of 1882) by Canara Bank as the Settlor/Sponsor and is duly registered with Securities and Exchange Board of India (SEBI) vide registration no. MF/004/93/4 dated 19.10.1993. Subsequently, in 2007, pursuant to a Joint Venture between Canara Bank (51%) & ORIX Corporation Europe N V ("OCE") (formerly known as Robeco Groep N V) (49%) in the asset management company, OCE was inducted as the co-Sponsor in the Mutual Fund, which was renamed as Canara Robeco Mutual Fund. CRMF is administered by a Board of Trustees.

The Trustee has entered into an Investment Management Agreement dated 16th June, 1993 with Canara Robeco Asset Management Company Ltd. (CRAMC) to function as the Investment Manager for all the Schemes of CRMF. CRMF was registered with SEBI on 19th October, 1993.

Canara Robeco Consumer Trends Fund

III. INVESTMENT OBJECTIVES OF THE FUNDS

Canara Robeco Consumer Trends Fund: To provide long-term capital appreciation by primarily investing in equity and equity related securities of companies which directly or indirectly benefit from the growing consumer demand in India. However, there can be no assurance that the investment objective of the scheme will be realized.

IV. SIGNIFICANT ACCOUNTING POLICIES

The Accounting policies of the Fund are in accordance with Securities Exchange Board of India (Mutual Fund) Regulations 1996 as amended from time to time and are disclosed as part of the Scheme Audited Financials.

Canara Robeco Consumer Trends Fund

INDEPENDENT AUDITORS' REPORT

Board of Trustees,
Canara Robeco Mutual Fund

Report on the audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **CANARA ROBECO CONSUMER TRENDS FUND** ("the scheme") which comprises the Balance Sheet as at March 31, 2024, the Revenue Account, the statement of changes in net assets attributable to unitholders and the Cash Flow Statement for the year April 01, 2023 or the launch date of the respective schemes to March 31, 2024 ("the year/the period") and notes to financial statements, including summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements of the Schemes give a true and fair view in conformity with the accounting principles generally accepted in India, including the accounting policies and standards specified in the Ninth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended ("the SEBI Regulations"):

- in the case of the Balance Sheet, of the state of affairs of the Scheme as at 31st March 2024;
- in the case of the Revenue Account, of the Surplus/(deficit) of the Scheme for the period/year ended 31st March 2024;
- statement of changes in net assets attributable to unitholders of scheme for the year ended 31st March 2024; and
- in the case of the Cash Flow Statement, of the cash flows of the Scheme for the period/year ended 31st March 2024.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India ("ICAI"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. In conducting the audit, we have taken into account the provisions of the SEBI Regulations, the accounting standards issued by the ICAI, as applicable, and matters which are required to be included in the audit report under the provisions of the SEBI Regulations. We are independent of the Scheme in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period.

These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matter	Auditor's Response
1	Valuation and existence of Investments: The valuation and existence of the portfolio of investments is considered as a key audit matter due to the magnitude of potential misstatement as the portfolio of investments represents the principal element of the net asset of the Scheme.	Principal audit procedures performed: We gained an understanding of the internal control structure and operating effectiveness of key controls surrounding valuation and existence of investments. We tested the valuation of the investments by comparing the prices used in the calculation of the Fund NAV from prices obtained from independent sources. We tested the existence of the Investments by obtaining and reconciling the direct confirmations of the holdings from following sources: <ul style="list-style-type: none">Custodians of the SchemeReserve Bank of IndiaClearing Corporation of India Limited We matched the holdings as per above confirmations with the Scheme's accounting records. We have obtained the reconciliations and reviewed the differences, if any.
2	Multiple Information Technology (IT) Systems The controls over IT Systems and the operating effectiveness thereof is considered as a key audit matter as the Scheme is highly dependent on technology due to the significant number of transactions that are processed daily and discrete IT Systems used. The audit approach relies extensively on automated controls and therefore on the effectiveness of controls over IT systems. IT application controls are critical to ensure that changes to applications and underlying data are made in an appropriate manner.	Principal audit procedures performed: We obtained an understanding of the entity's IT related control environment. We identified key IT applications, databases and operating systems that are relevant to our audit and have identified key applications relevant for financial reporting. We obtained an understanding of the entity's IT control environment and key changes during the audit period that may be relevant to the audit. We tested the design, implementation, and operating effectiveness of the Entity's General IT controls over the key IT systems that are critical to financial reporting. This included evaluation of entity's controls to evaluate segregation of duties and access rights being provisioned / modified based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being re-certified during the period of audit. We also tested key automated and manual business cycle controls and logic for system generated reports relevant to the audit; including testing of compensating controls or performed alternate procedures to assess whether there were any unaddressed IT risks that would materially impact the financial statements. We have also placed reliance on System and cyber security audit reports of AMC and other service providers.

Information Other than the Financial Statements and Auditor's Report Thereon

The Management of Canara Robeco Asset Management Company Limited (the "Investment Manager") and the Board of Trustees of Canara Robeco Mutual Fund are responsible for the other information. The other information comprises the information included in the Scheme's annual report but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. The other information is expected to be made available to us after the date of this auditor's report.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Canara Robeco Consumer Trends Fund

INDEPENDENT AUDITORS' REPORT (contd...)

Responsibilities of Management for the Financial Statements

The Management of Canara Robeco Asset Management Company Limited (the "Investment Manager") and the Board of Trustees are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Scheme in accordance with accounting policies and standards as specified in the Ninth Schedule of the SEBI Regulations and in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (IND AS) specified in Regulation 50(1A) of SEBI Regulations and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015 to the extent there is no conflict between the requirements of IND AS and SEBI Regulations and guidelines issued thereunder. This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the SEBI Regulations for safeguarding the assets of the Scheme and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, managements of the Investment Manager and the Board of Trustees are responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The Management of the Investment Manager and the Board of Trustees are responsible for overseeing the Scheme's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Scheme's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the management of the AMC, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide to the management of the AMC with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year/period ended March 31, 2024, and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by SEBI Regulation 55(4) and Clause 5(ii)(2) of the Eleventh Schedule to the SEBI Regulations, we report that:
 - (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, the Balance Sheet, the Revenue Account, and the Statement of Changes in net assets attributable to unit holders of scheme, the Cash Flow Statement dealt with by this report are in agreement with the books of account of the Scheme; and
 - (c) The balance sheet, the revenue account, the Statement of Changes in net assets attributable to unit holders of scheme and the cash flow statement, dealt with by this report are in agreement with the books of accounts of the Schemes.
2. In our opinion, and on the basis of information and explanations given to us, the methods used to value non-traded securities as at March 31, 2024 are in accordance with the SEBI Regulations and other guidelines approved by the Board of Trustees of Canara Robeco Mutual Fund and are fair and reasonable.
