Presentation of these separate Balance sheets and Revenue accounts in a columnar form is not intended to indicate that they bear any relation to each other, or are interdependent or comparable in any way.

All the above schemes have been collectively referred as "Schemes".

2. Basis of preparation of the financial statements

The financial statements of the Scheme have been prepared on a going concern basis in accordance with Indian Accounting Standards ('IND AS') and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, to the extent it is not in conflict with the SEBI Regulations and guidelines issued thereunder.

The Scheme maintains accounts on accrual basis following the historical cost convention, except for the following items:  
- certain financial instruments – fair value

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

\* Level 1 – Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

\* Level 2 – Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

\* Level 3 – Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The Balance Sheet and the Revenue Account have been prepared and presented in the format prescribed in the SEBI Regulations. The Scheme has elected to present cash flows from operating activities using the indirect method and items of income or expense associated with investing or financing cash flows are presented as per the requirements of Ind AS 7 'Statement of Cash Flows'. The disclosure requirements with respect to items in the Balance Sheet and the Revenue account, as prescribed in the SEBI Regulations and Ind AS, are presented by way of notes forming part of the financial statements.

The transition from Previous GAAP to Ind AS has been accounted for in accordance with Ind AS 101 "First Time Adoption of Indian Accounting Standards", w.e.f. April 01, 2023 being the transition date.

**Functional and presentation currency**

AMC has determined that the functional currency of the Scheme is INR. All amounts have been rounded off to the nearest lakh unless otherwise indicated.

3 Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires that the AMC make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and the income and expense for the reporting period. The actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis.

Estimates and underlying assumptions are reviewed on an ongoing basis.

The Scheme makes certain judgments and estimates for valuation of financial instruments. The AMC believes that the estimates used in the preparation of the financial statements are prudent and reasonable.

Changes in estimates are reflected in the financial statements in the period in which the changes are made and, if material, their effects are disclosed in the notes to the financial statements.

**Assumptions and estimation uncertainties:**

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2025 included in the following notes:

a. Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques as per the valuation policy. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of the financial instruments.

b. Provisions and contingent liabilities

The Scheme estimates the provisions that have present obligations as a result of past events, and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Scheme uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Scheme or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

4 Financial Instruments

**Recognition and initial measurement of financial assets and financial liabilities**

All financial assets and financial liabilities are initially recognised when the Scheme becomes a party to the contractual provisions of the instrument.

All the financial assets and financial liabilities are initially recognised at fair value. A financial asset or financial liability which is not recognised at FVTPL, is initially measured at transaction price. Transaction costs of financial assets carried at FVTPL are expensed in the revenue account.

**Classification and subsequent measurement of financial assets and financial liabilities**

Evaluation of Business Model - classification and measurement of financial assets depends on the results of business model and the sole payments of principal and interest ("SPPI") test.

As per Clause 47 of the SEBI Regulations, every mutual fund shall ensure that the AMC computes and carries out valuation of investments made by its scheme in accordance with the investment valuation norms specified in Eighth Schedule. As per Eighth Schedule, the valuation of investments shall be based on the principles of fair valuation i.e. valuation shall be reflective of the realizable value of the securities. The valuation shall be done in good faith and in true and fair manner through appropriate valuation policies and procedures.

The Scheme's portfolio of financial assets is managed, and its performance is evaluated on a fair value basis in accordance with the Scheme's documented investment strategy, together with other related financial information.

The Scheme is required to fair value investment as per SEBI Regulations. Hence, the Scheme has not performed the SPPI Test.

**Investments at fair value through profit or loss (FVTPL)**

All investments are measured at FVTPL. Investments at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in the Revenue account. The gain recognized in the Revenue account is included in the 'Gain on Fair Value Change' line item and in case of loss recognized in the Revenue account is included in the 'Loss on Fair Value Change' line item.

**Financial liabilities**

Derivative contracts that have a negative fair value are presented as liabilities at FVTPL. Interest expense and foreign exchange gains and losses are recognised in the Revenue account.

**Financial instruments not measured at fair value**

The carrying value less expected credit loss provision of other financial assets and other financial liabilities are assumed to approximate their fair values due to their short-term nature.

**De-recognition**

The Scheme derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Scheme neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Scheme enters into transactions whereby it transfers assets recognised on its Balance Sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

The Scheme derecognises a financial liability when its contractual obligations are discharged or cancelled or expired.

**Off-setting financial instruments**

Financial assets and liabilities are offset, and the net amount is presented in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

**Expected Credit Loss**

The Scheme assesses at each date of Balance Sheet whether a financial asset or a group of financial assets is impaired. The Fund recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not classified as FVTPL. ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Fund expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

ACCOUNTING POLICIES AND NOTES FORMING PART OF FINANCIAL STATEMENTS

5 Significant accounting policies

a. Determination of net asset value (NAV):

NAV of the Scheme is computed separately for units issued under the various plans / options. The Scheme's investments and other net assets are managed as a single portfolio. For computing the NAV's for various plans / options, daily income earned, including realized and unrealized gains or losses in the value of investments and derivatives and expenses incurred by the corresponding scheme are allocated to the plans / options in proportion to the net assets of immediately preceding day plus subscriptions less redemptions for the day of the respective plan / options.

Commission to distributor expenses are not allocated to the NAV of Direct Plans.

b. Unit capital:

Unit capital represents the net outstanding units at the balance sheet date, thereby reflecting all transactions relating to the period ended on that date.

c. Unit Premium Reserve

When units are issued or redeemed, the net premium or discount to the face value of unit is transferred / charged to the unit premium reserve, after an appropriate portion of the issue proceeds and redemption payout is credited or debited respectively to the equalization reserve.

d. Equalization Reserve

In case of open-ended schemes, when units are issued or redeemed, distributable surplus per unit (net of unit premium reserve) as on date of the transaction (including distributable surplus at the beginning of the year) is determined. The per units so determined is credited or debited to the equalization account on issue/redemption of each unit respectively.

e. Investments

Accounting for Investment transactions

As per the SEBI Regulations, brokerage and transaction costs (including all taxes) incurred for the purpose of execution of trade is expensed out i.e. charged to Revenue Account instead of Capitalisation. Any payment towards brokerage and transaction costs in excess of 0.12% in case of cash market transaction and 0.05% in case of derivatives transactions is charged to the Revenue account within the maximum limits of Total Expense Ratio of the Scheme. Securities transaction tax paid at the time of execution of trades is not considered to be part of the above limits.

Interest paid / received from the last interest payment date till the date of purchase / sale of investments by the schemes is not included in the cost of purchase / sale of investments. For purchase, the interest is debited to interest accrued but not due account. Similarly, for sale, interest from the last interest payment date up to the date of sale is not treated as an addition to sale value but credited to interest accrued but not due account.

Change in fair value of investments is determined separately for each category of investments. The change in the fair value, if any, between two balance sheet dates is recognised in the revenue account. However, gain in fair value change, if any, is transferred to unrealized appreciation reserve in statement of net asset attributable to unit holders.

- \* Right entitlements are recognised as investments on the ex-rights date.
- \* Bonus entitlements are recognised as investments on the ex-bonus date.
- \* Other Corporate Action entitlements are recognised on the ex-date.

f. Derivative transactions

Initial Margin paid against equity derivatives is accounted as current assets. Realized gain / loss on square off of equity derivatives are accounted as realized gain / loss on derivate transaction. If the position is not squared off or roll over until the expiry date, the outstanding derivative position is physically settled at the price at which the derivative transaction was initiated.

g. Foreign Currency Transactions

Initial recognition

Transactions in foreign currencies are translated into INR at the spot exchange rate at the dates of the transactions.

Conversion / Remeasurement

Monetary assets and liabilities denominated in foreign currencies are translated into INR at the closing spot exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in foreign currencies are also translated into INR at the spot exchange rate at the reporting date.

Exchange differences

Foreign currency differences arising on translation are recognised in profit or loss as net foreign exchange gains/losses, except for those arising on financial instruments at Fair Value through Profit or Loss (FVTPL), which are recognised as a component of net income from financial instruments at FVTPL.

All the assets and liabilities in foreign currency are converted in Indian Rupees on the basis of Foreign Exchange rate quoted on <<mention the source name>> around the time such assets and liabilities are valued (which is currently around <<Time>>).

ACCOUNTING POLICIES AND NOTES FORMING PART OF FINANCIAL STATEMENTS

h. Valuation of investments (including derivatives)

i) Equity and related securities

All traded investments are valued at the last quoted closing price on the National Stock Exchange Limited (NSE)/ BSE Limited (BSE) or other stock exchange, where such security is listed. If not traded on the primary stock exchange, the closing price on the other stock exchange is considered. NSE is the primary stock exchange.

When a security is not traded on any stock exchange, on the date of valuation, then the previous closing price on NSE / BSE or any other Stock Exchange is used, provided such closing price is not exceeding a period of 30 calendar days.

When trading in an equity/equity related security in a calendar month is both less than INR 5 lacs and the total volume is less than 50,000 shares, it shall be considered as a thinly traded security.

All non-traded and thinly traded equity investments are valued in accordance with the norms prescribed in the SEBI guidelines for valuation, i.e., valuation is computed on the basis of average of book value and the price computed on the basis of the PE ratio (after appropriate discount for lower liquidity), and using the last traded price if available.

All non-traded convertible preference share investments are valued based on underlying equity, discounted for illiquidity, if required as decided by the Valuation Committee. Redeemable Preference Shares are valued by discounting the future cash flows based on discounting rate decided by the Valuation Committee.

All equity warrants / rights entitlement / partly paid up rights shares are valued after applying appropriate discount, after reducing the exercise price / issuance price from the closing price of the underlying equity security.

ii) Futures & Options

Options are valued on the basis of Options premium received/paid which is marked to market based on the closing price provided by the respective stock exchanges. Futures contracts are valued at the last quoted closing price provided by the respective stock exchanges. When a contract is not traded on the respective stock exchange on the date of valuation, then valuation is at the settlement price provided by the respective stock exchange.

iii) Debt, Money Market and related securities

All traded and non-traded investments are valued at average of scrip level prices provided by CRISIL & ICRA LTD for individual securities.

All non-traded bonus debentures are valued at face value till receipt of scrip level valuations from CRISIL & ICRA LTD.

l. Revenue recognition:

Dividend Income is recognized on the ex-dividend date. Dividend Income on foreign securities are recognized net of applicable taxes withheld in the respective countries.

Interest Income is recognized on an accrual basis.

Further, in accordance SEBI Circular, the treatment of accrued interest and future accrual of interest in case of money market and debt securities classified as below investment grade or default is detailed below:

\* For accrued interest - Indicative haircut that has been applied to the principal is applied.

\* For future interest accrual - In securities classified as below investment grade - Interest accrual is continued with the same haircut applied to the principal.

In securities classified as default - No further interest accrual.

Profit or loss on sale / inter scheme transfer / redemption of investments represents sale proceeds less weighted average cost is recognized on a trade date basis.

The discount or premium, if any, to the maturity value of debt securities is amortized and recognized as interest amortized income or expense, as the case may be, over the period of maturity.

j. Load charges:

In accordance with the SEBI Regulations, entire amount of Exit load collected is credited to the respective Scheme net of taxes as "Other Income".

k. Investor education and awareness initiatives:

In accordance with the SEBI Regulations, the Scheme is accruing 0.02% p.a. on daily net assets towards investor education and awareness initiatives. Of the total, 0.01% is transferred to AMFI on a monthly basis and the remaining 0.01% is utilized for meeting the investor education expenses. Any unutilized amount is carried forward to the subsequent period. Interest earned, if any, by investment of unutilized amount in Fixed deposits, is credited to the investor education liability.

**l. Expenses:**

Fees and commission expenses are recognised in Revenue account as the related services are received. All expenses are accounted for on an accrual basis as per approved expenses structures of respective schemes. As per the SEBI Regulations, all scheme related expenses including commission paid to distributors are paid from the schemes within the regulatory limits defined under the SEBI Regulations and as specified in the Scheme Information Document read with Statement of Additional Information.

New fund offer expenses are borne by the AMC as per the SEBI Regulations.

Scheme are charged additional expenses not exceeding of 0.30 per cent of their daily net assets based on the new inflows from such cities as specified by SEBI. Additional expenses charged are utilized for distribution expenses incurred for bringing inflows from such cities. Effective March 1, 2023, based on AMFI directive, no expenses under this head have been accrued, for inflows received, post February 28, 2023. In case the said inflows are redeemed within a period of one year from the date of investment, the amount incurred as commission to distributor on account of inflows from such cities is credited back to the Scheme as "Other Income".

**m. Tri Party Repo (TREP's).**

TREP's are valued at cost and interest is accrued on daily basis.

**n. Income Tax:**

No income tax provision has been made as the Schemes qualifies as a recognized Mutual Fund under section 10 (23D) of the Income-tax Act, 1961.

However, some dividend and interest income received by the Scheme is subject to withholding tax imposed in certain countries of origin. Income that is subject to such tax is recognised net of the taxes and the corresponding withholding tax is not recognised as tax expense.

**o. Operating segments**

An operating segment is a component of the Scheme that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Scheme's other components, and for which discrete financial information is available. The Scheme is primarily engaged in the business of investing amounts received from investors, in accordance with their investment objectives to generate returns. Since there is only one business segment and no geographical segments, this in the context of Ind AS 108 – Operating Segments reporting is considered to constitute one reportable segment.

**p. Cash and cash equivalents**

The Scheme considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of Triparty repo which are unrestricted for withdrawal and usage.

**q. Standards issued but not yet effective**

No new standards or amendments to the existing standards are applicable to the Scheme.

**1. Financial risk review and management**

**Risk Management Framework:**

The Schemes invest in financial instruments in accordance with their respective investment management strategies. The Scheme's investment portfolio comprises listed equity securities, debt, and money market securities.

The Fund Manager has been given discretionary authority to manage the assets in line with the Scheme's investment objectives. Compliance with the mandated asset allocation mentioned in the Scheme Information Document (SID) and the composition of the portfolio are monitored by the board of directors on a quarterly basis. In the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the AMC is obliged to take actions to rebalance the portfolio within prescribed time limits.

This note presents information about the Scheme's exposure to each of the financial risks.

**A. Credit Risk:**

'Credit risk' is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered with the Scheme, resulting in a financial loss to the Scheme. It arises principally from debt securities held, and from derivative financial assets, cash, and cash equivalents, balances due from brokers. For risk management reporting purposes, the Scheme considers and aggregates all elements of credit risk exposure (such as sector risk).

The Scheme's policy over credit risk is to minimize its exposure to counterparties with perceived higher risk of default by dealing only with counterparties that meet the credit standards set out in the Scheme's SID and by taking collateral. The AMC has a specific Credit Risk Policy along with a Credit Exposure Framework outlining the investment guidelines relating to Credit Risk.

Credit risk is monitored daily by the AMC in accordance with the policies and procedures in place. The AMC monitors the limits on a daily basis and reports to the Investment team of any passive breaches. This is also presented in the Investment Committee & Risk Management Committee on a monthly basis along with stress testing results and any other credit related matters like early warning signal, yield triggers etc. The Scheme's credit risk is monitored on a quarterly basis by the board of directors. If the credit risk is not in accordance with the investment policy or guidelines of the Scheme, then the AMC is obliged to rebalance the portfolio within thirty days of each determination that the portfolio is not in compliance with the stated investment parameters.

Management analysis will be used to identify company specific risks. Management's past track record will also be studied. To assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. In the case of securitized debt instruments, the scheme will ensure that these instruments are sufficiently backed by assets.

The Scheme's activities may give rise to settlement risk. 'Settlement risk' is the risk of loss due to the failure of an entity to honor its obligations to deliver cash, securities or other assets as contractually agreed.

For the majority of transactions, settlement takes place through CCIL or clearing house. In case of counterparty trades, pruning of the counterparties used to mitigate settlement risk.

**i. Credit quality analysis.**

The Scheme's exposure to credit risk arises in respect of the following financial instruments:

- > Cash and cash equivalents:
- > Contract for sale of investment in securities and Derivative financial instruments receivable:
- > Securities Lending and Borrowing (SLB):
- > Investments in debt and money market securities; and
- > Derivative assets

**CANARA ROBECO MUTUAL FUND  
NOTES FORMING PART OF FINANCIAL STATEMENTS**

> **Cash and cash equivalents:**

The cash and cash equivalents are held with banks and in Tri Party Repo with the Clearing Corporation of India Ltd (CCIL).

> **Contract for sale of investment in securities and Derivative financial instruments receivable:**

Contract for sale of investment in Securities and Derivative financial instruments receivable represent margin accounts and sales transactions awaiting settlement. Credit risk relating to unsettled transactions is considered small due to the short settlement period involved, settlement of trades through various clearing platforms and pruning of the counterparties used.

CANARA ROBECO MUTUAL FUND  
NOTES FORMING PART OF FINANCIAL STATEMENTS

iii. Collateral and other credit enhancements, and their financial effect

The schemes have not invested in derivative instruments or in Securities Lending and Borrowing contracts.

iv. Amounts arising from Expected Credit Loss (ECL)

The Scheme continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12-month ECL (12mECL) or lifetime ECL (LTECL), the Scheme assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. The Scheme applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk, or the asset has been credit impaired.

- Historical trend of collection from counterparty
- The Scheme's contractual rights with respect to recovery of dues from counterparty
- Credit rating of counterparty and any relevant information available in public domain

ECL is a probability weighted estimate of credit losses. It is measured as the present value of cash shortfalls (i.e. the difference between the cash flows due to the Scheme in accordance with contract and the cash flows that the Scheme expects to receive).

The Scheme has following types of financial assets that are subject to the expected credit loss:

- Contract from sale of investment in securities.
- Cash and cash equivalent.
- Balance with Bank
- Switch in receivable.

Based on the experience, the AMC expects to receive these amounts in full.

v. Offsetting financial assets and financial liabilities

Financial assets and financial liabilities are offset, and the net amount presented in the balance sheet when, and only when, the scheme currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously. The Scheme has not offset any financial assets and financial liabilities during the year.

B. Liquidity risk

'Liquidity risk' is the risk that the Scheme will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Scheme's policy and the AMC's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stress conditions, including estimated redemptions of units, without incurring unacceptable losses or risking damage to the Scheme's reputation.

The Scheme's investments in listed securities are considered to be readily realizable because they are traded on major stock exchanges in India.

The Scheme's liquidity risk is managed daily by the AMC in accordance with the policies and procedures in place. The AMC has a Liquidity Risk management policy in place which outlines the investment guidelines & the risk management procedures.

The Scheme's overall liquidity risk is monitored daily by the AMC.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted and include estimated interest payments.

**Sensitivity analysis**

The sensitivity analysis reflects how net assets attributable to unit holders would have been affected by changes in the interest rate that were reasonably possible at the reporting date.

Management has determined that a fluctuation in interest rates of 50 basis points is reasonably possible, considering the economic environment in which the Scheme operates. The table below sets out the effect on the Scheme's net assets attributable to holders of unitholder of a reasonably possible increase of 50 basis points in interest rates at March 31, 2024. The impact of such an increase has been estimated by calculating the fair value changes of the debt and money market securities, less liabilities and derivatives held at March 31, 2024. The impact is primarily from the decrease in the fair value of debt and money market securities. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

**ii. Currency risk**

Not Applicable as there are no schemes investing in foreign securities.

**iii. Exposure to Other price risk**

'Other price risk' is the risk that the fair value of the financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment or its issuer or factors affecting all instruments traded in the market.

Price risk is managed by the AMC by diversifying the portfolio. Apart from SEBI investment limit restrictions, the AMC has devised its own prudent internal limits to manage risks.

The internal procedures require the AMC to manage price risk on an ongoing basis.

If the price risk is not in accordance with the investment policy or guidelines of the Scheme, then the AMC is required to rebalance the portfolio.

The following table sets out the concentration of the investment assets and liabilities, excluding derivatives held by the Scheme as at the reporting date.

All investments in debt and money market securities are fixed-income instruments that have maturities of various buckets. The Schemes expect price fluctuations for these investments to arise principally from interest rate or credit risk. As a result, the Schemes are not subject to significant other price risk on these investments.

The AMC monitors the concentration of risk for equity, debt and money market securities based on counterparties and industries. Refer Annexure II for the Scheme's investments across various industries.

**D. Operational risk**

'Operational risk' is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Scheme's activities with financial instruments, either internally within the Scheme or externally at the Scheme's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour.

The Scheme's objective is to manage operational risk so as to balance the limiting of financial losses and damage to reputation with achieving their respective investment objective of generating returns to investors.

The primary responsibility for the development and implementation of controls over operational risk rests with the AMC. This responsibility is supported by the development of overall standards for the management of operational risk, which encompasses the controls and processes at the service providers and the establishment of service levels with the service providers, in the following areas:

- documentation of controls and procedures.
- requirements for:
- appropriate segregation of duties between various functions, roles and responsibilities.
- reconciliation and monitoring of transactions; and
- periodic assessment of operational risk faced.
- the adequacy of controls and procedures to address the risks identified.
- compliance with regulatory and other legal requirements.
- development of contingency plans.
- training and professional development.
- ethical and business standards; and
- risk mitigation, including insurance if this is effective.

The AMC's assessment of the adequacy of the controls and processes in place at the service providers with respect to operational risk is carried out via regular and ad hoc discussions with the service providers and a review of the service providers' ISAE-3402 reports on internal controls, that are available, System & Cybersecurity Audit Reports.

Substantially all the assets of the Scheme are held by the two custodians HSBC and HDFC Bank. The bankruptcy or insolvency of the Scheme's custodian may cause the Scheme's rights with respect to the securities held by the custodian to be limited. The AMC monitors the credit ratings and capital adequacy of its custodian on a Half Yearly basis, and reviews the findings documented in the ISAE-3402 Audit report on the internal controls System and Cybersecurity Audit Reports as per their respective periodicity.

**E. Capital Risk Management**

The Scheme considers its net assets attributable to unit holders as capital. The amount of net assets attributable to unitholders can change significantly daily as the Scheme is subject to daily applications and redemptions at the discretion of unitholders.

Daily applications and redemptions are reviewed relative to the liquidity of the Scheme's underlying assets daily by the AMC.

NOTES FORMING PART OF FINANCIAL STATEMENTS

2. Fair Value of Financial Instruments:

A. Fair Value Hierarchy:

As per Ind AS 113, 'Fair Value Measurement', the fair values of the financial assets or financial liabilities are defined as the price that would be received on sale of asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that is either observable or unobservable. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs.

The hierarchy used is as follows:

- \* Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- \* Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). Investment in all mutual fund schemes is included in Level 2.
- \* Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

B. Accounting classification and fair valuation:

The following table shows the fair values or carrying value of investment, including their levels in the fair value hierarchy.

**4. Transferred financial assets that are not derecognised in their entirety.**

**Security Lending and Borrowing**

Security Lending and Borrowing are transactions in which the Scheme sells a security and simultaneously agrees to repurchase it (or an asset that is substantially the same) at a fixed price on a future date. The Scheme continues to recognize the securities in their entirety in the Balance Sheet because it retains substantially all the risks and rewards of ownership. The cash consideration received is recognized as a financial asset and a financial liability is recognized for the obligation to pay the repurchase price. Because the Scheme sells the contractual rights to the cash flows of the securities, it does not have the ability to use the transferred assets during the term of the arrangement.

The schemes had no exposure to Security Lending and Borrowing during the year ended 31 March 2024 and 31 March 2023 respectively.

**5. Segment Reporting**

The Scheme is primarily engaged in the business of investing amounts received from investors, in accordance with their investment objectives to generate returns. Since there is only one business segment and no geographical segments, the segmental reporting disclosures as required by IND AS 108 "Operating Segments" are not required to be made.

**6. Ind AS 101 - First time Adoption of Ind AS**

These financial statements, for the year ending March 31, 2024, are the first financial statements the Scheme, has prepared in accordance with Indian Accounting Standards ('IND AS') and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, to the extent it is not in conflict with the SEBI Regulations and guidelines issued thereunder.

For periods up to and including the year ended March 31, 2023, the Scheme prepared its financial statements in accordance with generally accepted accounting principal (Previous GAAP) in conformity with the accounting policies and standards specified in the Ninth Schedule to the SEBI Regulations and as specified by the Board from time to time. Accordingly, the Scheme has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2024, together with the comparative period data as at and for the year ended March 31, 2023, as described in the summary of material accounting policies. In preparing these financial statements, the Scheme's opening balance sheet was prepared For the Year Ended 31st March, 2022, i.e. date of transition to Ind AS. This note explains the principal adjustments made by the Scheme in restating its Previous GAAP financial statements, including the balance sheet For the Year Ended 31st March, 2022, and the financial statements as at and for the year ended March 31, 2023.

**7. Notes to Adjustment**

Under the previous GAAP and in accordance with SEBI circular, brokerage, and transaction costs (including all taxes) incurred for the purpose of execution of trade upto 0.12% in case of cash market transaction and upto 0.05% in case of derivatives transactions along with 0.10% of Securities Transaction Tax were capitalized in cost of investment.

Under Ind AS and in accordance with SEBI circular, brokerage, and transaction costs (including all taxes) incurred for the purpose of execution of trade upto 0.12% in case of cash market transaction and upto 0.05% in case of derivatives transactions along with 0.10% of Securities Transaction Tax is expensed out i.e. charged to Revenue Account instead of capitalization.

Reconciliation of equity net asset attributable to unitholders as reported under Previous GAAP and that computed under Ind AS: There is no impact on net assets attributable to unitholders due to this adjustment.

Statement of reconciliation of net profit surplus or deficit under Ind AS and Previous GAAP: There is no impact on net surplus or deficit due to this adjustment.

Reconciliation of Statement of Cash Flows - There were no material differences between statement of cash flows presented under Ind AS and Previous GAAP.

**12. Investor Education Fund (IEF) & Investor Education and Awareness Initiatives (IEAI)**

Schedule Annexed to and forming part of the Balance Sheet as at March 31, 2024 and the Revenue Account for the year/period ended on that date

As per paragraph 10.1.16 of Master circular dated 19th May 2023, an annual charge of 2 basis points (0.02% p.a.) of daily net assets, being part of total recurring expenses is set aside for Investor Education and Awareness Initiatives (IEAI) in accordance with SEBI (Mutual Funds) Regulations, 1996 as amended and circulars issued thereunder. These funds set aside are used only for meeting expenses for Investor Education and Awareness Initiatives.

Pursuant to letter no. IMD/DF2/RS/813/2016 dated January 08, 2016 issued by SEBI to AMFI, from April 1, 2016 onwards, 50% of the 2 bps accrual on daily net assets set aside by mutual funds for investor education and awareness initiative is being transferred to AMFI.

In terms of the AMFI Best Practices Guidelines Circular No. 56/2015-16, the residual 50% of the 2 bps of the IEF accrual of all the schemes of Canara Robeco Mutual Fund is set aside in a separate fund "Canara Robeco Mutual Fund – Investor Education Fund" ("IEF Fund") and all income earned on the investment of this amount is credited to IEF Fund Account and expenses incurred on investor education have been reduced from the IEF Fund.

The Fund has transferred during the year Rs.772.17 lakhs (Previous Year Rs.568.18 lakhs) to AMFI being 50% of the annual charge of IEAI of 2 basis points p.a. of daily net assets and the balance of Rs.772.17 lakhs (Previous Year Rs.568.18 lakhs) is transferred to IEF Fund.

\*\*This scheme has exposure to floating rate instruments and / or interest rate derivatives. The duration of these instruments is linked to the interest rate reset period. The interest rate risk in a floating rate instrument or in a fixed rate instrument hedged with derivatives is likely to be lesser than that in an equivalent maturity fixed rate instrument. Under some market circumstances the volatility may be of an order greater than what may ordinarily be expected considering only its duration. Hence investors are recommended to consider the unadjusted portfolio maturity of the scheme as well and exercise adequate due diligence when deciding to make their investments.

**INDEPENDENT AUDITORS' REPORT**

**Board of Trustees,  
Canara Robeco Mutual Fund**

**Report on the audit of Financial Statements**

**Opinion**

We have audited the accompanying financial statements of the of Canara Robeco Gilt 1988 Fund (the 'Scheme') which comprises the Balance Sheet as at the date of winding up of the Scheme, the Revenue Account, the statement of changes in net assets and the Cash Flow Statement for the year April 01, 2023 to the date of winding up of the scheme and notes to financial statements, including summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements of the Schemes give a true and fair view in conformity with the accounting principles generally accepted in India, including the accounting policies and standards specified in the Ninth Schedule to the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended ("the SEBI Regulations"):

- a) in the case of the Balance Sheet, of the state of affairs of the Scheme as on the date of winding up;
- b) in the case of the Revenue Account, of the Surplus/(deficit) of the Scheme for the period April 01, 2023, to the date of winding up;
- c) statement of changes in net assets attributable to unitholders of scheme as at the date of winding up; and
- d) in the case of the Cash Flow Statement, of the cash flows of the Scheme for the period upto the date of winding up.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India ("ICAI"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. In conducting the audit, we have taken into account the provisions of the SEBI Regulations, the accounting standards issued by the ICAI, as applicable, and matters which are required to be included in the audit report under the provisions of the SEBI Regulations. We are independent of the Scheme in accordance with the ethical requirements that are relevant to

our audit of the financial statements, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period.

These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

This included evaluation of entity's controls to evaluate segregation of duties and access rights being provisioned / modified based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being re-certified during the period of audit.</p> <p>We also tested key automated and manual business cycle controls and logic for system generated reports relevant to the audit; including testing of compensating controls or performed alternate procedures to assess whether there were any unaddressed IT risks that would materially impact the financial statements.</p> <p>We have also placed reliance on System and cyber security audit reports of AMC and other service providers.</p> |

**Information Other than the Financial Statements and Auditor's Report Thereon**

The Managements of Canara Robeco Asset Management Company Limited (the "Investment Manager") and the Board of Trustees are responsible for the other information. The other information comprises the Trustee Report of Canara Robeco Mutual Fund, but does not include the financial statements and our auditor's report thereon. The Trustee Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

### **Responsibilities of Management for the Financial Statements**

The Management of Canara Robeco Asset Management Company Limited (the “Investment Manager”) and the Board of Trustees are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Scheme in accordance with accounting policies and standards as specified in the Ninth Schedule of the SEBI Regulations and in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (IND AS) specified in Regulation 50(1A) of SEBI Regulations and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015 to the extent there is no conflict between the requirements of IND AS and SEBI Regulations and guidelines issued thereunder. This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the SEBI Regulations for safeguarding the assets of the Scheme and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, managements of the Investment Manager and the Board of Trustees are responsible for assessing the Scheme’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The Management of the Investment Manager and the Board of Trustees are responsible for overseeing the Scheme’s financial reporting process.

### **Auditors’ Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Scheme's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the management of the AMC, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide to the management of the AMC with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the period ended on the date of the maturity and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be

communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

1. As required by SEBI Regulation 55(4) and Clause 5(ii)(2) of the Eleventh Schedule to the SEBI Regulations, we report that:
  - (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, the Balance Sheet, the Revenue Account, the Statement of Changes in net assets of the scheme, and the Cash Flow Statement dealt with by this report are in agreement with the books of account of the Scheme; and
  - (c) The balance sheet, the revenue account, the Statement of Changes in net assets of the scheme and the cash flow statement, dealt with by this report are in agreement with the books of accounts of the Schemes.
2. In our opinion, and on the basis of information and explanations given to us, the methods used to value non-traded securities are in accordance with the SEBI Regulations and other guidelines approved by the Board of Trustees of Canara Robeco Mutual Fund and are fair and reasonable.

**1. BACKGROUND**

Canara Bank had entered into a joint venture with Orix Corporation Europe N.V. (formerly known as Robeco Groep N.V.) of Netherlands on 19th March 2007. Upon completion of all the necessary formalities, w.e.f. 10th October 2007, the sponsors of the Canara Robeco Mutual Fund (the "Fund") are Orix Corporation Europe N.V. (formerly Robeco Groep N.V.) and Canara Bank. Accordingly, Canbank Investment Management Services Ltd, the asset management company of Canbank Mutual Fund has been renamed as Canara Robeco Asset Management Company Ltd (CRAMC) and Canbank Mutual Fund has been renamed as Canara Robeco Mutual Fund. In terms thereof, Canara Bank holds 51% and OCE India Holding B.V. (formerly Robeco India Holding B.V.) holds 49% of the issued, subscribed and paid up capital of CRAMC.

KFin Technologies Pvt Limited is the Registrar and Transfer Agent for the Schemes of Canara Robeco Mutual Fund. ( Formerly known as Karvy Computershare Private Ltd )

The Hongkong and Shanghai Banking Corporation and HDFC Bank Ltd are the Custodian and Sub-Custodian respectively of the Schemes of Canara Robeco Mutual Fund.

Canara Robeco Mutual Fund (Board of Trustees) are the trustees for the Schemes of Canara Robeco Mutual Fund.

The brief details of following Canara Robeco Mutual Fund scheme is as below:

| Scheme Name             | Type of Scheme     | Investment objective of the scheme   | Fund Manager                |
|-------------------------|--------------------|--|-----------------------------|
| Canara Robeco Gilt 1988 | Close-ended scheme | The objective of the Scheme is to meet the demands of individuals and corporate investors and others who wish to invest for short term to medium term period with a flexibility of investment. | Avnish Jain<br>Suman Prasad |

Presentation of these separate Balance sheets and Revenue accounts in a columnar form is not intended to indicate that they bear any relation to each other, or are interdependent or comparable in any way.

**2. Basis of preparation of the financial statements**

The financial statements of the Scheme have been prepared on a going concern basis in accordance with Indian Accounting Standards ('IND AS') and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, to the extent it is not in conflict with the SEBI Regulations and guidelines issued thereunder.

The Scheme maintains accounts on accrual basis following the historical cost convention, except for the following items:  
certain financial instruments – fair value

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

\* Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

\* Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

\* Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The Balance Sheet and the Revenue Account have been prepared and presented in the format prescribed in the SEBI Regulations. The Scheme has elected to present cash flows from operating activities using the indirect method and items of income or expense associated with investing or financing cash flows are presented as per the requirements of Ind AS 7 'Statement of Cash Flows'. The disclosure requirements with respect to items in the Balance Sheet and the Revenue account, as prescribed in the SEBI Regulations and Ind AS, are presented by way of notes forming part of the financial statements.

The transition from Previous GAAP to Ind AS has been accounted for in accordance with Ind AS 101 "First Time Adoption of Indian Accounting Standards", w.e.f. April 01, 2023 being the transition date.

**Functional and presentation currency**

AMC has determined that the functional currency of the Scheme is INR. All amounts have been rounded off to the nearest lakh unless otherwise indicated.

**CANARA ROBECO MUTUAL FUND**  
**ACCOUNTING POLICIES AND NOTES FORMING PART OF FINANCIAL STATEMENTS**

**3 Use of estimates and judgements**

The preparation of the financial statements in conformity with Ind AS requires that the AMC make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and the income and expense for the reporting period. The actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis.

Estimates and underlying assumptions are reviewed on an ongoing basis.

The Scheme makes certain judgments and estimates for valuation of financial instruments. The AMC believes that the estimates used in the preparation of the financial statements are prudent and reasonable.

Changes in estimates are reflected in the financial statements in the period in which the changes are made and, if material, their effects are disclosed in the notes to the financial statements.

**Assumptions and estimation uncertainties:**

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2025 included in the following notes:

**a. Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques as per the valuation policy. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of the financial instruments.

**b. Provisions and contingent liabilities**

The Scheme estimates the provisions that have present obligations as a result of past events, and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Scheme uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Scheme or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**4 Financial Instruments**

**Recognition and initial measurement of financial assets and financial liabilities**

All financial assets and financial liabilities are initially recognised when the Scheme becomes a party to the contractual provisions of the instrument.

All the financial assets and financial liabilities are initially recognised at fair value. A financial asset or financial liability which is not recognised at FVTPL, is initially measured at transaction price. Transaction costs of financial assets carried at FVTPL are expensed in the revenue account.

Classification and subsequent measurement of financial assets and financial liabilities

Evaluation of Business Model - classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test.

As per Clause 47 of the SEBI Regulations, every mutual fund shall ensure that the AMC computes and carries out valuation of investments made by its scheme in accordance with the investment valuation norms specified in Eighth Schedule. As per Eighth Schedule, the valuation of investments shall be based on the principles of fair valuation i.e. valuation shall be reflective of the realizable value of the securities. The valuation shall be done in good faith and in true and fair manner through appropriate valuation policies and procedures.

The Scheme's portfolio of financial assets is managed, and its performance is evaluated on a fair value basis in accordance with the Scheme's documented investment strategy, together with other related financial information.

The Scheme is required to invest in fair value investment as per SEBI Regulations. Hence, the Scheme has not performed the SPPI Test.

**Investments at fair value through profit or loss (FVTPL)**

All investments are measured at FVTPL. Investments at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in the Revenue account. The gain recognized in the Revenue account is included in the 'Gain on Fair Value Change' line item and in case of loss recognized in the Revenue account is included in the 'Loss on Fair Value Change' line item.

**Financial liabilities**

Derivative contracts that have a negative fair value are presented as liabilities at FVTPL. Interest expense and foreign exchange gains and losses are recognised in the Revenue account.

**Financial instruments not measured at fair value**

The carrying value less expected credit loss provision of other financial assets and other financial liabilities are assumed to approximate their fair values due to their short-term nature.

**De-recognition**

The Scheme derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Scheme neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Scheme enters into transactions whereby it transfers assets recognised on its Balance Sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

The Scheme derecognises a financial liability when its contractual obligations are discharged or cancelled or expired.

**Off-setting financial instruments**

Financial assets and liabilities are offset, and the net amount is presented in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

**Expected Credit Loss**

The Scheme assesses at each date of Balance Sheet whether a financial asset or a group of financial assets is impaired. The Fund recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not classified as FVTPL. ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Fund expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

CANARA ROBECO MUTUAL FUND  
ACCOUNTING POLICIES AND NOTES FORMING PART OF FINANCIAL STATEMENTS

5 **Significant accounting policies**

**a. Determination of net asset value (NAV):**

NAV of the Scheme is computed separately for units issued under the various plans / options. The Scheme's investments and other net assets are managed as a single portfolio. For computing the NAV's for various plans / options, daily income earned, including realized and unrealized gains or losses in the value of investments and derivatives and expenses incurred by the corresponding scheme are allocated to the plans / options in proportion to the net assets of immediately preceding day plus subscriptions less redemptions for the day of the respective plan / options.

Commission to distributor expenses are not allocated to the NAV of Direct Plans.

**b. Unit capital:**

Unit capital represents the net outstanding units at the balance sheet date, thereby reflecting all transactions relating to the period ended on that date.

**c. Unit Premium Reserve**

When units are issued or redeemed, the net premium or discount to the face value of unit is transferred / charged to the unit premium reserve, after an appropriate portion of the issue proceeds and redemption payout is credited or debited respectively to the equalization reserve.

**d. Equalization Reserve**

In case of open-ended schemes, when units are issued or redeemed, distributable surplus per unit (net of unit premium reserve) as on date of the transaction (including distributable surplus at the beginning of the year) is determined. The per units so determined is credited or debited to the equalization account on issue/redemption of each unit respectively.

**e. Investments**

**Accounting for Investment transactions**

As per the SEBI Regulations, brokerage and transaction costs (including all taxes) incurred for the purpose of execution of trade is expensed out i.e. charged to Revenue Account instead of Capitalisation. Any payment towards brokerage and transaction costs in excess of 0.12% in case of cash market transaction and 0.05% in case of derivatives transactions is charged to the Revenue account within the maximum limits of Total Expense Ratio of the Scheme. Securities transaction tax paid at the time of execution of trades is not considered to be part of the above limits.

Interest paid / received from the last interest payment date till the date of purchase / sale of investments by the schemes is not included in the cost of purchase / sale of investments. For purchase, the interest is debited to interest accrued but not due account. Similarly, for sale, interest from the last interest payment date up to the date of sale is not treated as an addition to sale value but credited to interest accrued but not due account.

Change in fair value of investments is determined separately for each category of investments. The change in the fair value, if any, between two balance sheet dates is recognised in the revenue account. However, gain in fair value change, if any, is transferred to unrealized appreciation reserve in statement of net asset attributable to unit holders.

\* Right entitlements are recognised as investments on the ex-rights date.

\* Bonus entitlements are recognised as investments on the ex-bonus date.

\* Other Corporate Action entitlements are recognised on the ex-date.

**f. Derivative transactions**

Initial Margin paid against equity derivatives is accounted as current assets. Realized gain / loss on square off of equity derivatives are accounted as realized gain / loss on derivate transaction. If the position is not squared off or roll over until the expiry date, the outstanding derivative position is physically settled at the price at which the derivative transaction was initiated.

**g. Foreign Currency Transactions**

**Initial recognition**

Transactions in foreign currencies are translated into INR at the spot exchange rate at the dates of the transactions.

**Conversion / Remeasurement**

Monetary assets and liabilities denominated in foreign currencies are translated into INR at the closing spot exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in foreign currencies are also translated into INR at the spot exchange rate at the reporting date.

**Exchange differences**

Foreign currency differences arising on translation are recognised in profit or loss as net foreign exchange gains/losses, except for those arising on financial instruments at Fair Value through Profit or Loss ('FVTPL'), which are recognised as a component of net income from financial instruments at FVTPL.

All the assets and liabilities in foreign currency are converted in Indian Rupees on the basis of Foreign Exchange rate quoted on <<mention the source name>> around the time such assets and liabilities are valued (which is currently around <<Time>>).

**CANARA ROBECO MUTUAL FUND**  
**ACCOUNTING POLICIES AND NOTES FORMING PART OF FINANCIAL STATEMENTS**

**h. Valuation of investments (including derivatives)**

**i) Equity and related securities**

All traded investments are valued at the last quoted closing price on the National Stock Exchange Limited (NSE)/ BSE Limited (BSE) or other stock exchange, where such security is listed. If not traded on the primary stock exchange, the closing price on the other stock exchange is considered. NSE is the primary stock exchange.

When a security is not traded on any stock exchange, on the date of valuation, then the previous closing price on NSE / BSE or any other Stock Exchange is used, provided such closing price is not exceeding a period of 30 calendar days.

When trading in an equity/equity related security in a calendar month is both less than INR 5 lacs and the total volume is less than 50,000 shares, it shall be considered as a thinly traded security.

All non-traded and thinly traded equity investments are valued in accordance with the norms prescribed in the SEBI guidelines for valuation, i.e., valuation is computed on the basis of average of book value and the price computed on the basis of the PE ratio (after appropriate discount for lower liquidity), and using the last traded price if available.

All non-traded convertible preference share investments are valued based on underlying equity, discounted for illiquidity, if required as decided by the Valuation Committee. Redeemable Preference Shares are valued by discounting the future cash flows based on discounting rate decided by the Valuation Committee.

All equity warrants / rights entitlement / partly paid up rights shares are valued after applying appropriate discount, after reducing the exercise price / issuance price from the closing price of the underlying equity security.

**ii) Futures & Options**

Options are valued on the basis of Options premium received/paid which is marked to market based on the closing price provided by the respective stock exchanges. Futures contracts are valued at the last quoted closing price provided by the respective stock exchanges. When a contract is not traded on the respective stock exchange on the date of valuation, then valuation is at the settlement price provided by the respective stock exchange.

**iii) Debt, Money Market and related securities**

All traded and non-traded investments are valued at average of scrip level prices provided by CRISIL & ICRA LTD for individual securities.

All non-traded bonus debentures are valued at face value till receipt of scrip level valuations from CRISIL & ICRA LTD.

**i. Revenue recognition:**

Dividend Income is recognized on the ex-dividend date. Dividend income on foreign securities are recognized net of applicable taxes withheld in the respective countries.

Interest income is recognized on an accrual basis.

Further, in accordance SEBI Circular, the treatment of accrued interest and future accrual of interest in case of money market and debt securities classified as below investment grade or default is detailed below:

\* For accrued interest - Indicative haircut that has been applied to the principal is applied.

\* For future interest accrual - In securities classified as below investment grade - Interest accrual is continued with the same haircut applied to the principal.

In securities classified as default - No further interest accrual.

Profit or loss on sale / inter scheme transfer / redemption of investments represents sale proceeds less weighted average cost is recognized on a trade date basis.

The discount or premium, if any, to the maturity value of debt securities is amortized and recognized as interest amortized income or expense, as the case may be, over the period of maturity.

**j. Load charges:**

In accordance with the SEBI Regulations, entire amount of Exit load collected is credited to the respective Scheme net of taxes as "Other Income".

**k. Investor education and awareness initiatives:**

In accordance with the SEBI Regulations, the Scheme is accruing 0.02% p.a. on daily net assets towards investor education and awareness initiatives. Of the total, 0.01% is transferred to AMFI on a monthly basis and the remaining 0.01% is utilized for meeting the investor education expenses. Any unutilized amount is carried forward to the subsequent period. Interest earned, if any, by investment of unutilized amount in Fixed deposits, is credited to the investor education liability.

**ACCOUNTING POLICIES AND NOTES FORMING PART OF FINANCIAL STATEMENTS**

**i. Expenses:**

Fees and commission expenses are recognised in Revenue account as the related services are received. All expenses are accounted for on an accrual basis as per approved expenses structures of respective schemes. As per the SEBI Regulations, all scheme related expenses including commission paid to distributors are paid from the schemes within the regulatory limits defined under the SEBI Regulations and as specified in the Scheme Information Document read with Statement of Additional Information.

New fund offer expenses are borne by the AMC as per the SEBI Regulations.

Scheme are charged additional expenses not exceeding of 0.30 per cent of their daily net assets based on the new inflows from such cities as specified by SEBI. Additional expenses charged are utilized for distribution expenses incurred for bringing inflows from such cities. Effective March 1, 2023, based on AMFI directive, no expenses under this head have been accrued, for inflows received, post February 28, 2023. In case the said inflows are redeemed within a period of one year from the date of investment, the amount incurred as commission to distributor on account of inflows from such cities is credited back to the Scheme as "Other income".

**m. Tri Party Repo (TREP's).**

TREP's are valued at cost and interest is accrued on daily basis.

**n. Income Tax:**

No income tax provision has been made as the Schemes qualifies as a recognized Mutual Fund under section 10 (23D) of the Income-tax Act, 1961.

However, some dividend and interest income received by the Scheme is subject to withholding tax imposed in certain countries of origin. Income that is subject to such tax is recognised net of the taxes and the corresponding withholding tax is not recognised as tax expense.

**o. Operating segments**

An operating segment is a component of the Scheme that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Scheme's other components, and for which discrete financial information is available. The Scheme is primarily engaged in the business of investing amounts received from investors, in accordance with their investment objectives to generate returns. Since there is only one business segment and no geographical segments, this in the context of Ind AS 108 – Operating Segments reporting is considered to constitute one reportable segment.

**p. Cash and cash equivalents**

The Scheme considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of Triparty repo which are unrestricted for withdrawal and usage.

**q. Standards issued but not yet effective**

No new standards or amendments to the existing standards are applicable to the Scheme.

**Risk Management Framework:**

The Schemes invest in financial instruments in accordance with their respective investment management strategies. The Scheme's investment portfolio comprises listed equity securities, debt, and money market securities.

The Fund Manager has been given discretionary authority to manage the assets in line with the Scheme's investment objectives. Compliance with the mandated asset allocation mentioned in the Scheme Information Document (SID) and the composition of the portfolio are monitored by the board of directors on a quarterly basis. In the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMCs), the AMC is obliged to take actions to rebalance the portfolio within prescribed time limits.

This note presents information about the Scheme's exposure to each of the financial risks.

**A. Credit Risk:**

'Credit risk' is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered with the Scheme, resulting in a financial loss to the Scheme. It arises principally from debt securities held, and from derivative financial assets, cash, and cash equivalents, balances due from brokers. For risk management reporting purposes, the Scheme considers and aggregates all elements of credit risk exposure (such as sector risk).

The Scheme's policy over credit risk is to minimize its exposure to counterparties with perceived higher risk of default by dealing only with counterparties that meet the credit standards set out in the Scheme's SID and by taking collateral. The AMC has a specific Credit Risk Policy along with a Credit Exposure Framework outlining the investment guidelines relating to Credit Risk.

Credit risk is monitored daily by the AMC in accordance with the policies and procedures in place. The AMC monitors the limits on a daily basis and reports to the Investment team of any passive breaches. This is also presented in the Investment Committee & Risk Management Committee on a monthly basis along with stress testing results and any other credit related matters like early warning signal, yield triggers etc. The Scheme's credit risk is monitored on a quarterly basis by the board of directors. If the credit risk is not in accordance with the investment policy or guidelines of the Scheme, then the AMC is obliged to rebalance the portfolio within thirty days of each determination that the portfolio is not in compliance with the stated investment parameters.

Management analysis will be used to identify company specific risks. Management's past track record will also be studied. To assess financial risk a detailed assessment of the issuer's financial statements will be undertaken. In the case of securitized debt instruments, the scheme will ensure that these instruments are sufficiently backed by assets.

The Scheme's activities may give rise to settlement risk. 'Settlement risk' is the risk of loss due to the failure of an entity to honor its obligations to deliver cash, securities or other assets as contractually agreed.

For the majority of transactions, settlement takes place through CCIL or clearing house. In case of counterparty trades, pruning of the counterparties used to mitigate settlement risk.

**i. Credit quality analysis.**

The Scheme's exposure to credit risk arises in respect of the following financial instruments:

- > Cash and cash equivalents:
- > Contract for sale of investment in securities and Derivative financial instruments receivable:
- > Securities Lending and Borrowing (SLB):
- > Investments in debt and money market securities; and
- > Derivative assets

**CANARA ROBECO MUTUAL FUND**  
**NOTES FORMING PART OF FINANCIAL STATEMENTS**

> **Cash and cash equivalents:**

The cash and cash equivalents are held with banks and in Tri Party Repo with the Clearing Corporation of India Ltd (CCIL).

> **Contract for sale of investment in securities and Derivative financial instruments receivable:**

Contract for sale of investment in Securities and Derivative financial instruments receivable represent margin accounts and sales transactions awaiting settlement. Credit risk relating to unsettled transactions is considered small due to the short settlement period involved, settlement of trades through various clearing platforms and pruning of the counterparties used.

**NOTES FORMING PART OF FINANCIAL STATEMENTS**

**iii. Collateral and other credit enhancements, and their financial effect**

The schemes have not invested in derivative instruments or in Securities Lending and Borrowing contracts.

**iv. Amounts arising from Expected Credit Loss (ECL)**

The Scheme continuously monitors all financial assets subject to ECLs. In order to determine whether an instrument is subject to 12-month ECL (12mECL) or lifetime ECL (LTECL), the Scheme assesses whether there has been a significant increase in credit risk or the asset has become credit impaired since initial recognition. The Scheme applies following quantitative and qualitative criteria to assess whether there is significant increase in credit risk, or the asset has been credit impaired.

- Historical trend of collection from counterparty
- The Scheme's contractual rights with respect to recovery of dues from counterparty
- Credit rating of counterparty and any relevant information available in public domain

ECL is a probability weighted estimate of credit losses. It is measured as the present value of cash shortfalls (i.e. the difference between the cash flows due to the Scheme in accordance with contract and the cash flows that the Scheme expects to receive).

The Scheme has following types of financial assets that are subject to the expected credit loss:

- Contract from sale of investment in securities.
- Cash and cash equivalent.
- Balance with Bank
- Switch in receivable.

Based on the experience, the AMC expects to receive these amounts in full.

**v. Offsetting financial assets and financial liabilities**

Financial assets and financial liabilities are offset, and the net amount presented in the balance sheet when, and only when, the scheme currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously. The Scheme has not offset any financial assets and financial liabilities during the year.

**B. Liquidity risk**

'Liquidity risk' is the risk that the Scheme will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Scheme's policy and the AMC's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stress conditions, including estimated redemptions of units, without incurring unacceptable losses or risking damage to the Scheme's reputation.

The Scheme's investments in listed securities are considered to be readily realizable because they are traded on major stock exchanges in India.

The Scheme's liquidity risk is managed daily by the AMC in accordance with the policies and procedures in place. The AMC has a Liquidity Risk management policy in place which outlines the investment guidelines & the risk management procedures.

The Scheme's overall liquidity risk is monitored daily by the AMC.

The table above shows the undiscounted cash flows of the Scheme's financial liabilities based on their earliest possible contractual maturity. The Scheme's expected cash flows on these instruments do not vary significantly from this analysis.

The Scheme manages its liquidity risk by following minimum liquidity requirement for open ended equity and debt schemes.

**C. Market risk**

'Market risk' is the risk that changes in market prices – e.g. interest rates, equity prices and credit spreads – will affect the Scheme's income or the fair value of investment held.

The Scheme's strategy for management of market risk is driven by the Scheme's investment objective as mentioned in the accounting policy,

The Scheme's market risk is managed daily by the AMC in accordance with the policies and procedures in place. The AMC has Credit Risk, Liquidity Risk, Stress Testing & Investment policies which cover the scheme's market risk along with management thereof. The Scheme's market positions are monitored daily by the AMC.

**i. Interest rate risk**

The Scheme is exposed to the risk that the fair value or future cash flows of its investment will fluctuate because of changes in market interest rates. In respect of the Scheme's interest-bearing financial instruments, the AMC has Credit Risk, Liquidity Risk, Stress Testing & Investment policies which cover the schemes Interest risk along with management thereof.

The internal procedures require the AMC to manage interest rate risk on an ongoing basis in accordance with the policies and procedures in place. If the interest rate risk is not in accordance with the investment policy or guidelines of the Scheme, then the investment manager is required to rebalance the portfolio.

**Exposure to interest rate risk**

A summary of the Scheme's investments that are exposed to interest rate is as follows

(Rs. In Lakhs)

|                    | Canara Robeco Gilt 1988 |
|--------------------|-------------------------|
| September 26, 2023 | -                       |

For debt and money market securities, the Scheme aims to maintain a Macaulay duration as per the investment objective of the scheme stated in the Scheme Information Document. At the reporting date, Macaulay Duration of the schemes is as follows.

**Sensitivity analysis**

The sensitivity analysis reflects how net assets attributable to unit holders would have been affected by changes in the interest rate that were reasonably possible at the reporting date.

Management has determined that a fluctuation in interest rates of 50 basis points is reasonably possible, considering the economic environment in which the Scheme operates. The table below sets out the effect on the Scheme's net assets attributable to holders of unitholder of a reasonably possible increase of 50 basis points in interest rates at September 26, 2023. The impact of such an increase has been estimated by calculating the fair value changes of the debt and money market securities, less liabilities and derivatives held at September 26, 2023. The impact is primarily from the decrease in the fair value of debt and money market securities. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

| Particulars   | (Rs. In Lakhs)     |                |
|---|--------------------|----------------|
|   | September 26, 2023 | March 31, 2023 |
| Net assets attributable to holders of unitholders                         | 3,446.19           | 3,347.30       |
| Effect in %   | -0.0013%           | -1.74%         |
| Net assets attributable to holders of unitholders                         | 3,446.15           | 3,289.17       |
| Increase/ (decrease) in net assets attributable to holders of unitholders | (0.04)             | (58.14)        |

A decrease in the interest rate of 50 basis points at September 26, 2023 and March 31, 2023 would result in an equal but opposite effect to the amounts shown above.

**ii. Currency risk**

Not Applicable as there are no schemes investing in foreign securities.

**iii. Exposure to other market price risk**

'Other market price risk' is the risk that the fair value of the financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment or its issuer or factors affecting all instruments traded in the market.

Price risk is managed by the AMC by diversifying the portfolio. Apart from SEBI investment limit restrictions, the AMC has devised its own prudent internal limits to manage risks.

The internal procedures require the AMC to manage price risk on an ongoing basis.

If the price risk is not in accordance with the investment policy or guidelines of the Scheme, then the AMC is required to rebalance the portfolio.

The following table sets out the concentration of the investment assets and liabilities, excluding derivatives held by the Scheme as at the reporting date.

**D. Operational risk**

'Operational risk' is the risk of direct or indirect loss arising from a wide variety of causes associated with the processes, technology and infrastructure supporting the Scheme's activities with financial instruments, either internally within the Scheme or externally at the Scheme's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour.

The Scheme's objective is to manage operational risk so as to balance the limiting of financial losses and damage to reputation with achieving their respective investment objective of generating returns to investors.

The primary responsibility for the development and implementation of controls over operational risk rests with the AMC. This responsibility is supported by the development of overall standards for the management of operational risk, which encompasses the controls and processes at the service providers and the establishment of service levels with the service providers, in the following areas:

- documentation of controls and procedures.
- requirements for:
- appropriate segregation of duties between various functions, roles and responsibilities.
- reconciliation and monitoring of transactions; and
- periodic assessment of operational risk faced.
- the adequacy of controls and procedures to address the risks identified.
- compliance with regulatory and other legal requirements.
- development of contingency plans.
- training and professional development.
- ethical and business standards; and
- risk mitigation, including insurance if this is effective.

The AMC's assessment of the adequacy of the controls and processes in place at the service providers with respect to operational risk is carried out via regular and ad hoc discussions with the service providers and a review of the service providers' ISAE-3402 reports on internal controls, that are available, System & Cybersecurity Audit Reports.

Substantially all the assets of the Scheme are held by the two custodians HSBC and HDFC Bank. The bankruptcy or insolvency of the Scheme's custodian may cause the Scheme's rights with respect to the securities held by the custodian to be limited. The AMC monitors the credit ratings and capital adequacy of its custodian on a Half Yearly basis, and reviews the findings documented in the ISAE-3402 Audit report on the internal controls System and Cybersecurity Audit Reports as per their respective periodicity.

**E. Capital Risk Management**

The Scheme considers its net assets attributable to unit holders as capital. The amount of net assets attributable to unitholders can change significantly daily as the Scheme is subject to daily applications and redemptions at the discretion of unitholders.

Daily applications and redemptions are reviewed relative to the liquidity of the Scheme's underlying assets daily by the AMC.

**2. Fair Value of Financial Instruments:**

**A. Fair Value Hierarchy:**

As per Ind AS 113, 'Fair Value Measurement', the fair values of the financial assets or financial liabilities are defined as the price that would be received on sale of asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that is either observable or unobservable. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs.

The hierarchy used is as follows:

- \* Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- \* Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). Investment in all mutual fund schemes is included in Level 2.

**CANARA ROBECO MUTUAL FUND  
NOTES FORMING PART OF FINANCIAL STATEMENTS**

\* Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**B. Accounting classification and fair valuation:**

The following table shows the fair values or carrying value of investment, including their levels in the fair value hierarchy.

**4. Transferred financial assets that are not derecognised in their entirety.**

**Security Lending and Borrowing**

Security Lending and Borrowing are transactions in which the Scheme sells a security and simultaneously agrees to repurchase it (or an asset that is substantially the same) at a fixed price on a future date. The Scheme continues to recognize the securities in their entirety in the Balance Sheet because it retains substantially all the risks and rewards of ownership. The cash consideration received is recognized as a financial asset and a financial liability is recognized for the obligation to pay the repurchase price. Because the Scheme sells the contractual rights to the cash flows of the securities, it does not have the ability to use the transferred assets during the term of the arrangement.

The schemes had no exposure to Security Lending and Borrowing during the year ended 31 March 2024 and 31 March 2023 respectively.

**5. Segment Reporting**

The Scheme is primarily engaged in the business of investing amounts received from investors, in accordance with their investment objectives to generate returns. Since there is only one business segment and no geographical segments, the segmental reporting disclosures as required by IND AS 108 "Operating Segments" are not required to be made.

**6. Ind AS 101 - First time Adoption of Ind AS**

These financial statements, for the year ending September 26, 2023, are the first financial statements the Scheme, has prepared in accordance with Indian Accounting Standards ('IND AS') and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, to the extent it is not in conflict with the SEBI Regulations and guidelines issued thereunder.

For periods up to and including the year ended March 31, 2023, the Scheme prepared its financial statements in accordance with generally accepted accounting principal (Previous GAAP) in conformity with the accounting policies and standards specified in the Ninth Schedule to the SEBI Regulations and as specified by the Board from time to time. Accordingly, the Scheme has prepared financial statements which comply with Ind AS applicable for periods ending on September 26, 2023, together with the comparative period data as at and for the year ended March 31, 2023, as described in the summary of material accounting policies. In preparing these financial statements, the Scheme's opening balance sheet was prepared For the Year Ended 31st March, 2022, i.e. date of transition to Ind AS. This note explains the principal adjustments made by the Scheme in restating its Previous GAAP financial statements, including the balance sheet For the Year Ended 31st March, 2022, and the financial statements as at and for the year ended March 31, 2023.

**7. Notes to Adjustment**

Under the previous GAAP and in accordance with SEBI circular, brokerage, and transaction costs (including all taxes) incurred for the purpose of execution of trade upto 0.12% in case of cash market transaction and upto 0.05% in case of derivatives transactions along with 0.10% of Securities Transaction Tax were capitalized in cost of investment.

Under Ind AS and in accordance with SEBI circular, brokerage, and transaction costs (including all taxes) incurred for the purpose of execution of trade upto 0.12% in case of cash market transaction and upto 0.05% in case of derivatives transactions along with 0.10% of Securities Transaction Tax is expensed out i.e. charged to Revenue Account instead of capitalization.

Reconciliation of equity net asset attributable to unitholders as reported under Previous GAAP and that computed under Ind AS: There is no impact on net assets attributable to unitholders due to this adjustment.

Statement of reconciliation of net profit surplus or deficit under Ind AS and Previous GAAP: There is no impact on net surplus or deficit due to this adjustment.

Reconciliation of Statement of Cash Flows - There were no material differences between statement of cash flows presented under Ind AS and Previous GAAP.

**12. Investor Education Fund (IEF) & Investor Education and Awareness Initiatives (IEAI)**

Schedule Annexed to and forming part of the Balance Sheet as at March 31, 2024 and the Revenue Account for the year/period ended on that date

As per paragraph 10.1.16 of Master circular dated 19th May 2023, an annual charge of 2 basis points (0.02% p.a.) of daily net assets, being part of total recurring expenses is set aside for Investor Education and Awareness Initiatives (IEAI) in accordance with SEBI (Mutual Funds) Regulations, 1996 as amended and circulars issued thereunder. These funds set aside are used only for meeting expenses for Investor Education and Awareness Initiatives.

Pursuant to letter no. IMD/DF2/RS/813/2016 dated January 08, 2016 issued by SEBI to AMFI, from April 1, 2016 onwards, 50% of the 2 bps accrual on daily net assets set aside by mutual funds for investor education and awareness initiative is being transferred to AMFI.

In terms of the AMFI Best Practices Guidelines Circular No. 56/2015-16, the residual 50% of the 2 bps of the IEF accrual of all the schemes of Canara Robeco Mutual Fund is set aside in a separate fund "Canara Robeco Mutual Fund – Investor Education Fund" ("IEF Fund") and all income earned on the investment of this amount is credited to IEF Fund Account and expenses incurred on investor education have been reduced from the IEF Fund.

The Fund has transferred during the year Rs.772.17 lakhs (Previous Year Rs.568.18 lakhs) to AMFI being 50% of the annual charge of IEAI of 2 basis points p.a. of daily net assets and the balance of Rs.772.17 lakhs (Previous Year Rs.568.18 lakhs) is transferred to IEF Fund.

## Report on Implementation of principles enlisted in the Canara Robeco Stewardship Code for the period 1<sup>st</sup> April 2023 to 31<sup>st</sup> March 2024

We have constituted the Stewardship Committee to ensure the stewardship responsibilities are discharged without any conflict of interest. Effective monitoring of the investee companies were done by having discussions with the management, voting etc. During the period 1<sup>st</sup> April 2023 to 31<sup>st</sup> March 2024 we had 812 interactions/calls with the management of investee companies.

The company has a well-defined conflict of interest policy that is strictly adhered to. However, during this period, there were no instances where actual / potential conflict of interest had to be reported to and addressed by Investment committee, while discharging stewardship responsibilities in any of the investee companies.

Process to monitor investee companies are in place and the stewardship committee is responsible for the supervision of monitoring of the investee companies. During this period there were no instances where the Stewardship Committee had to approach the Investment committee to initiate actions against the investee companies.

Process for active interventions and collaboration with other institutional investors is in place. However, during this period, no need arose for the Stewardship Committee to actively intervene or collaborate with other investors in respect of any investee companies.

The investment team strictly follows the guidelines for voting on the resolution of the investee companies as specified in the approved Canara Robeco Voting policy. During the period 1<sup>st</sup> April 2023 to 31<sup>st</sup> March 2024 we voted on 1653 resolutions in 198 companies.

| April to June 2023 | 14/04/2023 | Sobha Ltd.  | POSTAL BALLOT | MANAGEMENT | Approve payment of remuneration/commission to Non-Executive Directors upto 5% of net profits for five years from 1 April 2023 (FY24)                                                                      | FOR | AGAINST | In the past, in addition to sitting fees, the company has paid commission ranging from 0.1% to 0.9% of standalone PBT. The company proposes to pay remuneration/commission of upto 5% of net profits to non-executive directors. While remuneration/commission paid in the past is commensurate with the responsibilities of the Non-Executive Directors, we believe the threshold of 5% is significantly high. We note that the company has seen constrained profitability since FY21, however, the company should have sought approval to pay remuneration/commission to non-executive directors upto a specific amount in case of inadequate profits. The company must consider an absolute cap on the remuneration payable to directors. Further, we raise concern that Ravi PNC Menon, promoter, who will be classified as Non-Executive Director from 1 April 2023, is a member of the Nomination and Remuneration Committee, which is an inherent conflict of interest.                                                                                                                         |
| April to June 2023 | 14/04/2023 | Sobha Ltd.  | POSTAL BALLOT | MANAGEMENT | Approve payment of remuneration to Ravi PNC Menon (DIN: 02070036) as Non-Executive Director and Chairperson in excess of 50% of total annual remuneration payable to all Non-Executive Directors for FY24 | FOR | FOR     | Ravi PNC Menon, 41, is part of the promoter family of Sobha Ltd and is presently the Executive Chairperson of the company. He will be redesignated as Non-Executive Chairperson w.e.f. 1 April 2023; due to personal reasons. In the 2021 AGM, shareholders approved his remuneration to be in excess of Rs 50.0 mn or 2.5% of the net profits of the company, whichever is higher. In the current resolution, the company states that the remuneration payable to him may exceed 50% of the aggregate remuneration payable to all non-executive directors subject to a limit of 5% of the net profits of the company: we believe a threshold of 5% is high for a single non-executive director. However, the company has clarified that, he will not be eligible to receive any commission/remuneration as Non-Executive Director: payments will only be in the form of reimbursements for travel, accommodation, car, telephone and medical reimbursements. As a promoter, he will be involved in building the SOBHA brand and as an advisor to the management and therefore support the resolution. |

The other shareholders of HGIL will be given one share of Greenlam Industries for every 2 shares held. Greenlam's holding in HGIL will stand cancelled. At current market prices, this pegs the value of HGIL at Rs 312.7 mn, which is almost 3x the valuation of the December 2021 purchase of the initial 74.9%. The basis for a 3x increase in valuations is unclear given that HGIL has not had any operations since February 2008 and has been incurring losses for the past three years at least. The valuation of HGIL is based primarily on its future cash flows where there is a plan to spend Rs. 1250 mn on a setting up of a manufacturing plant in Tamil Nadu. Given HGIL's weak financial profile, we understand that HGIL's proposed greenfield expansion will be funded by Greenlam and debt. We argue that HGIL's value has been derived solely from this expansion that is to be funded by Greenlam and the proposed merger. Other than the volatility in the stock price of HGIL over the span of two years and a proposed greenfield project (to be funded by Greenlam and debt), there is no clarity on the valuation of both the stake purchases (with the current scheme factoring a value per share which is 3x the initial equity valuation). |

| April to June 2023 | 25/04/2023 | CreditAccess Grameen Ltd.  | POSTAL BALLOT | MANAGEMENT | Approve extension of tenure of Udaya Kumar Hebbar as Managing Director and Chief Executive Officer for a further term of two years from 26 June 2023, and fix his remuneration                                                | FOR | FOR     | Udaya Kumar Hebbar was paid a remuneration of Rs. 50.2 mn for FY22 including variable pay and the fair value of stock options granted to him in the year. His cash remuneration was 67.6x the median employee remuneration. His remuneration in FY20 grew by 20% while the median remuneration grew by 13.3%. We estimate his proposed remuneration for FY24 to be a maximum of Rs 85.9 mn (after factoring variable pay and fair value of the ESOPs granted to him) and expect the company will continue to be judicious with future payouts as it has been in the past.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| April to June 2023 | 25/04/2023 | Linde India Ltd.                        | POSTAL BALLOT | MANAGEMENT | Appoint Michael James Devine (DIN: 10042702) as Non-Executive Non-Independent Director, liable to retire by rotation, from 15 February 2023 | FOR | AGAINST | Michael James Devine, 54, is an Associate General Counsel of Linde Plc and is currently heading the M&A Legal department for Linde Plc. He has also served as Chief Transactions Counsel of Linde Plc and Praxair Inc. He was also involved in the merger of Praxair Inc and Linde AG. The board has not addressed minority investor concerns over an extended period of time regarding Linde India and Praxair India Private Limited. As both Linde and Praxair are fellow subsidiaries in the same business, minority investors have said these need to be merged. Alternatively, the companies should publish a charter regarding how they will pursue their individual strategies while managing conflicts.                                                                                                                                                                                                                 |

The shareholding of UTI was subsequently transferred to the Administrator of the Specified Undertaking of the Unit Trust of India. Over the years, due to various rounds of capital raising by the bank and due to sale of shares of the bank by SUUTI from time to time, the shareholding of SUUTI as on 24 March 2023 has reduced to 0.02%. Since then, SUUTI has withdrawn its nominee director on the board of the bank, surrendered its right to appoint one nominee director on the board and made a request to exit from "promoter" category to "public" category. Axis Bank requests shareholder approval to make the necessary amendments to its Articles of Association as regards cancellation of nomination rights of SUUTI and other consequential changes. Proposed amendments are not prejudicial to the interest of minority shareholders. |
| April to June 2023 | 28/04/2023 | Housing Development Finance Corpn. | April to June 2023 | 02/05/2023 | Reliance Industries Ltd. | NCM | MANAGEMENT | Approve scheme of arrangement for demerger of Reliance Industries Limited's (RIL) financial services business into Reliance Strategic Investments Limited (RSIL) | FOR | FOR | RIL proposes to demerge its financial services business (including its holding in Reliance Industrial Investments and Holdings Limited (RIIHL)) into its wholly owned subsidiary RSIL. All shareholders of RIL will be issued one fully paid-up equity share of face value Rs 10 each in RSIL for one fully paid-up equity share of face value Rs 10 each held in RIL. We note that RIIHL is the ultimate beneficiary of ~6.1% equity stake in RIL through its interest in Petroleum Trust and Reliance Services and Holdings Limited (RSHL). Thus, as per provisions of the Companies Act, Petroleum Trust and RSHL will not be issued any shares of RSIL. Therefore, public shareholding in RSIL will be ~54.2% (as compared to ~50.9% in RIL). Immediately upon issuance of the shares, the current shareholding of RIL in RSIL will be cancelled. RSIL will be renamed as Jio Financial Services Limited, and its shares will be listed on the exchanges post the demerger process. The proposed demerger will help RIL unlock the value of its financial services business, which carries a separate risk profile. |
| April to June 2023 | 03/05/2023 | UNO Minda Limited.       | NCM | MANAGEMENT | Approve scheme of amalgamation between Minda I Connect Private Limited (MIPL) and Uno Minda Limited                                                              | FOR | FOR | The company had sought shareholder approval in Jan 2022 to amalgamate MIPL – a promoter group company, with itself, to expand their business in automotive components and the shareholders had approved this transaction. The company now seeks shareholder approval to approve the modification in the share exchange ratio in the scheme, as a result of the 1:1 bonus issue by Uno Minda Limited. The company has faced several delays in obtaining regulatory approvals on account of Covid-19 related lockdowns. We support the modified scheme as this is in line with our initial views on this transaction. We continue to believe that the merger will ensure that the promoters are not running a competing business. Further, the dilution to existing shareholders of Uno Minda Limited is low at 0.1%.                                                                                                                                                                                                                                                                                                     |

He is responsible for building the McDonald brand in India. Amit Jatia has served on the board of erstwhile Inox Leisure for more than ten years and was serving on its board up till its merger with and into PVR in February 2023. The promoters of Inox hold ~17% in the merged entity and are classified as one of the promoters of the merged entity. We consider Amit Jatia Non-Independent on account of his long-term association for more than ten years with the promoters of Inox Leisure and hence do not support the resolution.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

Public sources indicate that Khaitan & Co. were legal advisors to Inox and PVR in the recent scheme of arrangement for merger of Inox Leisure into PVR, leading to a potential conflict of interest. Haigreve Khaitan will serve on the boards of seven listed companies (including PVR Limited: subject to shareholder approval). Given their full-time responsibilities, regulations allow whole-time directors of listed companies to be independent directors in a maximum of three listed companies. Further, we believe that, as Senior Partner, Khaitan & Co., his responsibilities are equivalent to a whole-time directorship. Therefore, his high number of directorships on listed companies are not in keeping with the spirit of the regulation. Haigreve Khaitan has served on the board of Inox Leisure for more than ten years and was serving on its board up till its merger with and into PVR in February 2023. The promoters of Inox hold ~17% in the merged entity and are classified as one of the promoters of the merged entity. We consider him non-Independent on account of his long-term association for more than ten years with the promoters of Inox Leisure. |

He has been working with Grant Thornton for the last twenty years. He has served on the board of erstwhile Inox Leisure (now merged with and into PVR) since February 2020. We have considered his overall association with one of the promoters of the merged entity to calculate his tenure. Public sources and Grant Thornton's February 2023 annual Deal tracker indicate that Grant Thornton has advised both Inox and PVR. The notice states that the combined business may be required to borrow additional funds in the form of secured loans, from banks or financial institutions to grow the business and to ensure smooth operations. Accordingly, the company proposes to create charge/pledge/hypothecate on movable or immovable properties of the company to secure borrowings upto Rs. 30.0 bn. We recognize that secured loans generally have easier repayment terms, less restrictive covenants, and lower interest rates.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| April to June 2023 | 20/05/2023 | Mahindra Lifespace Developers Ltd. | POSTAL BALLOT | MANAGEMENT | Appoint Amit Kumar Sinha (DIN: 09127387) as Managing Director and CEO for five years from 23 May 2023, liable to retire by rotation and fix his remuneration | FOR | AGAINST | We estimate Amit Sinha's remuneration at Rs. 115.2 mn (including stock options at FV), which is high for the size of the business. Further, majority of his remuneration is fixed (including stock options at FV) and the company should endeavour to increase the variable component to align executive remuneration with company performance. Mahindra LifeSpace's current Managing Director was paid a remuneration of Rs. 47.1 mn in FY22 (including fair value of 0.4 mn stock options granted in October 2020 at market price spread across three years of served tenure. These stock options were subsequently adjusted for bonus issue in FY22). We recognize that Amit Sinha's remuneration from Mahindra and Mahindra Limited as President- Group Strategy aggregated Rs. 108.5 mn in FY22 – and therefore, his remuneration will likely be higher in FY24 as Managing Director of Mahindra LifeSpace. Even so, we believe his remuneration should have been structured based on achievement of milestones, rather than have most of it as assured or fixed pay. The NRC must disclose how it has benchmarked Amit Kumar Sinha's remuneration against peers. We believe his proposed remuneration from Mahindra Lifespace is high when compared to the company's size and his responsibility. We raise concern that the proposed resolution allows for a wide range of remuneration – at the maximum, Amit Kumar Sinha's remuneration could aggregate over Rs. 250 mn. |

Vesting of the stock options shall be performance based; linked to the employee having achieved minimum rating requirement for the financial year and fulfillment of revenue milestone and EBITDA milestone as may be determined by the NRC. While the company has provided broad vesting criteria, we expect Greenlam to disclose granular details and targets for the same. Notwithstanding, we support the scheme given that vesting is linked to performance, which establishes alignment of interests between employees and shareholders. |

Wuppermann Staal Nederland BV (WSNBV) is a joint venture of Wuppermann Group and Tata Steel. WSNBV is primarily engaged in the business of innovation and steel processing, with a diverse product range including flat products, tubes and tube components made of steel. The transactions will be for sale of goods such as finished / semi-finished steel products etc. between TSIBV and WSNBV. The proposed transactions are operational in nature, in the ordinary course of business and at arm's length price. Even so, the company must disclose the past transactions that have taken place between TSIBV and WSNBV.                                                                                                                                                                     |
| April to June 2023 | 29/05/2023 | Tata Steel Ltd. | POSTAL BALLOT | MANAGEMENT | Approve material related party transactions between TS Global Procurement Company Pte. Ltd. (TSGPL, wholly owned subsidiary) and Tata NYK Shipping Pte. Ltd. (TNYK, joint venture company) aggregating upto Rs. 12.5 bn for FY24 | FOR | FOR | Tata NYK Shipping Pte Ltd (TNYK) is a joint venture with NYK Line, a Japanese shipping company. It was set up in 2007 and is engaged primarily in the business of offering long-term voyage and time charters to its customers through customized freight structures. TSGPL supplies raw materials such as coal, fluxes etc to Tata Steel and its group companies. TNYK provides the freight and logistic services required for supplying these raw materials to Tata Steel and its group companies. Accordingly, the company seeks approval for transactions of upto Rs 12.5 bn between TSGPL and TNYK during FY24. The transactions will be for freight and logistic services for supplying raw materials such as coal, fluxes etc to Tata Steel and its group companies. The proposed transactions are operational in nature, in the ordinary course of business and at arm's length price.                                                                                                                                            |

| April to June 2023 | 29/05/2023 | Tata Steel Ltd. | POSTAL BALLOT | MANAGEMENT | Approve material related party transactions with Neelachal Ispat Nigam Ltd (NINL) aggregating to Rs. 118.0 bn for FY24                | FOR | FOR | NINL is an indirect subsidiary of Tata Steel Limited. The transactions will be for (i) operational transactions of upto Rs 110. bn including: purchase of goods (including rebar, raw materials, billets, steel scrap, power), sale of goods (including iron ore, coal, fluxes, scrap, finished / semi-finished steel products, stores, spares), rendering of service, receipt of service and other transactions for business purpose from/to NINL; and (ii) infusion of funds in NINL of upto Rs 8.0 bn. While the proposed limits for operational transactions are high compared to FY23 levels, we recognize that NINL's Kalinganagar plant's blast furnace was restarted only in October 2022 and therefore FY23 numbers were effectively for half year. The proposed transactions are operational in nature, in the ordinary course of business and at arm's length price.                                                                                                                                                                                                                                        |

The transactions will be for (i) operational transactions of upto Rs 62.27 bn including: purchase and sale of goods, rendering of service, receipt of service and other transactions for business purpose; and (ii) provide inter corporate loans to TBSPL for working capital needs up to Rs. 1.55 bn by replacing its existing bank lines (as part of treasury operations). In FY23, the transactions amounted to Rs. 20.1 bn and were largely operational in nature. We recognize that the company is providing intercorporate loans of Rs 1.55 bn to meet the working capital needs of TBSPL. Even so, the company must clarify whether the JV partner will provide funds in the ratio of their shareholding. Nevertheless, the approval is sought for one year and the proposed transactions are operational in nature, in the ordinary course of business and at arm's length price. |
| April to June 2023 | 29/05/2023 | Tata Steel Ltd. | POSTAL BALLOT | MANAGEMENT | Approve material related party transactions with Tata International Limited (TIL) aggregating upto Rs. 17.7 bn for FY24               | FOR | FOR | Tata International Limited (TIL) is a subsidiary company of Tata Sons Private Limited (promoter company of Tata Steel Limited). TIL is a trading and distribution company with a network of offices and subsidiaries spanning more than 29 countries across the globe. The metal trading business of TIL serves customers with key products such as steel, pig iron, scrap and customized engineering products. As part of minerals trading, TIL also caters to customer needs by trading in steam coal, coking coal, iron ore, base metals, sponge iron and ferro alloys. The proposed transactions will include sale and purchase transactions such as sale of Direct Reduced Iron, Coils, Sheets, Slab, Coal, and purchase of Manganese Metal Flakes, rendering and receipt of services and other transactions for the purpose of business to / from TIL. The proposed limit of Rs. 17.7 bn for FY24 is ~0.73% of Tata Steel's consolidated FY22 turnover. The transactions are operational in nature, in the ordinary course of business and at arm's length.                                                      |

| April to June 2023 | 29/05/2023 | Tata Steel Ltd. | POSTAL BALLOT | MANAGEMENT | Approve material related party transactions with Tata Metaliks Limited(TML) aggregating upto Rs. 22.3 bn for FY24                   | FOR | FOR | Tata Metaliks Ltd. (TML) is a 60.03% listed subsidiary of Tata Steel Limited and is primarily in the business of producing pig iron and ductile iron pipes in India with a plant capacity of 6 lakh tonnes per annum of hot metals. The proposed transaction will involve purchase of goods, sale of goods, rendering of service, receipt of service, and other transactions for business purposes. Such transactions amounted to Rs. 4.9 bn in FY23. The proposed transactions are operational in nature, in the ordinary course of business and at arm's length. In September 2022, Tata Steel announced the plan to merge seven metal companies of the Tata Group into Tata Steel Ltd. Tata Metaliks is one of the companies proposed to be merged. On completion of the merger the RPTs will no longer be needed.                                                                                                                                                                                                                                                                                                     |
| April to June 2023 | 29/05/2023 | Tata Steel Ltd. | POSTAL BALLOT | MANAGEMENT | Approve material related party transactions with Tata Steel Long Products Limited (TSLPL) aggregating upto Rs. 79.42 bn for FY24    | FOR | FOR | TSL holds ~74.9% equity shares and 100% preference shares in TSLPL. The transactions will be for sale of goods, purchase of goods, rendering of services, receipt of services and other transactions for business purposes. Such transactions amounted to Rs. 37.1 bn in FY23. While the resolution is enabling and seeks approval for other transactions, we recognize that in the past three years there have been no related party transactions classified as other transactions. The proposed transactions are operational in nature, in the ordinary course of business and at arm's length price.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

| April to June 2023 | 29/05/2023 | Tata Steel Ltd. | POSTAL BALLOT | MANAGEMENT | Approve material related party transactions with TM International Logistics Limited (TMILL) aggregating upto Rs. 33.08 bn for FY24                                                                                      | FOR | FOR | TM International Logistics Limited (TMILL) is a 51% Joint-Venture company of Tata Steel Limited. TMILL is primarily in the business of providing diverse logistics services to its customers, storage and logistics, purchase of goods, sale of goods, rendering of service, and other transactions for business purposes up to Rs. 32.89 bn in FY24. Tata Steel will also provide ICDs of revolving nature up to Rs. 0.19 bn in FY24. In FY23 the transactions amounted to Rs. 13.0 bn and were largely operational in nature. We recognize that the company is providing intercorporate loans of Rs 0.19 bn to meet the working capital needs of TMILL. Even so, the company must clarify whether the JV partner will provide funds in the ratio of their shareholding. Nevertheless, the approval is sought for one year and the proposed transactions are operational in nature, in the ordinary course of business and at arm's length price. |
| April to June 2023 | 29/05/2023 | Tata Steel Ltd. | POSTAL BALLOT | MANAGEMENT | Approve material related party transactions with TS Global Procurement Company Pte Ltd. (wholly owned subsidiary) and Neelachal Ispat Nigam Limited (indirect subsidiary company) aggregating upto Rs. 33.0 bn for FY24 | FOR | FOR | TS Global Procurement Company Pte Ltd (TSGPL) is an indirect wholly-owned foreign subsidiary of Tata Steel Limited engaged primarily in trading and distribution of raw materials such as coal, fluxes, coke. Neelachal Ispat Nigam Ltd (NINL), is an indirect subsidiary of Tata Steel Limited. The transactions will be for sale of raw materials and provide support services by TSGPL to NINL to smoothen its manufacturing process. While the proposed limits for operational transactions are high compared to FY23 levels, we recognize that NINL's Kalinganagar plant's blast furnace was restarted only in October 2022 and therefore FY23 numbers were effectively for half year. The proposed transactions are operational in nature, in the ordinary course of business and at arm's length price.                                                                                                                                     |

The company proposes to appoint Walker Chandiook & Co LLP as statutory auditors for five years starting from the conclusion of 2023 AGM. Deloitte were paid an audit fee of Rs. 6.6 mn on a consolidated basis for FY22. The proposed audit fee for FY23 is Rs. 6.9 mn, excluding taxes and out of pocket expenses: the proposed audit fee is in line with that paid to the outgoing auditors.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| April to June 2023 | 31/05/2023 | Rossari Biotech Ltd. | AGM           | MANAGEMENT | Approve amendment to exercise period of Employees Stock Option Plan – 2019 to five years from two years                                                                                                               | FOR | FOR | The company proposes to amend the exercise period of ESOP 2019 from 2 (two) years to 5 (five) years. In the past the pre-IPO stock options were repriced to match the current market price on listing, however post listing the company has issued stock options at current market price only. Given this recent practice, we expect the company will continue to do so. Aligning the exercise price to the market price is a good practice. There will be a minimal impact on the profitability of the company and align employee interests to that of shareholders. However, the company must clarify the exact computation of the exercise price and that stock options will not be granted at a discount to market price in the future. The stock options issued in 2021 are currently out of the money, hence the company proposes to extend the exercise period from two years to five years to give employees sufficient time to exercise their stock options within a reasonable time frame. |

Ltd. is an 80% subsidiary of Rossari Biotech (65% stake in in August 2022). UCPL is a supplier of surfactants, emulsifiers and specialty chemicals to a diversified customer base in the agrochemicals and oil & gas segment. The company proposes related party transactions with UCPL for sale and purchase of goods (including ethoxylates and propoxylates and other surfactants etc.), services (including consultancy, business auxiliary, marketing and job working) sharing of infrastructure and resources and other transactions for business purpose from/to UCPL during FY24, aggregating up to Rs 2,090 mn (12.7% of Rossari's FY23 turnover). The proposed related party transactions are in the ordinary course of business and are undertaken by the company at arm's length and as per the applicable transfer pricing. UCPL is a 80% subsidiary and the past transactions have been largely operational in nature.       |
| April to June 2023 | 31/05/2023 | Rossari Biotech Ltd.     | AGM           | MANAGEMENT | Approve payment of commission to non-executive directors at 1% of profits from FY23 onwards                                                                 | FOR | FOR | The resolution does not cap the payment of commission in absolute terms. As companies grow, commission as a percentage of profits can be a very large number; hence commission to directors must be capped in absolute terms. Notwithstanding, we expect the company to be judicious in its payouts.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

| April to June 2023 | 01/06/2023 | RHI Magnesita India Ltd. | POSTAL BALLOT | MANAGEMENT | Approve preferential issue of upto 2,790,061 equity shares at a price of Rs. 716.83 per share aggregating to ~Rs. 2000 mn to Dutch US Holding B.V, promoter | FOR | FOR | The issuance will lead to a dilution of ~1.35% on the extended capital base, which is reasonable. During FY23, the company acquired the refractory business of Hi-Tech Chemicals Ltd and Dalmia OCL Ltd. According to the Q3FY23 earnings call transcript, the company took loans in H2FY23 to fund these transactions. Consequently, as stated by the company in the Q3FY23 earnings call, the debt stood at ~10.7 bn. On 5 April 2023, the company raised Rs. 9.0 bn via issuance of 15,715,034 equity shares to qualified institutional buyers. Pursuant to these transactions, promoter shareholding dropped from 70.19% on 31 December 2022 to 55.47% on 6 April 2023 (Post QIP). This present issuance will increase the total promoter shareholding to 56.07%. The company has stated that it will use the funds raised by the present issuance towards the pre/repayment of borrowings, investment in Dalmia OCL Ltd and for general corporate purposes. |

Prior to joining the company, he served as Head of Housing Finance division at Bandhan Bank. The company proposes to appoint him as MD and CEO for three years from 18 March 2023. He will be entitled to a further term of two years based on performance and recommendations of the Nomination Remuneration and HR Committee. He received a remuneration of Rs. 10.1 mn from Bandhan Bank in FY22. Based on his remuneration terms, we estimate his annual remuneration at Rs. 23.7 mn, which is slightly higher than the remuneration of Rs. 12.9 mn paid to Girish Kousgi, former Managing Director, in FY22. However, his proposed remuneration is commensurate with the size and scale of the company. Notwithstanding, he is a professional whose skills carry market value. |

| April to June 2023 | 05/06/2023 | Anand Rathi Wealth Ltd. | AGM | MANAGEMENT | Approve related party transactions with Anand Rathi Financial Services Limited (ARFSL), promoter, for purchase of debentures of upto Rs. 15.0 bn for FY24 | FOR | FOR | ARFSL is a promoter of the company, holding 19.98% of the paid-up share capital. ARFSL carries on the business of financial services, investment in securities of Group Companies and other companies and distribution of financial products. We understand that the Non-PP SPs are purchased from ARFSL after assessing demand from customers and thus the associated market risk is reduced. Through resolution #5 the company is also seeking approval for the same transaction with another promoter group company for upto Rs 15.0 bn. However, the company has clarified that the aggregate value of both these transactions will be ~Rs. 40.0 bn to Rs. 45.0 bn. A large share of the company's revenue is being derived from promoter group companies. However, the company has clarified that the products are sourced from specific promoter group companies in order to closely manage counterparty/default risk. Further, while the concentration is still high, we recognize that the total value of the proposed transactions (~60.44% of FY23 revenue) as a percentage of revenue, has reduced in comparison to the previous year (65.7% of FY22 revenue). Nevertheless, we support the resolution given the criticality of the transaction to the company's revenues.                                                       |

Based on the auditors' report, which is unqualified, the financial statements are in accordance with generally accepted accounting policies and Indian Accounting Standards (IND-AS).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| April to June 2023 | 09/06/2023 | Mahindra CIE Automotive Ltd.         | AGM           | MANAGEMENT | Approve material related party transactions with Mahindra and Mahindra Limited (M&M) not exceeding an aggregate amount of Rs. 22.0 bn from the conclusion of CY2022 AGM to the conclusion of CY2023 AGM or 15 months whichever is earlier                                                                      | FOR | FOR     | The transactions with M&M amounted to Rs. 15.6 bn for CY2022. The proposed transactions relate to sale/purchase of goods, availing/rendering of services, leasing/renting properties and paying/receiving rent, selling/buying property, plant and equipment or any other reimbursements to be made/received. The company may also undertake other RPTs at arm's length and in the ordinary course of business, not exceeding Rs. 10.0 mn per transaction, within the aggregate limit of Rs. 22.0 bn. The transactions are largely operational in nature, at arm's length, in the ordinary course of business and are valid for one year.                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| April to June 2023 | 09/06/2023 | Mahindra CIE Automotive Ltd.         | AGM           | MANAGEMENT | Approve related party transactions (RPTs) of CIE Galfor SA (wholly owned subsidiary) with CIE Automotive SA (ultimate holding company) relating to cash pool arrangements upto Euro 345 mn and other RPTs upto Euro 4 mn from the conclusion of CY2022 AGM to the CY2023 AGM or 15 months whichever is earlier | FOR | FOR     | The company seeks to lend upto Euro 185 mn (~Rs. 15.8 bn) and draw upto Euro 160 bn (~Rs. 13.3 bn) in the form of a cash pool arrangement. The interest is based on European Central Bank rates (currently at 4.0% per annum). The cash pooling arrangement offers competitive and flexible terms along with operational benefits to Galfor. It allows Galfor to make prudent use of its surplus cash and gives it the ability to borrow swiftly at competitive rates. Further, it seeks approval for other RPTs upto Euro 4 mn (Rs. 0.4 bn) in the form of reimbursement and availing of services: the company had clarified in the postal ballot of June 2022 that these will be in the nature of shared services like treasury, accounting, HR, payroll, administration etc. The company may also undertake other RPTs at arm's length and in the ordinary course of business, not exceeding Rs. 10.0 mn per transaction, within the aggregate limit of Euro 4 mn. The transactions are at arm's length, in the ordinary course of business and are valid for one year. |

He has also served as the CEO and Executive Director of Mahindra Gears and Transmissions Private Limited., the erstwhile wholly owned subsidiary of the company. He has been serving on the board since 17 October 2019. He has attended 100% (5 out of 5) board meetings held in CY22. He retires by rotation and his reappointment is in line with the statutory requirements.                                                                                                                                                                                                                                                                                                                                     |
| April to June 2023 | 09/06/2023 | PVR Inox Ltd.                | POSTAL BALLOT | MANAGEMENT | Approve remuneration payable to Ajay Bijli (DIN 00531142), Managing Director as minimum remuneration for three years from 6 February 2023 | FOR | FOR | As per the terms of the scheme of arrangement for amalgamation of Inox and PVR, completed in February 2023, Ajay Bijli has been appointed as the Managing Director for five years from 6 February 2023. Ajay Bijli's fixed remuneration is Rs 103.95 mn, and his variable pay can go upto Rs 103.95 mn, based on the achievement of specified quantitative and qualitative performance indicators. Including perks, we estimate his maximum salary to be Rs 223.5 mn for FY24. Although high, we note the targets specified to determine the variable pay. We recognize that Ajay Bijli and Sanjeev Kumar have steered the company through the uncertain environment during Covid. We take comfort in the revised pay structure, the revised terms of the NRC and the presence of a significant new promoter shareholder on the board consequent to the merger. |

| April to June 2023 | 12/06/2023 | Trent Ltd.     | AGM           | MANAGEMENT | Approve material related party transactions with Trent Hypermarket Private Limited, a joint venture, aggregating to Rs. 15.0 bn for FY24       | FOR | FOR | Trent Hypermarket Private Limited (THPL) is a 50:50 JV with Tesco plc UK. The company proposes to undertake transactions with THPL to promote its Zudio and Misbu brand through the Star Bazaar chain. Transactions will comprise sale of goods, providing of retail business arrangement service, rent, common area maintenance, facility charges, related expense reimbursements etc, and asset sale or purchase. The transactions with THPL amounted to ~Rs. 7.0 bn for FY23. The proposed transactions amount to ~18.2% of the company's FY23 turnover, which is reasonable. While the limit sought is more than twice the FY23 limit: we recognize that the transactions are largely operational in nature, at arm's length pricing, and with a joint venture partner that has its own governance structures.                                       |

Typical of public sector banks, Indian Bank has five joint auditors. The audit committee must provide clarity on how it establishes accountability of these auditors and ensures that issues do not fall through the cracks, while allocating audit responsibilities.                                                                                                                                                                                                 |

| April to June 2023 | 19/06/2023 | Indian Bank | AGM | MANAGEMENT | Appoint Dr. Maruthi Prasad Tangirala (DIN: 03609968) as a Nominee Director of the Government of India from 14 September 2022 until further orders      | FOR | AGAINST | Dr. M. P. Tangirala, 57, is the Additional Secretary Department of Financial Services, Ministry of Finance, Government of India. He has worked in various areas in the Department of Telecommunications, Government of India, Telecom Regulatory Authority of India, Insurance Regulatory and Development Authority of India and Union Public Service Commission. The company has not stated if he will be liable to retire by rotation. In the absence of clarity and based on past practice, we expect the nominee of Department of Financial Services, Ministry of Finance and/or Public Enterprises will not retire by rotation. We do not support non-rotational board seats for non-executive non-independent directors or any other right which grants permanent directorship status to any individual. Further, the board composition is not compliant with regulations on independent director representation. We expect the company to first address the board composition, before appointing their nominees on the board. |
| April to June 2023 | 19/06/2023 | Indian Bank | AGM | MANAGEMENT | Appoint Mahesh Kumar Bajaj (DIN: 08080244) as Executive Director from 21 November 2022 till 30 June 2025 or until further orders, whichever is earlier | FOR | FOR     | Mahesh Kumar Bajaj, 57, is an Executive Director of the company. He started his banking career as Probationary Officer with Indian Bank in June 1993 and has over 29 years of experience working in diversified areas in India and Singapore. During his tenure, he has worked in banking functions in various capacities: corporate, transaction, retail, rural, treasury & FX, NPA management, human resources and internal audit. The company has disclosed that the remuneration payable to Mahesh Kumar Bajaj will be as decided by the Government of India. His appointment is in line with statutory requirements. While the company has not disclosed his proposed remuneration, we understand that remuneration in public sector enterprises is usually not high. We also raise concerns at the delay in seeking reappointment: regulations require companies to seek shareholder approval within three months of reappointment.                                                                                            |

The issuance will lead to a dilution of 10.5% on the extended capital base. As on 31 March 2023, Indian Bank's CET I Ratio was 12.9%, Tier I was 13.5% and total CRAR was 16.5%. The bank is adequately capitalized. The dilution is reasonable, and the issue will bring the promoters shareholding within the regulatory threshold of 75.0%. It will also provide the bank a buffer to absorb potential impact arising from any deterioration in asset quality and will provide support to the bank's future needs.                                                                                                                                                                                                                                                                                                                                        |

Sagar Associates, Advocates & Solicitors (JSA) and K&S Partners, Intellectual Property Attorneys (K&S). He has been practicing law for over 47 years. He serves on the Executive Committee of the Bar Association of India and the Executive Board of ICC India. He is a Graduate (Honors) in Economics from St. Stephen's College, Delhi and has an LL.B. from the University of Delhi. Public sources indicate that J. Sagar Associates has advised Mindtree Limited (then a subsidiary of L&T) on the merger with Larson & Toubro Infotech. Further, other public sources also indicate that L&T is one of J. Sagar Associates' clients. However, we understand from public sources that J. Sagar is no longer associated with J. Sagar Associates in an active capacity. Hence, we support his appointment to the board.                                               |

| April to June 2023 | 21/06/2023 | Larsen & Toubro Ltd. | POSTAL BALLOT | MANAGEMENT | Approve material related party transactions aggregating upto Rs. 20.5 bn or USD 250.0 mn, whichever is higher, with Larsen Toubro Arabia LLC, a 75% subsidiary, till 30 September 2027 | FOR | FOR | The company has various subsidiaries which are formed in accordance with the requirement of local laws in order to bid for and execute Engineering, Procurement and Construction (EPC) contracts. Contracts entered into by these international subsidiaries usually have a clause which requires issuance of Parent Company Guarantees (PCGs) for execution of these projects. The value of these PCGs is equivalent to the full value of the contract and these are to be issued upfront and are to be valid till the completion of all obligations under the contract. We believe the support extended to Larsen Toubro Arabia LLC will enable them to bid on and execute contracts in foreign countries. The transactions proposed are largely operational in nature, in the ordinary course of business and at arm's length. The funding transactions will support the bidding requirements of and will be at arms' length. |

| April to June 2023 | 22/06/2023 | DCB Bank Ltd. | AGM | MANAGEMENT | Appoint BSR & Co. LLP as joint statutory auditors for three years from the conclusion of the FY23 AGM till the FY26 AGM and fix aggregate joint audit remuneration for FY24          | FOR | FOR | The RBI has approved the appointment of BSR & Co. LLP as joint statutory auditors along with Sundaram & Srinivasan, Chartered Accountants for FY24. BSR & Co. LLP will be replacing SR Batliboi & Associates LLP who have completed their three-year tenure. In FY23, auditor remuneration aggregated Rs. 16.0 mn (14.8 mn in FY22). The proposed audit fees for FY24 are Rs 16.5 mn plus reimbursement of out-of-pocket expenses and applicable taxes. The total audit remuneration will be shared between both the joint auditors as mutually agreed between the board and auditors subject to their scope of work. The proposed remuneration is reasonable for the size and complexity of the Bank.                                                                                                                                                                                                                                                                                                                             |
| April to June 2023 | 22/06/2023 | DCB Bank Ltd. | AGM | MANAGEMENT | Appoint Farokh Nariman Subedar (DIN: 00028428) as Non-Executive Part-Time Chairperson for three years from 31 January 2023 and approve payment of honorarium at Rs. 2.4 mn per annum | FOR | FOR | Farokh Nariman Subedar, 67, is the former Chief Operating Officer of Tata Sons Private Limited. He has been associated with the Tata Group for over 36 years and has also been the Chief Financial Officer and Company Secretary of Tata Sons Private Limited. The Bank had appointed him as an Independent Director and Non-Executive Part time Chairperson (pending RBI approval) for three years from 15 October 2022. The Bank now seeks approval to appoint him as Non-Executive Part-time Chairperson from 31 January 2023. The appointment is already approved by the RBI. Thus, we understand his term as Independent Director shall be revised accordingly. The bank proposes to pay him honorarium of Rs. 2.4 mn per annum (in line with that paid to non-executive Part-time Chairperson's in the past) plus reimbursement of actual business expenses, sitting fees and one club membership fee. Farokh Subedar is a professional whose skills carry a market value. His appointment meets all statutory requirements. |

Chandrasekar LLP, Chartered accountants and heads the audit and assurance function. She has over 35 years of experience in accountancy, finance, taxation and risk management. Her appointment meets all statutory requirements.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| April to June 2023 | 22/06/2023 | DCB Bank Ltd. | AGM | MANAGEMENT | Approve amendment in existing Articles of Association (AoA) to comply with the amended regulations on issue and listing of non-convertible securities                                | FOR | FOR | As per the amended Regulation 23(6) of Securities and Exchange Board of (Issue and Listing of Non-Convertible Securities) (Amendment) Regulations, 2023, a company shall ensure that its Articles of Association allow its Board of Directors to appoint the person nominated by the debenture trustee(s). Further, companies whose debt securities are listed as on the date of publication of the amendment shall amend their Articles of Association to comply with the provision, on or before 30 September 2023. The bank's Tier II Bonds issued on 28 March 2023 have been listed on BSE and NSE under WDM segment. The Bank proposes to amend their AoA by inserting clause (5) in the existing Article 112. We raise concerns that the bank's AoA is not compliant with Companies Act, 2013. Notwithstanding, we support the above alteration of the Articles of Association as it is being done to comply with the amendment in regulations.                                                                              |

| April to June 2023 | 22/06/2023 | DCB Bank Ltd. | AGM | MANAGEMENT | Approve issuance of equity shares through Qualified Institutional Placement (QIP) up to Rs 5.0 bn                                           | FOR | FOR | Assuming the equity shares are issued at its current market price of Rs 121.4 per share, the bank will issue upto ~41.2 mn shares to raise the entire Rs 5.0 bn. The entire issue will lead to a 11.7% dilution on expanded capital base for existing shareholders. The proposed issuance will be used towards growing the secured retail assets (e.g., housing loans, gold loans, etc.), Micro SME/SME, Mid Corporate, Agriculture and Microfinance businesses. The capital raised will provide the bank a buffer to meet its growth plans and to sustain future growth. The proposed infusion will provide support to the bank's future needs as well as help comply with capital adequacy norms. |

| April to June 2023 | 22/06/2023 | Voltas Ltd.    | AGM | MANAGEMENT | Reappoint Saurabh Agrawal (DIN: 02144558), as Non-Executive Non-Independent Director liable to retire by rotation | FOR | FOR | Saurabh Agrawal, 53, is the Whole-time Director and Group Chief Financial Officer of Tata Sons Private Limited, the Promoter company. He was the Head of Investment Banking in India for Bank of America Merrill Lynch and also Head of Corporate Finance business in India and South Asia for Standard Chartered Bank. He has attended 5 out of 7 (71%) board meetings held in FY23 and 18 out of 20 (90%) of the board meetings held during his tenure since January 2021. We expect directors to take their responsibilities seriously and attend all board meetings. We have a threshold of 75% attendance over a three-year period.                                                                                                                                                                                                                                                                                                                                                        |
| April to June 2023 | 22/06/2023 | Voltas Ltd.    | AGM | MANAGEMENT | To declare a final dividend of Rs. 4.25 per share on face value Re. 1.0 for FY23                                  | FOR | FOR | The company has proposed a final dividend of Rs. 4.25 (previous year 5.50) per equity share of face value Re. 1.0 for the year ended 31 March 2023. The total dividend outflow for FY23 is Rs. 1.41 bn. The dividend payout ratio is 10.0% of the standalone PAT of Rs. 14.1 bn. Shareholders should note there is a deviation from the company's dividend distribution policy when the standalone PAT is considered as it includes a onetime gain of Rs. 9.8 bn with respect to a sale of certain businesses for a cash consideration to a wholly owned subsidiary. However, if the PAT is considered without the one-time gain the dividend payout ratio is 32.6% in FY23. As per the company's dividend distribution policy the company shall maintain a payout ratio between 25% and 45% of the standalone PAT.                                                                                                                                                                             |

| April to June 2023 | 23/06/2023 | Angel One Ltd.     | AGM           | MANAGEMENT | Appoint Amit Majumdar (DIN: 01633369) as Wholetime Director for five years from 17 April 2023 and fix his remuneration                                     | FOR | AGAINST | Amit Majumdar will be entitled to a fixed pay of Rs. 20.1 mn for FY24 – there is no clarity on his fixed pay or the annual increment that he may be entitled to for the rest of his tenure. He was granted ESOPs/ RSUs/ PSUs aggregating to fair value of Rs. 90.0 mn in FY24. There is no clarity on any further grants after FY24, till the completion of his tenure. He is also entitled to a performance bonus which will be determined by the board on the recommendation of Nomination and Remuneration Committee. The board must disclose a range of his performance pay to enable shareholders to make an informed decision with respect to his proposed remuneration. We also expect the board to disclose performance metrics that will determine his variable pay. Given the uncapped nature of his proposed remuneration, we are unable to estimate his compensation and thus unable to make an informed decision.                                      |

| April to June 2023 | 25/06/2023 | UNO Minda Limited.         | POSTAL BALLOT | MANAGEMENT | Approve increase in borrowing limits to Rs. 30.0 bn from Rs. 15.0 bn                                                                        | FOR | FOR | On 30 September 2022, the company's automatic limit (aggregate of paid up share capital, free reserves and securities premium) stood at Rs. 28.2 bn (breakup of other equity for 31 March 2023 is not available). The standalone debt stood at Rs. 7.7 bn on 31 March 2023. The company's borrowings are rated ICRA AA+/Stable/ ICRA A1+ which denotes high degree of safety (for long term debt) and very strong degree of safety (for short term debt) regarding timely servicing of financial obligations. The debt-equity ratio stood at 0.2x on 31 March 2023 (standalone basis). The company intends to maintain the debt equity ratio at less than 1x. During FY24, the company expects to incur Rs. 7.0 bn capex (including Rs. 3.0 bn of sustaining capex). While the company has sufficient headroom under the existing borrowing limits, we support the resolution since the proposed limit is close to the automatic limit of Rs. 28.2 bn. The company has prudently managed its debt levels in the past: we expect the company to remain judicious. |

| April to June 2023 | 26/06/2023 | Hindustan Unilever Ltd. | AGM | MANAGEMENT | Appoint Rohit Jawa (DIN: 10063590) as a Managing Director and Chief Executive Officer, not liable to retire by rotation, for five years from 27 June 2023   | FOR | FOR | Rohit Jawa succeeds Sanjiv Mehta, who will step down as MD & CEO on 26 June 2023. Rohit Jawa is a Singapore National. We estimate his remuneration at Rs 272.9 mn which is in line with peers and commensurate with the size and scale of the business. Further, he is a professional whose skills carry market value. Even so, the company must disclose the performance parameters that determine his variable pay. Further, we raise concern that Rohit Jawa is not liable to retire by rotation, and that he will get board permanency if continues in a non-executive capacity following the end of his term as Managing Director: even so, we recognize that this risk is mitigated by the presence of a 61.9% controlling shareholder, who will weigh in on Rohit Jawa's continuing directorship. |

She attended all eight board meetings held in FY23. She retires by rotation and her reappointment meets all statutory requirements. While we support her appointment, we raise concerns that Amrita Vakil, as a promoter and Director of Elcid Investments Limited (Elcid), a promoter company of Asian Paints Limited was accountable for the way a proposed delisting, at a far lower price than the market price of its holdings in Asian Paints Limited, was managed – the promoters failed to offer a fair price to the public shareholders of Elcid. |

Based on legal opinion, the company has decided to defer the recognition of Rs. 43.19 mn of power subsidy, Rs. 500.0 mn for green measures subsidy and Rs. 36.8 mn for land conversion and stamp duty subsidy until receipt or until the company has some evidence providing reasonable assurance of receipt. Only approval for power subsidy for October 2022 to March 2023 is not yet received. The management is hopeful of recovering the outstanding amounts appearing in the books due from government of Andhra Pradesh. Based on the auditors' report, which is unqualified, the financial statements are in accordance with generally accepted accounting policies and Indian Accounting Standards (IND-AS). |

| April to June 2023 | 27/06/2023 | Tata Steel Ltd.     | NCM | MANAGEMENT | Approve scheme of amalgamation between Tata Steel Long Products Limited (TSLPL) and Tata Steel Limited (TSL) | FOR | FOR | TSL is amalgamating TSLPL, its 74.9% listed subsidiary, with itself. Public shareholders of TSLPL will receive 67 fully paid-up share of TSL for every 10 shares held in TSLPL. TSL's equity shares and preference shares in TSLPL will stand cancelled. The proposed merger will result in simplification of group structure and may result in synergy benefits including rationalization of logistics and distribution costs, central procurement of raw material, operational efficiencies due to centralization of inventory, common management and operational integration and better facility utilization. Based on the market price of equity shares of TSL and TSLPL on the date of announcement of the amalgamation (23 September 2023), the proposed share exchange ratio appears to be reasonable. The transaction will result in a dilution of 0.6% on the expanded capital base of TSL. |

| April to June 2023 | 28/06/2023 | Tata Steel Ltd.        | NCM | MANAGEMENT | Approve scheme of amalgamation between The Tinsplate Company of India Limited (TCIL) and Tata Steel Limited (TSL) | FOR | FOR | TSL proposed to amalgamate TCIL, its 74.9% subsidiary. Public shareholders of TCIL will receive 33 fully paid-up shares of TSL for every 10 shares held in TCIL. Based on the market price of equity shares of TSL and TCIL on the date of announcement of the amalgamation (23 September 2023), the proposed share exchange ratio appears to be reasonable. The transaction will result in a dilution of 0.7% on the expanded capital base of TSL. The proposed merger will result in simplification of group structure and may result in synergy benefits including rationalization of logistics and distribution costs, central procurement of raw material, operational efficiencies due to centralization of inventory, common management and operational integration and better facility utilization. |

| April to June 2023 | 29/06/2023 | Rolex Rings Ltd.   | POSTAL BALLOT | MANAGEMENT | Approve material related party transactions for payment of remuneration to the relatives of the promoters from 1 July 2023 | FOR | FOR | Rupesh Madeka, Pinakin Madeka, Jiten Madeka and Ashok Madeka are founders, first-generation promoters and brothers of the Manesh Madeka (CMD) and Bhautik Madeka (WTD) of the company, while Bharat Madeka and Hemal Madeka are second generation promoters and nephews of the CMD and WTD of the company. The company seeks shareholder approval for their remuneration in the office of profit from 1 July 2023. We recognize that Rupesh Madeka, Pinakin Madeka, Jiten Madeka and Ashok Madeka are founders of the company with significant experience. We also believe that both Bharat Madeka (13 years of experience and designated as President – Operations & Human Resource) and Hemal Madeka (18 years of experience and designated as President – Supply Chain & Quality Assurance), the second generation promoters are also handling important responsibilities of the business. Remuneration of Bharat and Hemal in FY22 and FY23 was INR 8.4 mn and INR 6.6 mn respectively. Relatives remuneration for the last 2 years has remained constant. Hence, we should vote in favor of proposal. |

| July to September 2023 | 01/07/2023 | Bata India Ltd.            | POSTAL BALLOT | MANAGEMENT | Approve payment of remuneration to Non-Executive Directors for FY23 upto 1% of net profits of the company or Rs 17.0 mn, whichever is lower                                                                         | FOR | FOR | In the 2021 AGM, shareholders had approved payment of remuneration of upto Rs 15.0 mn to the Non-Executive Directors in case of loss or inadequate profits for a period of three years commencing 1 April 2020. As stated by the company, the Non-Executive Directors have made significant contributions to the company and provided guidance, especially during the transition at the CEO level. Hence, the company seeks approval to pay a revised remuneration for FY23. In the last five years, the company paid commission to independent directors aggregating Rs. 6.6 mn to 7.0 mn, which is ~0.1% to 0.5% of standalone PBT each year, which is in line with market practices. The proposed commission is commensurate with the value rendered by the Non-Executive Directors and is compensation for their time and effort invested in the company. Setting a cap on the absolute level of remuneration to non-executive directors is a good practice. |

We understand from publicly available sources that Ashok Barat runs his own independent advisory practice, Merx Business Advisors LLP (brand name: PathFinder). Ashok Barat serves on the boards of four listed companies (including Bata India Ltd). However, the company has clarified that Ashok Barat's responsibilities as founder of Merx Business Advisors LLP are minimal and he spends little time for the same and is not equivalent to a whole-time directorship. Further, as per company clarification, Merx Business Advisors LLP has been formed to perform occasional consultancy work wherever Ashok Barat's professional advice is sought. These assignments are sporadic and do not require him to de-prioritize his other commitments.                                                                                                                            |

Tata Motors Limited is an associate company of Tata Sons Private Limited (promoter company of Tata Steel Limited). Tata Steel has a Vendor Servicing Model (VSM) arrangement with TSDPL. Through the VSM, Tata Steel caters to the requirement of Tata Motors or its ancillary entities without increasing the in-house processing capacity at Tata Steel and in parallel, ensuring seamless supply chain to serve small customers. TSDPL, the VSM partner is responsible for processing & packaging of coils supplied by Tata Steel, taking care of outbound freight, managing inventory, overheads, and receivables for Tata Steel. These business transactions with third-party/ancillary entities of Tata Motors enables ease of business for TSDPL, Tata Steel and Tata Motors. The proposed transactions are operational in nature, in the ordinary course of business and at arm's length price. |
| July to September 2023 | 05/07/2023 | Tata Steel Ltd. | AGM | MANAGEMENT | Approve material related party transactions between Tata Steel Minerals Canada Ltd (TSMC), and IOC Sales Limited for the benefit of Tata Steel UK Limited (TSUK) via T S Global Procurement Company Pte. Ltd (TSGPL) aggregating upto Rs. 12.0 bn for FY24 | FOR | FOR | TSMC is an indirect subsidiary of Tata Steel Limited (TSL). TSUK and TSGPL are indirect wholly owned subsidiaries of TSL. TSUK requires iron ore for its manufacturing unit in Europe which can be supplied by TSMC. TSUK has limited access to multi-user port i.e., Port of Sept-Îles located in the Province of Quebec, where TSMC operates its iron ore mines. Therefore, TSMC supplies iron ore to TSUK for its manufacturing units in Europe through TSGPL. To ease out the logistics, TSMC has secured an arrangement with IOC Sales (a third party who has a private captive port for its exclusive use for iron ore operations in Canada) to use its private port for sale of iron ore to TSGPL. Under this arrangement, TSMC sells the iron ore it produces to IOC Sales who in turn sells it to TSGPL which ultimately supplies the iron ore to TSUK. The proposed transactions are in the ordinary course of business and at arm's length price.                                                |

Further, as against the total investment of Rs. 80.6 mn, the management has provided for an impairment loss of Rs. 50.0 mn in the books of accounts which has been disclosed as an "exceptional item" in the consolidated financial statements. In the opinion of the management the impact of the above matter on the audited consolidated financial results is not expected to be material. Based on the auditors' report, which is unqualified, the financial statements are in accordance with generally accepted accounting policies and Indian Accounting Standards (IND-AS). |

| July to September 2023 | 06/07/2023 | ICICI Lombard General Insurance Company Ltd. | AGM | MANAGEMENT | Approve amendment in Articles of Association (AoA) to comply with the amended regulations on issue and listing of non-convertible securities | FOR | FOR | Amendments to regulations now require a company's AoA to provide for appointment of directors nominated by debenture trustees. The company proposes to amend their AoA by including Article 88A following this amendment. While we generally do not support the appointment of directors not liable to retire by rotation as it creates board permanency, we recognise that this ensures protection of lenders' interest and is being done to comply with regulations. Therefore, we support the resolution. Even so, the company must upload the amended AoA on its website. |

The objective of the new stock unit scheme (Scheme 2023) is to create a sense of ownership among middle management. The scheme excludes the Managing Director and CEO, Executive Directors, Key Managerial Personnel, Senior Management Personnel and other employees two levels below the MD. The dilution of the scheme shall be 1.0% on the expanded capital base and the combined dilution (see resolution #16) is 2.9% on the expanded capital base. The exercise price will be at face value (Rs. 10.0) and the vesting will be on achievement of pre-defined performance targets (majorly based on performance of eligible employees, market share and combine ratio. This ensures alignment with shareholder interests. This will also act as a retention tool for junior level employees. |

| July to September 2023 | 06/07/2023 | ICICI Lombard General Insurance Company Ltd. | AGM | MANAGEMENT | Approve payment of commission of Rs. 2.0 mn to Non-executive Independent Director and Chairperson, not exceeding 1% of the net profits from FY24 onwards                                         | FOR | AGAINST | Although profit-linked commission is capped at Rs.1.0 mn for independent directors under IRDAI regulations, commission to the Chairperson is at the discretion of the board. Therefore, ICICI Lombard proposes a commission of Rs. 2.0 mn for its Chairperson from FY24. The proposed commission to the chairperson is in-line with market practices and in line with statutory regulations. However, given that the company has not defined a tenure for payment of commission, the resolution is effectively valid in perpetuity. We do not support resolutions in perpetuity: shareholders must get a chance to periodically review such payments. |

| July to September 2023 | 06/07/2023 | ICICI Lombard General Insurance Company Ltd. | AGM           | MANAGEMENT | Increase the size of the ICICI Lombard Employee Stock Option Scheme-2005 to 8.98% of issued share capital from the earlier 7%                                                                     | FOR | FOR | The current size of the scheme is 7% of the issued capital of the company. As on 31 March 2023, ICICI Lombard has granted 28.2 mn stock options (excluding granted but lapsed options) under the ESOS 2005 scheme, which represents 5.75% of the paid up capital. Further, the company has granted stock options aggregating 0.9% of the issued share capital in April 2023 as a part of the company's annual compensation policy. Thus 6.65% of the issued capital has been granted as stock options leaving a limited headroom under the current size of 7% of the issued share capital. The company proposes to revise the size of the scheme by increasing the size to 8.98% of the issued capital. The overall dilution on the increased scheme size is 1.9% on the expanded capital base and the combined incremental dilution is 2.9% on the expanded capital base. The ESOPs are being granted at market price, aligning the employee and investor interest.   |

We believe these amendments are procedural in nature. We expect the company to comply with regulatory requirements on director appointments.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| July to September 2023 | 07/07/2023 | Max Financial Services Ltd.                  | POSTAL BALLOT | MANAGEMENT | Appoint S.R. Batliboi & Co. LLP as statutory auditors from 13 May 2023 till the conclusion of the FY23 AGM to fill the casual vacancy caused by the resignation of Deloitte Haskins and Sells LLP | FOR | FOR | Deloitte Haskins and Sells LLP were appointed as statutory auditors for five years from the FY20 AGM till the conclusion of the FY25 AGM. However, they submitted their resignation on 12 May 2023 – stating that its network firm which was the joint Statutory Auditors of Max Life Insurance Company Limited (Max Life), a material subsidiary, retired as its joint statutory auditors at the FY23 AGM of Max Life, after completion of two terms of five years each: the company required the alignment of its statutory auditors with the successor statutory auditors of Max Life to streamline the audit process. The audit fees proposed to be paid to S.R. Batliboi & Co. LLP for FY24 are Rs. 3.1 mn (excluding out-of-pocket expenses and taxes); the statutory audit fees paid to incumbent statutory auditors for FY22 were Rs. 2.9 mn. We believe the proposed remuneration is reasonable and commensurate with the size and operations of the company. |

Based on the auditors' report, which is unqualified, the financial statements are in accordance with generally accepted accounting policies and Indian Accounting Standards (IND-AS).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| July to September 2023 | 18/07/2023 | Ajanta Pharma Ltd. | AGM | MANAGEMENT | Approve alteration to Objects clause of the Memorandum of Association (MoA)                                                                                                       | FOR | FOR | The present Memorandum of Association (MoA) is based on Companies Act 1956, wherein the Objects Clause is separated into three parts - Main Objects; Objects Incidental or Ancillary to attainment of Main Objects; and Other Objects. The company proposes to make alteration to the object clause of the MoA to make it more cohesive and to align the same with the regulatory requirements viz. Companies Act 2013. For the same, the company proposes to i) add to the Main Objects under Clause A, ii) add to Ancillary Objects under Clause B and iii) delete Clause C forming Other Objects in its entirety. The existing MOA is available on the company's website. We raise concerns at the delay in making the MoA compliant with the Companies Act 2013: the alignment to the new regulation is being done over nine years after the Companies Act 2013 was notified. Notwithstanding, we note that the company is making no change to its principal business. |
| July to September 2023 | 18/07/2023 | Ajanta Pharma Ltd. | AGM | MANAGEMENT | Approve payment of commission to non-executive directors upto 1.0% of net profits for five years from 1 April 2023                                                                | FOR | FOR | The maximum payout of commission to NEDs has been Rs. 1.2 mn in FY23 (0.02% of standalone PBT). The commission payout has been reasonable. While we support the payment of commission to the Non-Executive Directors upto 1% as it is in line with market practices, we believe the company must consider setting an absolute cap on the commission payable. We expect the board to remain judicious in the commission payouts.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

| July to September 2023 | 18/07/2023 | Ajanta Pharma Ltd.      | AGM | MANAGEMENT | Reappoint Madhusudan Agarwal (DIN: 00073872) as Director, liable to retire by rotation                           | FOR | FOR | Madhusudan Agrawal, 68, Executive Vice Chairperson of the company and part of the promoter family. He has been on the board since December 1979. He has attended 80% (4/5) of the board meetings in FY23. As disclosed in the FY23 annual report, he is also the Managing Director of Inspira Infra (Aurangabad) Limited, a chemical manufacturing company. We note that the Inspira is in the same line of business as Ajanta Pharma but not a related party. While we do not support individuals holding executive positions in two companies, the operations of Inspira are relatively small in relation to Ajanta Pharma. Further, the remuneration received by him from Inspira cannot be determined. Notwithstanding, he retires by rotation and his reappointment is in line with statutory requirements.                                                                                                                                                                                    |
| July to September 2023 | 18/07/2023 | Persistent Systems Ltd. | AGM | MANAGEMENT | Adoption of consolidated financial statements for the year ended 31 March 2023                                   | FOR | FOR | We have relied upon the auditors' report, which has drawn attention to the emphasis of matters of ten wholly-owned subsidiaries: the financial statements of these subsidiaries have been prepared by management on going concern principle based on factors such as future business plans, continued financial support from parent and measures implemented to control loss. The auditor is of the opinion that material uncertainty exists relating to going concern as the management has decided to close the businesses because of events or conditions affecting the commercial viability. Further, application for liquidation has been filed with local authorities. The share of net assets of these subsidiaries as a percentage of total net assets stood at ~0.13% (neg.) on 31 March 2023. Except for this matter, the auditor is of the opinion that the financial statements are in accordance with generally accepted accounting policies and Indian Accounting Standards (IND-AS). |

| July to September 2023 | 21/07/2023 | Sundaram Finance Ltd. | AGM | MANAGEMENT | Approve amendment in Articles of Association (AoA) to comply with the amended regulations on issue and listing of non-convertible securities                                                 | FOR | FOR | Amendments to regulations now require a company's AoA to provide for appointment of directors nominated by debenture trustees. The company proposes to amend the AoA by including Article 9(k) following this amendment. We support the above alteration of the Articles of Association as it is being done to comply with the amendment in regulations.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| July to September 2023 | 21/07/2023 | Sundaram Finance Ltd. | AGM | MANAGEMENT | Approve revision in remuneration terms with respect to long term incentives and stock options for all three executive directors for the remainder of their current tenure upto 31 March 2026 | FOR | FOR | Harsha Viji is the Executive Vice Chairperson and a part of the promoter group, Rajiv Lochan, 51, is the Managing Director and A N Raju, 63, is the Deputy Managing Director of the company. SFL seeks approval to revise the remuneration terms with respect to granting long term incentives and stock options to all three executive directors for the remainder of their current tenure. After incorporating the proposed change in the remuneration structure, we estimate Harsha Viji's remuneration at Rs. 80.2 mn, Rajiv Lochan's remuneration at Rs. 86.6 mn and A. N. Raju's remuneration at Rs. 57.1 mn. While aggregate executive remuneration is high at Rs. 223.9 mn, we believe the remuneration is commensurate with the size of business. Further, the proposed change to the limits to the long-term incentive plan and ESOPs grants to each executive director aggregates to a total outflow of Rs. 42.5 mn per annum which is minimal when compared to size of business. |

| July to September 2023 | 21/07/2023 | Ashok Leyland Ltd.    | AGM | MANAGEMENT | Approve alteration in the Articles of Association to comply with the amended regulations on issue and listing of non-convertible securities                                       | FOR | FOR | The company's Non-Convertible Debentures are listed on the National Stock Exchange. Amendments to regulations (detailed in Exhibit 16) require a company's AoA to provide for appointment of directors nominated by debenture trustees. The company proposes to amend their Articles of Association (AoA) by inserting Article 137A after the existing Article 137. While the addition to the AOA is provided in the notice, the company must upload the amended AoA on its website. We support the above alteration of the Articles of Association as it is being done to comply with the amendment in regulations.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| July to September 2023 | 21/07/2023 | Ashok Leyland Ltd.    | AGM | MANAGEMENT | Approve material related party transactions with Switch Mobility Automotive Limited (SMAL) in excess of Rs. 10.0 bn or 10% of consolidated turnover, whichever is lower, for FY24 | FOR | FOR | SMAL is a step-down subsidiary of Ashok Leyland Limited, incorporated in December 2020 with an objective of manufacturing and dealing in Electric Vehicles. The transactions will be for Sale and purchase of goods/ vehicles/spares/engineers/materials/service/assets/technology, testing charges, Contract manufacturing, Resource sharing/IT Sharing /Tooling any other sharing, Rental Income, Fee for Corporate Guarantee, Trade Advance, Subcontracting, Short term advance loan, Inter-Corporate Deposit and Interest, providing guarantees, Letter of Support, Letter of comfort, Letter of undertaking or any other support, Reimbursement / Recovery of expenses, Royalty, investments directly or indirectly made and any other transactions. The estimated value of transactions for FY24 is Rs. 40.0 bn to Rs. 50.0 bn. While approval is being sought for an indefinite amount, we take comfort from the fact that the proposed transactions are in the ordinary course of business, at arm's length price and for a defined timeline. The company should disclose the residual (indirect) shareholders of SMAL. The company should have disclosed past transactions. The company must disclose a rationale for seeking such high limits, which are significantly higher (~6.5x) than current transactions. |

| July to September 2023 | 21/07/2023 | Ashok Leyland Ltd.                       | AGM           | MANAGEMENT | Approve material related party transactions with TVS Mobility Private Limited (TVS Mobility) in excess of Rs. 10.0 bn or 10% of consolidated turnover, whichever is lower, for FY25 | FOR | FOR | TVS Mobility and Ashok Leyland are joint venture partners in Global TVS Bus Body Builders Limited. TVS Mobility is also a dealer for Ashok Leyland's products on a pan India basis. The transactions will be for sale of vehicles, spares, reconditioned engines, services, payment of incentives and commission, and other expenditure (warranty, sales promotion). The estimated value of transactions for FY25 is Rs. 90.0 bn to Rs. 100.0 bn. While the approval is being sought for an indefinite amount, we take comfort from the fact that the proposed transactions are in the ordinary course of business, at arm's length price and for a defined timeline. The company should have disclosed past transactions. Further, we note that the proposed limits are significantly higher than the current limits (~112% higher than FY23 transactions). The company must disclose a rationale for seeking such high limits. |

The company expects to exhaust the scheme over a two-year period. The options will have an exercise price of Rs. 10 per unit, which is at a deep discount to the current market price. The company has stated that the options will vest at a rate that is in line with achievement of key organizational performance metrics. SBI Cards has not disclosed these performance metrics. However, the RSUs / PSUs to be granted to employees will have time-based vesting and the employees will need to meet the required performance rating for the appraisal cycle immediately prior to the relevant vesting date: this aligns the interest of employees with that of shareholders.                                                                                                                                                |

| July to September 2023 | 24/07/2023 | TVS Motor Co. Ltd. | AGM | MANAGEMENT | Appoint M/s Sundaram & Srinivasan as statutory auditors for five years from the conclusion of the 2023 AGM and fix their remuneration for FY24 at Rs. 8.5 mn | FOR | FOR | The company proposes to appoint M/s Sundaram & Srinivasan as statutory auditors for five years starting from conclusion of 2023 AGM till the conclusion of 2028 AGM. V. Sankar Aiyar & Co, present auditors, at the 2023 AGM, completes two consecutive terms of five years each. The proposed pay of Rs. 8.5 mn for FY24 is in line with the audit fee paid to the previous auditor. The fees for the subsequent years will be decided by the board based on the recommendations of the Audit Committee. The proposed remuneration is reasonable compared to the size and scale of the company's operations. M/s Sundaram & Srinivasan were statutory auditors of Sundaram-Clayton Ltd (parent company) for 27 years, till 2017. Given there has been a sufficient cooling off period of more than 5 years, we support the resolution. |

For FY23, he was paid a remuneration of Rs. 126.3 mn, comprising Rs. 22.9 mn being fair value of 23,880 stock options granted in April 2022. His pay inclusive of stock options estimated at a minimum of ~Rs. 138.9 mn and a maximum of ~Rs. 272.9 mn, is commensurate with the size and scale of the company and in line with peers. Proposed pay is also aligned with investor interest, with ~20% of proposed pay in the form of stock option that are granted at market price. As a good practice, the company must disclose the likely quantum of stock options he is expected to receive over his term and clearly articulate performance metrics that determine variable pay. Further, proposed pay excluding stock options grants has been capped at Rs. 250.0 mn. |

Further, companies whose debt securities are listed as on the date of publication of the amendment shall amend their AoA to comply with the provision on or before 30 September 2023. The proposed changes include a provision for appointment of Debenture Trustee and deletion of the words "on poll" which is to reflect that voting at all general meetings of the company is done electronically. We support this addition as it is to bring the AoA in line with regulations. |

| July to September 2023 | 28/07/2023 | Atul Ltd.     | AGM | MANAGEMENT | Approve payment of commission to Non-Executive Directors upto 1% of net profits for five years from 1 April 2023                       | FOR | FOR | At the 2018 AGM, shareholders approved payment of commission to non-executive directors upto 1% of net profits for five years upto FY23. The company has been judicious in paying commission to non-executive directors in the past. Since approval, the commission payable has been in the range of 0.1% to 0.2% of standalone PAT, which is reasonable. While we support the payment of commission to the Non-Executive Directors of upto 1%, as it is in line with market practices, we believe the company must consider setting an absolute cap on the commission payable. |

| July to September 2023 | 28/07/2023 | Siemens Ltd.  | POSTAL BALLOT | MANAGEMENT | Appoint Anami Roy (DIN: 01361110) as Independent Director for five years from 1 May 2023                                           | FOR | FOR | Anami Roy, 73, is the Former Director General of Police, Maharashtra. He also served as Commissioner of Police for Mumbai, Pune, Navi Mumbai and Aurangabad; was a part of Special Protection Group in Delhi and was appointed as Advisor of Governor of combined state of Andhra Pradesh and Telangana by President of India in 2014. While he is serving as a Member of the Audit Committee, the level of his financial expertise is unclear. While we understand that he previously served as Chairperson of the audit committee of Bajaj Auto and member of audit committee for BHEL and HDFC Bank, the company needs to articulate its process to determine his expertise in the financial domain. Notwithstanding, his appointment is in line with statutory requirements. |

| July to September 2023 | 28/07/2023 | Siemens Ltd.                    | POSTAL BALLOT | MANAGEMENT | Approve sale and transfer of low voltage motors and geared motors business as a going concern on a slump sale basis to Siemens Large Drives India Private Limited (SLDIPL) for cash consideration of Rs. 22,000 mn and approve other related party transactions aggregating to Rs. 2000 mn in FY23 and Rs. 3000 mn in FY24 | FOR | AGAINST | Following a global strategy to exit the business, Siemens proposes to sell the low voltage motors and geared motors business to SLDIPL, which is a subsidiary of the parent company, Siemens AG. For FYE September 2022, the business was equivalent to 6.96% of the company's revenue from operations and 9.35% of the company's profit from operations. Further, for the half-year ended 31 March 2023, the business represented 6.09% of the company's revenue from operations and 9.26% of the company's profit from operations, which is significant in absolute and relative terms. We believe that at the implied enterprise value of Rs. 22.0 bn, the business undertaking appears to be undervalued when compared to proxy peers with similar operations. EV/Revenue of the undertaking: 2.1x v/s Peer Average of 4.7x and EV/EBITDA multiple of the BU is 15.5x v/s peer average of 39.4x. The EV of Siemens as on 8 July 2023 is ~Rs. 1,253.7 bn. At the implied value of ~Rs. 22.0 bn, the Business undertaking equates to only ~1.8% to the total EV of Siemens, while contributing 7% to the topline, 9% to the profits and with a negative capital employed. While we understand that various assumptions were used to arrive at the value of Rs. 22.0 bn, we believe that the company should have provided more granular information regarding the past performance, expected growth rates, and profitability of the business, which would have enabled us to make a more informed decision regarding the valuation of the business. The company should have presented the transactions in ordinary course of business and slump sale in two separate resolutions. |

| July to September 2023 | 01/08/2023 | Bosch Ltd. | AGM | MANAGEMENT | Approve material related party transactions aggregating to Rs. 67.0 bn per annum with Robert Bosch GmbH, the ultimate holding company, for three years from FY24 till FY26                         | FOR | FOR | Bosch Limited is a step-down subsidiary of Robert Bosch GmbH, Germany (RB GmbH). RB GmbH is the ultimate holding company which held 70.54% equity stake in the company through Robert Bosch Internationale Beteiligungen AG (67.76%) and Bosch Global Software Technologies Private Limited (2.78%). Bosch Limited primarily purchases goods and raw materials from RB GmbH, which in turn grants the company access to Bosch Group's synergies, state of the art products & technologies and competencies for the company to carry out its business operations, including its manufacturing activities. These transactions are operational in nature and accounted for ~29% of the company's standalone turnover in FY23. The company expects these transactions to aggregate to Rs. 67.0 bn per annum for three financial years from FY24 to FY26. We support these transactions as they are at an arm's length and in the ordinary course of business. However, we raise concern about the enabling nature of the approval, including 'other commercial transactions'. The company must provide granular disclosures on such types of transactions. |

The dividend payout ratio is 99.4% of standalone PAT. The payout ratio was 50.9% in FY22.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| July to September 2023 | 01/08/2023 | Bosch Ltd. | AGM | MANAGEMENT | Not to fill casual vacancy caused by the retirement of Markus Bamberger (DIN: 09200475) as Non-Executive Non-Independent Director                                                                  | FOR | FOR | Markus Bamberger, 56, is the Non-Executive Chairperson, Bosch Limited. He has served on the board since May 2021. He is currently the Chief Compliance Officer/Information Security and Privacy Office at Robert Bosch GmbH. He has attended all five board meetings in FY23. He retires by rotation. However, he has expressed his unwillingness to continue as a director on the board of the company and has not offered himself for reappointment. He will cease to be a director after the conclusion of the FY23 AGM. The company proposes not to fill in the vacancy caused on his retirement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| July to September 2023 | 01/08/2023 | Bosch Ltd. | AGM | MANAGEMENT | Ratify material related party transactions aggregating to Rs. 12.0 bn with Bosch Automotive Electronics India Private Limited, a fellow subsidiary, for FY23                                       | FOR | FOR | Through a separate resolution, the company is seeking shareholder ratification for transactions with Bosch Automotive Electronics India Private Limited aggregating to Rs. 12.0 bn in FY23, as it breached the materiality threshold as defined under SEBI LODR. While we do not support resolution #11, as it involves an element of financial assistance on part of the company, we note that the transactions undertaken by the company with BAEIPL were operational in nature, in the ordinary course of business and at an arm's length.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

| July to September 2023 | 01/08/2023 | Bosch Ltd.         | AGM | MANAGEMENT | Reappoint Dr. Gopichand Katragadda (DIN: 02475721) as Independent Director for five years from 4 December 2023                      | FOR | AGAINST | Dr. Gopichand Katragadda, 55, is the founder and CEO of Myelin Foundry – an Artificial Intelligence company. He is the former Group Chief Technology Officer and Innovation Head of Tata Sons. Prior to this, he was the Chairperson and Managing Director of GE India Technology Centre. He is also the Deputy President of the IET, Board of Trustees UK, and a member of the NASSCOM governing council for the Centre of Excellence for Data Science & AI. He has a BE degree in Electronics Engineering from Bangalore University and MS, PhD degrees in Electrical Engineering from Iowa State University. The company proposes to reappoint him as an Independent Director for five years from 4 December 2023. He has attended all five board meetings in FY23 (100%). However, as a member of the Audit Committee, he is accountable for the audit qualifications on the financial statements and internal financial controls: the company failed to seek shareholder approval in advance for related party transactions beyond the materiality threshold with a group company in FY23. Hence, we do not support his reappointment. |

Amendments to regulations require a company's AoA to provide for appointment of directors nominated by debenture trustees. The company proposes to amend their Articles of Association (AoA) by amending Clause 17.8. We support the alteration as it is being done to comply with the amendment in regulations.                                                                                                                                                                                                                                                                                                 |
| July to September 2023 | 01/08/2023 | Cholamandalam Investment & Finance Co. Ltd. | AGM | MANAGEMENT | Approve FY23 commission of Rs 10.0 mn to Vellayan Subbiah, Chairperson (subject to a maximum of 1% of net profits) in excess of 50% of total remuneration paid to Non-Executive Directors | FOR | FOR | The company proposes to pay profit related commission to Vellayan Subbiah for FY23 at Rs. 10.0 mn (59.5% of commission paid to all non-executive directors): which exceeds 50% of the total remuneration payable to all non-executive directors. The commission is capped at Rs 10.0 mn and would be within the ceiling of 1% of net profits as approved by shareholders at the 2019 AGM. His commission is reasonable given the size and scale of operations. We understand that as promoter, he plays a material role in establishing strategic direction and governance structures – even while in a non-executive capacity.                                                                      |

She has over two decades of experience in corporate finance function. Prior to joining the company, she served as CFO of Greaves Cotton Limited, a listed company in the engineering industry. The company proposes to appoint her as an Executive Director w.e.f. 8 May 2023 (see resolution #5). She is liable to retire by rotation. Her appointment is in line with statutory requirements.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| July to September 2023 | 02/08/2023 | VIP Industries Ltd. | AGM | MANAGEMENT | Appoint Ms. Neetu Kashiramka (DIN: 01741624) as Executive Director and Chief Financial Officer for five years from 8 May 2023 and fix her remuneration                      | FOR | FOR     | As CFO, she received Rs. 28.1 mn in FY23 (including fair value of apportioned ESARs). We estimate her FY24 remuneration in the range of Rs. 32.5 mn to Rs. 44.4 mn, which is slightly high for the size and scale of the company. She will also be eligible for performance-linked incentive and employee stock appreciation rights at the discretion of the Nomination and Remuneration Committee. We expect companies to disclose performance metrics that determine variable pay and cap the remuneration payable in absolute terms. Notwithstanding, she is a professional whose skills carry market value.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| July to September 2023 | 02/08/2023 | VIP Industries Ltd. | AGM | MANAGEMENT | Approve modification to the VIP Employees Stock Appreciation Rights Plan 2018 to increase ESARs exercisable into a maximum of 1,706,587 equity shares of face value Rs. 2.0 | FOR | AGAINST | At the 2018 AGM, shareholders approved the VIP Employees Stock Appreciation Rights Plan 2018 (VIP ESAR 2018), which also covers employees of its subsidiaries. According to the company - due to an increase in the price of the company's equity shares, the present limit of 706,587 equity shares would not be sufficient for allotment against exercise of ESARs in the future. Accordingly, the company proposes to increase the present limit of 706,587 equity shares to 1,706,587 equity shares of face value Rs. 2.0 each. As per the original plan, the ESARs could be granted at a discount of 40% to the market price on the date of grant. While we recognize the company wishes to increase the maximum limit to attract and retain employees, we do not favour ESAR schemes where the exercise price is at a significant discount to market price. ESARs are 'pay at risk' options that employees accept at the time of grant. The inherent assumption of an ESAR scheme is that there could be possible downside risks – and that employees may not be rewarded in case of adverse stock price movements. Here the downside risk is protected by issuing ESARs at a significant discount. |

| July to September 2023 | 02/08/2023 | VIP Industries Ltd.             | AGM | MANAGEMENT | Approve payment of commission to Non-Executive Directors upto 5% of net profits                                                                                 | FOR | AGAINST | The company is now seeking approval to pay Non-Executive Directors upto 5% of net profits in any year. If approved, the current resolution would supersede the March 2019 Postal Ballot approval. Dilip G Piramal is the only non-executive director to receive commission from the company in FY22 and FY23. His proposed FY23 remuneration of Rs. 68.2 mn is ~3.5% of standalone profits, which is high. Further, based on the previous payouts, we expect a bulk of the commission to be paid to him. Given that the company has not defined a tenure for payment of commission, the resolution is effectively valid in perpetuity. We do not support resolutions in perpetuity: shareholders must get a chance to periodically review and vote on such payments. Further, we also do not support the resolution as we believe the threshold of 5% of profits is significantly high.                                                          |
| July to September 2023 | 02/08/2023 | VIP Industries Ltd.             | AGM | MANAGEMENT | Approve payment of Rs. 68.2 mn as commission to Dilip G. Piramal (DIN:00032012), in excess of 50% of total remuneration paid to Non-Executive Directors in FY23 | FOR | AGAINST | Dilip G. Piramal's FY23 commission at Rs. 68.2 is ~3.5% of standalone profits, which is significantly high. He is the only non-executive director to receive commission from the company. While we note that as founder and promoter, he is responsible for the overall performance of the company and the group, the proposed commission is very high for a non-executive role in the company. The proposed commission payout is almost 1.4x of that paid to the MD, Anindya Dutta. We believe this may have material implications for the chain of command within and outside the organization. As a good practice, companies must cap remuneration in absolute terms. We also raise concern that he is a member of the Nomination and Remuneration Committee, which inherently is a conflict of interest. We raise concern that managerial (promoter family + professional ED) remuneration is high at 6.8% of the consolidated PBT for FY23. |

Amendments to regulations require a company's AoA to provide for appointment of directors nominated by debenture trustees. The company proposes to amend their Articles of Association (AoA) by amending Article 97A. We support the alteration as it is being done to comply with the amendment in regulations. We recognize that the nominee appointed by the debenture trustees will not be liable to retire by rotation. While we generally do not support the appointment of directors not liable to retire by rotation as it creates board permanency, we recognize that this ensures protection of lenders' interest and is being done to comply with regulations.                                                                                                                                             |

He has been with the company since October 2014 and has worked in various capacities in various departments. He was also involved with operational functions such as technical, operations and HSEQ and served as Executive Assistant to the President Shipping before his current role as Executive Assistant to the Deputy Chairman and Managing Director. His remuneration in FY23 aggregated Rs. 5.4mn. Given the intention to increase his responsibilities, the company proposes to increase the cap on his aggregate remuneration to Rs. 10.0 mn plus other benefits, from the earlier cap of Rs. 6.0mn plus benefits. We expect his remuneration to see a gradual increase to Rs. 10.0 mn from current levels. The company must however articulate how it has benchmarked his compensation, both internally and externally. |

For FY23, remuneration paid to Ramnath Krishnan was Rs. 50.4 mn, ~4.3% of FY23 standalone PBT. His proposed pay estimated at Rs. 56.8 mn, could exceed the regulatory threshold of 5% of PBT, but is nonetheless broadly in line with peers and commensurate with experience and skill set. He is a professional, whose skills carry a market value. Further, he is also entitled to stock options; however, under the company's ESOS 2018 stock option plan, no ESOP's have been granted till date. |

The company seeks approval to appoint him as an Executive Director for three years from 4 August 2023. Girish Satarkar's estimated proposed pay of Rs. 19.6 mn which is in line with his peers and commensurate with the size and complexity of the business. Further he is a professional whose skills carry market value. As a good governance practice, companies must cap the variable pay to directors in absolute terms and must disclose the performance parameters that determine variable pay.                                                                                                                                                                                                                                   |
| July to September 2023 | 04/08/2023 | Deepak Nitrite Ltd. | AGM | MANAGEMENT | Approve payment of commission to Non-Executive Directors from FY24 onwards                                                                                                             | FOR | AGAINST | The company seeks approval to pay commission to Non-Executive Director from FY24 onwards. In the 2019 AGM the company sought approval for payment of managerial remuneration in excess of regulatory limits under section 197 for all subsequent financial years from FY20 in perpetuity. This allows the company to pay commission to non-executive directors in excess of 1%. In the past the commission paid has been within the range of 0.2% to 0.4% of net profits. However, the company has not capped the commission payable and has not defined a tenure for payment of commission, the resolution is effectively valid in perpetuity. We do not support resolutions in perpetuity: shareholders must get a chance to periodically review such payments.                                                                                                                  |
| July to September 2023 | 04/08/2023 | Deepak Nitrite Ltd. | AGM | MANAGEMENT | Approve payment of remuneration to promoter executive directors in excess of limits under Regulation 17 of SEBI's LODR till expiry of their term                                       | FOR | AGAINST | The aggregate remuneration paid to promoter Executive Directors in FY23 was Rs 287.8 mn i.e., ~4.7% of standalone profits of FY23. The remuneration structure of Deepak Mehta, the promoter and Chairperson and Managing Director, does not cap the commission payable to him. Further, he draws commission from a wholly owned unlisted subsidiary, Deepak Phenolics. We believe this structure of paying remuneration via a subsidiary is not a good practice as it deprives shareholders of the opportunity to vote on that part of the remuneration. The proposed resolution is enabling and the company has not capped the remuneration payable. We believe that companies must not seek blanket approvals to exceed remuneration limits as defined under regulations. They must embed such provisions, if necessary, into remuneration resolutions for individual directors. |

| July to September 2023 | 04/08/2023 | Greenlam Industries Ltd. | AGM | MANAGEMENT | Approve amendment to the Articles of Association                                                                                    | FOR | FOR | Amendments to regulations now require a company's AoA to provide for appointment of directors nominated by debenture trustees. The company proposes to renumber existing article 178 as Article 178.1 and add Article 178.2 of the AoA following this amendment. The nominee director will not be liable to retire by rotation. While we generally do not support the appointment of directors not liable to retire by rotation as it creates board permanency, we recognize that this ensures protection of lenders' interest and is being done to comply with regulations. The company should have disclosed the draft AoA on its website. |

| July to September 2023 | 04/08/2023 | Mahindra & Mahindra Ltd. | AGM | MANAGEMENT | Approve amendment to the Articles of Association                                                                                    | FOR | FOR | Amendments to regulations now require a company's AoA to provide for appointment of directors nominated by debenture trustees. The company proposes to amend Article 104 of the AoA following this amendment. The nominee director will not be liable to retire by rotation and can be nominated to board committees. While we generally do not support the appointment of directors not liable to retire by rotation as it creates board permanency or committee nomination rights, we recognize that this ensures protection of lenders' interest and is being done to comply with regulations.                                            |

| July to September 2023 | 04/08/2023 | Mahindra & Mahindra Ltd. | AGM | MANAGEMENT | Approve material related party transactions between Mahindra Susten Private Limited (MSPL) and Sustainable Energy Infra Trust (SEIT) upto Rs. 35.0 bn per annum for five years from FY24 | FOR | AGAINST | MSPL is a 70% indirect subsidiary of M&M. SEIT is a proposed InvIT with MSPL and Ontario Teachers' as sponsors. The setting up of the InvIT is part of the larger partnership between Mahindra Group and Ontario Teachers' in the renewables energy sector. The partnership will enable M&M to unlock value in the Renewable Energy Business, significantly scale up the platform by continuing to invest along with Ontario Teachers'. MSPL plans to add 5.5 GWP of renewable assets over the next five years, which it will sell to SEIT (after holding it for 1 – 2 years). The proposed transactions are enabling in nature and include transactions for sale/ transfer of securities held by MSPL in its subsidiaries and any transfer of resources, services or obligations including repayment of obligations by SEIT on behalf of its subsidiaries. We raise concerns that MEPL will be allowed to sell/transfer any securities held by the company in its subsidiaries annually to Sustainable Energy Infrastructure Trust upto Rs. 27.0 bn or 2.7% of annual consolidated turnover, whichever is higher. The company should seek shareholders' approval when there is clarity on the valuation and consideration of the sale/transfer. The overall limit of Rs. 35.0 bn (for sale/transfer of securities and transfer of resources) is high at 883% of MSPL's revenues. |
| July to September 2023 | 04/08/2023 | Mahindra & Mahindra Ltd. | AGM | MANAGEMENT | Approve material related party transactions with certain subsidiary / associate companies for five years from FY23                                                                       | FOR | AGAINST | Mahindra and Mahindra Limited propose to enter transactions with identified subsidiaries / associates for five years from FY24. The annual transaction limits have been capped as a percentage of M&M's consolidated turnover or absolute limits, whichever is higher. While the proposed limits are higher than the existing level of transactions, we recognize that the approval is for a five-year period and additional headroom is required considering the growth plans of the related parties. The proposed transactions are in the ordinary course of business and at arm's length price. The nature of proposed transactions is enabling – including sale/purchase of plants, property and equipment and any other transfer of resources. We raise concerns that M&M will be allowed to sell/transfer any securities held by the company in its subsidiaries annually to Sustainable Energy Infrastructure Trust upto Rs. 8.5 bn or 0.85% of annual consolidated turnover, whichever is higher. The company should seek shareholders' approval when there is clarity on the valuation and consideration for the sale/transfer.                                                                                                                                                                                                                                          |
| July to September 2023 | 04/08/2023 | Mahindra & Mahindra Ltd. | AGM | MANAGEMENT | Approve payment of remuneration to Anand Mahindra as Non-Executive Chairperson for FY24 in excess 50% of remuneration paid to all non-executive directors                                | FOR | FOR     | Anand Mahindra was paid remuneration of Rs. 51.4 mn as a Non-Executive Chairperson for FY23. Based on his remuneration terms approved in the 2021 AGM, we estimate Anand Mahindra's annual remuneration at Rs. 62.5 mn – Rs. 75.0 mn. We understand that as a promoter, he will play a material role in establishing strategic direction and governance structures – even while being in a non-executive capacity.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| July to September 2023 | 04/08/2023 | Mahindra & Mahindra Ltd. | AGM | MANAGEMENT | Revise limits of related party transactions with certain subsidiary / associate companies for four years from FY24                                                         | FOR | FOR | Mahindra and Mahindra Limited proposes to revise limits of related party transactions with Swaraj Engines Limited, Classic Legends Private Limited and CIE Automotive India Limited. The annual transaction limits have been capped as a percentage of M&M's consolidated turnover or absolute limits, whichever is higher. While the proposed limits were higher, now the new proposed limits have exceeded the threshold and we recognize that the approval is for a four-year period and additional headroom is required considering the growth plans of the related parties. Further, most of the limits pertain to sale and purchase of goods and related items. The transactions are operational in nature, in the ordinary course of business and at arm's length price. |

| July to September 2023 | 08/08/2023 | KEC International Ltd.                | AGM | MANAGEMENT | Adoption of standalone and consolidated financial statements for the year ended 31 March 2023                     | FOR | FOR | The auditors have called raised an emphasis of matter regarding the company's net exposure of Rs. 2.52 bn (including exposure of Rs. 0.79 bn in the Afghanistan branch) after netting off advances, liabilities (including contract liabilities) and proposed settlement with a funding agency from its transmission line projects in Afghanistan as on 31 March 2023, which are currently on hold due to Force Majeure event. The timing of the recovery of the said exposure is dependent upon the geopolitical environment in Afghanistan and negotiations with international funding agencies. Further, the auditors of the Afghanistan branch have also placed an emphasis of matter regarding the same issue, including the bank guarantees issued in respect of these ongoing projects are also currently not enforceable due to the force majeure event. The auditor's opinion is not modified in respect of this matter. Based on the auditors' report, which is unqualified, the financial statements are in accordance with generally accepted accounting policies and Indian Accounting Standards (IND-AS). |

| July to September 2023 | 08/08/2023 | KEC International Ltd. | AGM | MANAGEMENT | Approve material related party transactions upto Rs. 20.0 bn between KEC International Limited and / or its subsidiaries with Al Sharif Group & KEC Company Limited (ASKEC), a subsidiary company, for FY24 | FOR | FOR | The company is seeking approval for related party transactions with ASKEC aggregating up to Rs. 20.0 bn for FY24. The company proposes to enter into transactions with ASKEC for sale, purchase, lease or supply of goods such as fabricated structures, towers and other business assets or equipment, availing or rendering of shared services, providing guarantees on behalf of ASKEC and charges related thereto, any other services incidental to the execution of the projects and transfer or exchange of any resources, services or obligations to meet business objectives/requirements. The transactions are in the ordinary course of business and on an arm's length basis. However, the company must disclose granular details to justify this significant jump in proposed limits – such transactions amounted to Rs. 3.2 bn in FY23. Further, we recommend shareholders to engage with the company to understand the divergence in financial support provided to ASKEC vis-à-vis the Joint Venture partners' shareholding in the company. |
| July to September 2023 | 08/08/2023 | KEC International Ltd. | AGM | MANAGEMENT | Approve payment of commission aggregating Rs. 23.6 mn to Harsh V. Goenka as Non-Executive Chairperson for FY23, in excess of 50% of the total annual remuneration payable to all non-executive directors    | FOR | FOR | The board proposes to pay Harsh V. Goenka commission of Rs. 23.6 mn as a Non-Executive Chairperson for FY23. His commission is reasonable at 1.5% of FY23 profit before tax and commensurate with the size and scale of operations. As promoter, he plays a material role in establishing strategic direction – even while being appointed in a non-executive capacity. Thus, we support the resolution. However, the company must disclose the basis of determining his annual commission from KEC.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

| July to September 2023 | 08/08/2023 | KEC International Ltd. | AGM | MANAGEMENT | Increase borrowing limit (including fund based and non-fund based) from Rs. 200.0 bn to Rs. 250.0 bn                                                                   | FOR | FOR | As on 31 March 2023, the company's banking facilities (including fund based and non-fund based) utilized stood at Rs. 176.69 bn. The company's FY23 order intake stood at Rs. 223.78 bn, a 30% increase compared to previous year. The company's order book as on 31 March 2023 stood at Rs. 305.5 bn. To fulfil the existing orders and meet the requirements of higher working capital, the company will require additional headroom in its borrowing limits. Thus, the company seeks approval to increase its borrowing limits (including fund based and non-fund-based facilities) to Rs. 250.0 bn. The company's debt facilities are rated at ICRA AA-/Negative/ICRA A1+, which denotes a high degree of safety regarding timely servicing of debt instruments. |

| July to September 2023 | 08/08/2023 | Sobha Ltd.       | AGM | MANAGEMENT | Reappoint Jagadish Nangineni (DIN: 01871780) as Director, liable to retire by rotation                                                                                  | FOR | AGAINST | Jagadish Nangineni, 44, is Managing Director of the company. He has been associated with Sobha since November 2009 in senior strategic and operational roles. He initially stepped down from the board in February 2021 and was reappointed to the board on 1 April 2022. He has attended all five board meetings held in FY23. We note that there is an ongoing litigation involving him and the Enforcement Directorate before the Delhi High Court. Therefore, we raise concern that this could be a potential distraction to the board and to him in his ability to execute his responsibilities as Managing director of the company. We believe he should be reappointed on the board only after this matter has been resolved. |

| July to September 2023 | 08/08/2023 | Tata Motors Ltd. | AGM | MANAGEMENT | Approve related party transactions of the company and its wholly owned subsidiaries, Tata Motors Passenger Vehicles Ltd (TMPVL) and Tata Passenger Electric Mobility Limited (TPEML) with Tata Capital Financial Services Ltd (TCFSL) during FY24                         | FOR | FOR | The company seeks approval for RPTs between TML and TCFSL of upto Rs. 62.0 bn, between TMPVL and TCFSL of upto Rs 34.0 bn and between TPEML and TCFSL of upto Rs 10.0 bn. As stated in the meeting notice, TCFSL's Channel Financing program ensures timely availability of finance for channel partners with convenient re-payment terms. Further, TCFSL provides invoice and purchase discounting services to the company and its wholly owned subsidiaries, TMPVL and TPEML, which helps in managing cash flow pressure. The transactions are at arms length and in the ordinary course of business. The company must clearly disclose the value of past transactions with the related party in the shareholder notice. We have observed a mismatch in the aggregate value of RPTs for FY23 between TML and TCFSL and TMPVL and TCFSL as disclosed in TCFSL's annual report and stock exchange filings made by the company: the company must explain this discrepancy.                                                                                                                                                                       |
| July to September 2023 | 08/08/2023 | Tata Motors Ltd. | AGM | MANAGEMENT | Approve related party transactions of the company and its wholly owned subsidiaries, Tata Motors Passenger Vehicles Ltd (TMPVL) and Tata Passenger Electric Mobility Ltd (TPEML), with Fiat India Automobiles Private Ltd (FIAPL), a joint operations company during FY24 | FOR | FOR | The company seeks approval for related party transactions of upto Rs 25.0 bn between Tata Motors Ltd and FIAPL, of upto Rs 305.0 bn between TMPVL and FIAPL and Rs 60.55 bn between TPEML and FIAPL. The proposed transactions of purchase / sale of vehicles / parts / components / services, interest received and paid on outstanding balances are operational in nature and at arm's length. Further, funding transactions between TML and FIAPL are capped at Rs 1.0 bn. At the AGM of July 2022, the company had obtained approval for aggregate RPTs of Rs. 405.00 bn between TMPVL, TPEML and FIAPL during FY23. However, there were transactions related to sale of vehicle parts and components between Tata Motors Ltd and FIAPL amounting to Rs.15.47 bn during FY23. The company is seeking approval for ratification of these transactions as well. We believe that the company should have sought prior approval of the shareholders. However, we support the transactions since they were in the ordinary course of business and at arm's length price.                                                                         |
| July to September 2023 | 08/08/2023 | Tata Motors Ltd. | AGM | MANAGEMENT | Approve related party transactions of the company and/or TMF Holdings Ltd (TMFHL), a wholly owned subsidiary, with Tata Cummins Private Ltd (TCPL), a Joint Operations company during FY24                                                                                | FOR | FOR | Tata Cummins Private Limited (TCPL), a 50:50 joint venture of the company and Cummins Inc, USA, was set up to meet business requirements of both the JV partners and achieve overall efficiencies in manufacture of engines. The company seeks approval for purchase of goods/services upto Rs 72.5 bn from TCPL and for ICDs not exceeding Rs 0.5 bn outstanding at any point in time, to TCPL in FY24. Further, approval is sought for short-term financing facility for discounting of invoices of TCPL provided by TMFHL of upto Rs 11.0 bn in FY24. The proposed transactions will help in smooth business operations. The transactions are in the ordinary course of business and at arm's length. We note that the company had received shareholder approval for transactions aggregating to Rs. 42.0 bn between TMFHL and TCPL in the 2022 AGM. However, the actual value of transactions in FY23 is Rs 42.96 bn. The RPT policy allows variation of upto 25% in the value of transactions. We understand that as this is not a material modification under the policy, shareholder approval has not been sought for the excess amount. |

| July to September 2023 | 08/08/2023 | Tata Motors Ltd. | AGM | MANAGEMENT | Approve related party transactions of the company with Tata Steel Limited (TSL), Tata Steel Downstream Products Ltd (TSDPL), subsidiary of TSL and Poshs Metals Industries Pvt Ltd (a third party) through dealers of TSL during FY24 | FOR | FOR | Tata Steel Limited (TSL) is an associate of promoter company, Tata Sons Private Limited and Tata Steel Downstreams Products Limited is a subsidiary of TSL. As a part of business operations, Tata Steel Limited (TSL) enters into various transactions with Tata Motors, directly as well as through Poshs Metal Industries Private Limited (PMIPL). PMIPL along with dealers of TSL are third parties. Tata Motors procures steel from dealers of TSL which in turn procures the steel from TSDPL, a subsidiary of TSL, at a price negotiated between the company and TSL. TSL has a Vendor Servicing Model (VSM) arrangement with TSDPL and PMIPL. Through this arrangement, TSDPL and PMIPL supplies coils, sheets, plates, coated products etc., to Tata Motors. The price at which these goods are supplied by TSDPL and PMIPL to Tata Motors is negotiated between Tata Steel and Tata Motors. TSDPL and PMIPL, the VSM partners, are responsible for processing and packaging of coils supplied by Tata Steel, taking care of outbound freight, managing inventory, overheads, and receivables for Tata Steel. The proposed limit for transactions is Rs. 42.4 bn in FY24. The proposed transactions are in the ordinary course of business and at arm's length price |
| July to September 2023 | 08/08/2023 | Tata Motors Ltd. | AGM | MANAGEMENT | Approve related party transactions of upto Rs 41.0 bn between Tata Cummins Private Ltd (TCPL), a Joint Operations company, and its related parties during FY24                                                                        | FOR | FOR | Tata Cummins Private Limited (TCPL) is a 50:50 joint venture between the company and Cummins Inc, USA. The company seeks approval to undertake transactions between TCPL and its related parties of upto Rs 41.0 bn in FY24. The proposed transactions include sale & purchase of goods, dividend, royalty (not exceeding Rs.1.26 bn), services received & rendered, warranty and purchase & sale of fixed assets. As stated in the notice, the transactions of TCPL with its related parties will help in smooth flow of operations and a consistent flow of required quality and quantity of facilities and that the transactions would be at arm's length. A large part of the transactions proposed are operational in nature and in the ordinary course of business. Even so, the company must disclose the past transactions of TCPL with its related parties. Further, the company has uploaded the list of related parties of TCPL as on 31 March 2022 on its company website. The company must upload the latest list of related parties of TCPL.                                                                                                                                                                                                                    |

| July to September 2023 | 09/08/2023 | SBI Cards and Payment Services Ltd. | AGM | MANAGEMENT | Authorise the board to fix remuneration of statutory auditors appointed by the Comptroller and Auditor General of India for FY24      | FOR | FOR | The Comptroller & Auditor General of India (C&AG) appoints the statutory auditors. As per Section 142 of the Companies Act, 2013, shareholder approval is required to authorize the board to fix the remuneration of statutory auditors at appropriate level. The C&AG appointed Joint Statutory Auditors Mahesh C Solanki & Co., and Ambani & Associates LLP for FY23. The audit fee paid in FY23 was Rs. 3.6 mn and total auditor remuneration was Rs. 6.0 mn, commensurate with the size and complexity of the company: we expect audit fees in FY24 to be in same range.                                                                                                                                                                        |

Such instruments are to be issued upfront and are to be valid till the completion of all obligations under the contract. In FY23, the Middle East region order book stood at ~Rs. 972.0 bn, which constituted ~87% of the International Order Book of Rs. 1,117.8 bn (on a consolidated basis) We expect companies to come up with separate resolutions for related party transactions as this would enable the shareholders to vote on transactions with each counter-party separately                                                                                                                                                                                                         |
| July to September 2023 | 09/08/2023 | Larsen & Toubro Ltd. | AGM | MANAGEMENT | Approve material related party transactions up to Rs. 12.0 bn with L&T Special Steels and Heavy Forgings Private Limited from the FY23 AGM till the FY24 AGM or fifteen months, whichever is earlier                                                                                                                                                               | FOR | FOR | L&T's Heavy Engineering & Defence Engineering business bids for various projects (including defence contracts of the Government). Some of these contracts require procurement of forgings and LTSSHF is a prequalified supplier for most of the clients. The Heavy Engineering business revenue of 36.6 bn reflected a strong growth over the previous year. The operating margin of the business declined from 19.0% to 16.0%, mainly due to time and cost overruns. This segment recorded an Order inflow of Rs. 36.4 bn in FY23, an annual growth of 12.8%. 48% of these orders were export orders. Ordering activity was subdued during FY23 largely due to deferral of orders in the Nuclear Equipment System business and Fertilizer & Petrochemicals business. The company is expected to bid for various projects in FY24. However, we raise concern that the company has written off significant ICDs given to LTSSHF over the years. We note that LTSSHF has accumulated losses over the years, however, the statutory auditors have not qualified their opinion on this aspect. Notwithstanding, since these transactions are largely operational in nature, in the ordinary course of business and at arm's length. |

| July to September 2023 | 09/08/2023 | Larsen & Toubro Ltd. | AGM | MANAGEMENT | Approve material related party transactions up to Rs. 30.0 bn with Nuclear Power Corporation of India Limited, related party of a subsidiary, from the conclusion of the FY23 AGM till the FY24 AGM, or fifteen months, whichever is earlier | FOR | FOR | The transactions are for sale, lease or supply of goods or business assets or equipment, rendering of services and transfer of any resources, services or obligations to meet its business objectives or requirements. While the company has undertaken such transactions with NPCIL before, they were not mandated to categorize NPCIL as a related party. The recent amendments in the SEBI LODR require the related party of subsidiary to be classified as a related party and all transactions above the materiality threshold of 10% of annual consolidated turnover or Rs. 10.0 bn, whichever is higher, require shareholder approval. We take comfort from the fact that these transactions are in the ordinary course of business and on an arm's length basis and NPCIL is a state-owned enterprise.                                                                                                                                                                                                                                                                                                                                               |

| July to September 2023 | 10/08/2023 | Ramco Cements Ltd.     | AGM | MANAGEMENT | Adoption of standalone and consolidated financial statements for the year ended 31 March 2023                       | FOR | FOR | We have relied upon the auditors' report, which has not raised concerns on the financial statements. Based on the auditors' report, which is unqualified, the financial statements are in accordance with generally accepted accounting policies and Indian Accounting Standards (IND-AS). We raise concern over audit independence given that one of the statutory auditors has had a long association with the group. The statutory auditors Ramakrishna Raja and Co. were statutory auditors of Rajapalayam Mills Limited (a Promoter company) till FY17, the year in which they were appointed as joint statutory auditors of Ramco Cements and Ramco Industries Limited.                                                                                          |
| July to September 2023 | 10/08/2023 | Ramco Cements Ltd.     | AGM | MANAGEMENT | Approve increase in borrowing limits from Rs. 50.0 bn to Rs. 100.0 bn                                               | FOR | FOR | The Ramco Cement's standalone debt on 31 March 2023 was Rs. 44.8 bn which is around 90% utilization of the existing limits. The company had incurred capital expenditure of Rs. 17.65 bn in FY23 and from the company's disclosures we understand capital expenditure in FY24 will be around Rs. 16.42 bn. While the limit sought is large considering the company's capex plans, Ramco Cements' debt is rated ICRA AA+(Stable)/ICRA A1+ which denotes high degree of safety in the timely servicing of financial obligations. Further, the company's debt to equity is 0.7x and the standalone net worth is Rs. 67.9 bn as on 31 March 2023. In the past the company has been judicious in raising debt and we expect the company to continue to do so in the future. |

| July to September 2023 | 10/08/2023 | Avenue Supermarts Ltd. | AGM | MANAGEMENT | Approve material related party transactions for investing in Avenue E-Commerce Ltd (AEL): a 99.88% subsidiary upto Rs. 3.5 bn from the conclusion of the FY23 AGM till the FY24 AGM                                           | FOR | FOR | The company seeks approval to make further investments in AEL. The company has made investments of Rs. 7.12 bn in AEL as on 31 March 2023. The investments will be made from funds earmarked by the Company to support AEL for expanding online business based on valuation received from registered valuer. AEL is a 99.88% subsidiary – while the investment may reduce overall liquidity in the standalone entity, it has no material implications for the company's consolidated capital structure. We note that AEL has been reporting losses since inception – therefore, an equity infusion will support the funding of past losses and strengthen the subsidiary's capital structure. |

| July to September 2023 | 10/08/2023 | Bharat Forge Ltd.      | AGM | MANAGEMENT | Approve material related party transactions with Kalyani Steels Limited, a promoter-controlled entity, for three years from FY25 till FY27                      | FOR | FOR | Kalyani Steels Limited (KSL) is a manufacturer of forging and engineering quality carbon & alloy steel using the blast furnace route. The Kalyani family directly and indirectly owns 64.70% in the KSL, with the balance 35.3% being held by the public. The transactions with Kalyani Steels Limited are in the nature of purchase of raw material, sale of scrap and other transactions. These transactions accounted for ~ Rs. 5.1 bn i.e., 4.9% of the company's standalone turnover in FY23. The company expects these transactions to aggregate to Rs. 10.0 bn in FY24 and Rs. 15.0 bn in FY25. Post FY25, the company expects these transactions to increase by 20% on a YoY basis till the end of FY27. KSL was initially promoted to cater to raw material requirements of the Kalyani Group. However, over time it has diversified to include other OEMs as well. The transactions for purchase of raw materials accounted for ~18% of the Cost of Goods Sold for Bharat Forge in FY23 and ~32% of KSL's turnover in FY23. We support these transactions as they are operational in nature, at an arm's length and in the ordinary course of business. However, the company must make granular disclosures on the need for a significant increase in proposed limits (~145% over FY23 transactions). |
| July to September 2023 | 10/08/2023 | Bharat Forge Ltd.      | AGM | MANAGEMENT | Approve material related party transactions with Saarloha Advanced Materials Private Limited, a promoter-controlled entity, for three years from FY25 till FY27 | FOR | FOR | Loans which are provided to Saarloha is Rs1.35bn which is ~7% of total transaction amount (Rs19.8bn) @ 8.25% interest rate with tenure of 3 years. The funds will be utilized for the purpose of setting up exclusive capacity for BFL. Saarloha is situated next to the BFL facility for manufacturing the speciality grade of steel, which enables Bharat Forge to be more cost competitive in many ways including managing RM inventory to cater to customer demand. Therefore, we vote in favour.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| July to September 2023 | 10/08/2023 | Bharat Forge Ltd.    | AGM | MANAGEMENT | Approve revision in remuneration of B.P. Kalyani (DIN: 00267202) as Executive Director from FY24 till the end of his tenure on 22 May 2026       | FOR | FOR | B.P. Kalyani, 60, is an Executive Director of the company. He has been on the board since 23 May 2006. He was last reappointed as an Executive Director in the 2021 AGM. He has received a remuneration of Rs. 43.0 mn in FY23. The company proposes to revise his remuneration terms to include a component of Long-Term Cash Incentive. As per his proposed remuneration terms, we estimate his annual remuneration to be Rs. 59.6 mn. We believe his remuneration is in line with peers and commensurate to the size and complexity of the business. Further, we recognize that he is a professional and his skills carry a market value. While the company has capped his commission to 120% of his fixed compensation, they must also endeavor to put an absolute cap on his commission. They must also disclose the performance metrics that will be used to determine his variable payout. |

He has over a decade of experience in the textile industry. He received Rs. 22.9 mn in FY23 which was 106x the median employee remuneration We estimate his FY24 remuneration to be in the range of Rs. 36.7 – Rs. 80.3 mn. We note that the company has been judicious in its payouts as it has not crossed the Rs. 40.0 mn cap set as per his previous terms. Notwithstanding, his overall remuneration is capped at a maximum of Rs. 75.0 mn (including variable pay), over his term of five years, which is a good practice. |

| July to September 2023 | 10/08/2023 | Bata India Ltd.      | AGM | MANAGEMENT | Approve payment of commission to non-executive directors upto 1% of profits for five years from 1 April 2023                                                          | FOR | FOR | During FY19 to FY23 the commission paid to Non-Executive Directors has been in the range of 0.1% to 0.5% of standalone profits before tax. We support the payment of commission to the Non-Executive Directors upto 1%, as it is in line with market practices. Even so, we believe the company must consider setting an absolute cap on the commission payable. We expect the board to remain judicious in the commission payouts.                                                                                                                                                                                                                        |

| July to September 2023 | 10/08/2023 | Tata Steel Ltd.         | NCM | MANAGEMENT | Approve scheme of amalgamation between Tata Metaliks Limited (TML) and Tata Steel Limited (TSL)                                         | FOR | FOR | TSL proposed to amalgamate TML, its 60.03% subsidiary, with itself. Public shareholders of TML will receive 79 fully paid-up shares of TSL for every 10 shares held in TML. Based on the market price of equity shares of TSL and TML on the date of announcement of the amalgamation (23 September 2022), the proposed share exchange ratio appears to be reasonable. The transaction will result in a dilution of 0.8% on the expanded capital base of TSL. The proposed merger will result in simplification of group structure and may result in synergy benefits including rationalization of logistics and distribution costs, central procurement of raw material, operational efficiencies due to centralization of inventory, common management and operational integration and better facility utilization. |

| July to September 2023 | 10/08/2023 | Galaxy Surfactants Ltd. | AGM | MANAGEMENT | Approve payment of commission to non-executive directors upto 1% of profits for five years from 1 April 2024                                      | FOR | FOR | For FY23, non-executive directors (including promoters) were paid a commission of Rs 7.2 mn or 0.15% of consolidated PBT. The company seeks shareholder approval to continue to pay commission to NEDs at a maximum of 1% of profits for five years from 1 April 2024. We expect the company to be judicious in its payouts as it has been in the past. As a good practise, as companies grow, we expect them to cap commission to non-executive directors in absolute terms. |

| July to September 2023 | 10/08/2023 | Clean Science and Technology Ltd. | AGM | MANAGEMENT | Approve grant of Clean Science and Technology Limited Employee Stock Option Scheme 2021 (CTSL ESOS 2021) to eligible employees of subsidiaries  | FOR | AGAINST | The company proposes to expand the size of the scheme to 350,000 options and extend the scheme to employees of its subsidiaries. The exercise price is to be determined by the Nomination and Remuneration Committee and the last grant was issued at a 65.8% discount to market price. We do not favour ESOP schemes where there is no clarity on the exercise price, or the options are granted at a significant discount to the market price. ESOPs are 'pay at risk' options that employees accept at the time of grant, which is protected if the ESOPs are issued at significant discount to the market price. Therefore, we do not support the modification to the scheme. |

| July to September 2023 | 10/08/2023 | Dabur India Ltd. | AGM | MANAGEMENT | Approve amendment in Articles of Association (AoA) to comply with the amended regulations on issue and listing of non-convertible securities and alignment with the Companies Act 2013 | FOR | FOR | Amendments to regulations now require a company's AoA to provide for appointment of directors nominated by debenture trustees. The company proposes to amend their AoA by including Article 68A following this amendment. While we generally do not support the appointment of directors not liable to retire by rotation as it creates board permanency, we recognise that this ensures protection of lenders' interest and is being done to comply with regulations. Further, the current AoA still contains provisions applicable under the Companies Act, 1956. The company proposes to align the proposed AoA with the provisions of the Companies Act, 2013. While we support these amendments, we raise concern at the delay in adopting these provisions as these have been in force for over nine years. |

| July to September 2023 | 10/08/2023 | Ipca Laboratories Ltd.                | AGM | MANAGEMENT | Adoption of standalone and consolidated financial statements for the year ended 31 March 2023                      | FOR | FOR | We have relied upon the auditors' report, which has not raised concerns on the financial statements. Based on the auditors' report, which is unqualified, the financial statements are in accordance with generally accepted accounting policies and Indian Accounting Standards (IND-AS). We raise concerns that Natvarlal Vepari & Co. have had a long-term association with the group: as statutory auditors of the company for 25 years till FY17 and then FY23 onwards and as statutory auditors of Ramdev Chemical Pvt. Ltd. (a wholly owned subsidiary, now merged into the company) since FY20. Thus, the disassociation (cooling-off) with the group was for less than five years. |

| July to September 2023 | 10/08/2023 | Ipca Laboratories Ltd. | AGM | MANAGEMENT | Approve extension of ESOS 2023 to employees of holding and subsidiary companies                                                   | FOR | AGAINST | The dilution under ESOS 2023 will be 2.0% on the expanded capital base. Under ESOS 2023, the exercise price can be at a discount of 75% to the market price. We do not favour ESOP schemes where options are granted at a significant discount (of more than 20%) to the market price. ESOPs are 'pay at risk' options that employees accept at the time of grant, which is protected if the ESOPs are issued at significant discount. In case of ESOS 2023, Nomination and Remuneration Committee has the discretion to determine performance based parameters for vesting; there is no disclosure on such parameters. Issuance of stock options at a discount to market price does not align the interests of shareholders with those of employees, unless the options vest based on clear performance based parameters. We do not support the resolution. |

| July to September 2023 | 10/08/2023 | APL Apollo Tubes Ltd. | POSTAL BALLOT | MANAGEMENT | Approve revision in remuneration of Sanjay Gupta (DIN: 00233188) as Chairperson and Managing Director from 1 June 2023 till the end of his tenure on 10 November 2024             | FOR | FOR | Sanjay Gupta, 52, is part of the promoter family and the Chairperson and Managing Director (CMD). He has been on the board since January 1995. He was appointed as CMD in January 2020. The company now proposes to revise his remuneration from 1 June 2023 till the end of his current tenure. He received a remuneration of Rs. 37.0 mn in FY23. As per the proposed terms, we estimate his annual remuneration to be Rs. 91.2 mn. We believe this is in line with peers and commensurate with the size and complexity of the operations. While we support this revision, we believe the company must put an absolute cap on the commission payable to Sanjay Gupta. Further, the company must disclose the performance parameters that will be used to determine the commission payout. |

| July to September 2023 | 11/08/2023 | ITC Ltd.    | AGM | MANAGEMENT | Reappoint Sanjiv Puri (DIN: 00280529) as Director, not liable to retire by rotation, and Chairperson and Managing Director from 22 July 2024 for five years or such other period to conform with the retirement policy and fix his remuneration | FOR | FOR | He was re-designated as the Managing Director in May 2018 and appointed as Chairperson effective May 2019. Sanjiv Puri was paid a remuneration of Rs. 278.0 mn (inclusive of ESOPs) in FY23. We estimate his annual remuneration in the range of Rs. 286.1 mn – Rs. 358.8 mn, which is commensurate with the size and complexity of the responsibilities and is comparable to peers. Further, about 80% of his remuneration is variable, which links pay with performance. Sanjiv Puri will not be liable to retire by rotation: the company has confirmed that he will cease to be a director of the company when he ceases to be the Chairperson and Managing Director, which mitigates the risk of board permanency. |

| July to September 2023 | 11/08/2023 | JK Cement Ltd. | AGM | MANAGEMENT | Approve continuation of Paul Heinz Hugentobler (DIN: 00452691) as Non-Executive Non-Independent Director since he will attain 75 years of age on 14 February 2024 | FOR | AGAINST | Paul Heinz Hugentobler, 74, was CEO - Siam City Cement Public Company Limited, Bangkok and was associated with Holcim Limited as member of their Executive Committee. He has over 40 years of experience in the cement industry. He has been serving as non-executive director on the board of this company since 17 May 2014. He received remuneration of Rs. 12.3 mn in FY23 from the company, in professional capacity, excluding the commission and sitting fees paid. He attended all four board meetings held in FY23. Amendments in SEBI's LODR require directors having attained the age of seventy-five to be appointed by shareholders through a special resolution. Paul Heinz Hugentobler will attain 75 years of age on 14 February 2024. We note that he is also an independent director on the board of Dalmia Bharat Limited since 1 July 2023. We note that J.K Cement Limited and Dalmia Bharat Limited operate in the same industry and a similar geographical presence. Although well qualified, we do not support his continuation due to the potential conflict of interest. |

| July to September 2023 | 11/08/2023 | HDFC Bank Ltd.        | AGM | MANAGEMENT | Approve related party transactions with HDFC Credila Financial Services Ltd for FY24                                                                                                                                            | FOR | FOR | Post the merger with HDFC, HDFC Credila Financial Services Limited (Credila) became HDFC Bank's subsidiary from 1 July 2023. We note that RBI asked HDFC Bank to reduce its shareholding in Credila to 10% within two years – accordingly, in June 2023, HDFC executed definitive documents to sell 90% of its equity in Credila to a consortium of private equity firms. The long-stop date for this transaction is 31 March 2024. For FY24, HDFC Bank proposes to provide funded and non-funded facilities, assignment of Loan/ Securitization and Investment in Non-convertible debentures (NCDs) and Commercial Papers (CPs) – Secured. Investment in CPs and NCDs will be capped at Rs. Rs 50.0 bn for FY24, which was about 2.44% of the FY23 consolidated turnover. The remaining transactions are uncapped. The transactions are in the ordinary course of business of the bank and on an arm's length basis.                                                                                 |
| July to September 2023 | 11/08/2023 | HDFC Bank Ltd.        | AGM | MANAGEMENT | Fix FY24 auditor remuneration at Rs. 90mn, to be paid equally to Price Waterhouse LLP and M.M. Nissim & Co. LLP as joint statutory auditors                                                                                     | FOR | FOR | M.M. Nissim & Co. LLP and Price Waterhouse LLP, as joint statutory auditors, shall be paid overall audit fees of Rs 90.0 mn for FY24. The board shall allocate the overall audit fees between M.M. Nissim & Co. LLP and Price Waterhouse LLP, as may be mutually agreed between the bank and the joint statutory auditors, depending upon their respective scope of work, and additionally out of pocket expenses, outlays and taxes as applicable. The increase in the overall audit fees for FY24 is on account of significant increase in audit coverage due to the amalgamation of HDFC Limited and the bank, the increase in normal business volumes of the bank (including that of the amalgamated entity), in number of subsidiaries and audit procedures for consolidation, in audit efforts relating to IT and migration of data due to the amalgamation, increased regulatory compliances, increased involvement of senior level resources and experts by the joint statutory auditors etc. |

| July to September 2023 | 11/08/2023 | Ultratech Cement Ltd. | AGM | MANAGEMENT | Approve alteration to the Articles of Association (AoA) to insert new Article 122A                                                                                                 | FOR | FOR | The company's Non-Convertible Debentures are listed on the National Stock Exchange. Amendments to regulations require a company's AoA to provide for appointment of directors nominated by debenture trustees. The company proposes to amend their Articles of Association (AoA) by inserting Article 122A. We support the alteration as it is being done to comply with the amendment in regulations. We recognize that the nominee appointed by the debenture trustees will not be liable to retire by rotation. While we generally do not support the appointment of directors not liable to retire by rotation as it creates board permanency, we recognize that this ensures protection of lenders' interest and is being done to comply with regulations.    |

Her experience spans Chief People Officer to head Corporate Social Responsibility to Business Leader. She is an executive coach and a strategic advisor on HR, CSR, sustainability, transformation, and leadership. She has been on the board of this company since 10 July 2018. She attended all six board meetings held in FY23 (fifteen months). We believe shareholder approval for her reappointment should have been sought on or before the completion of her first term as Independent Director. Notwithstanding, we support her reappointment.                                                                                                   |

She has been on the board of the company since 29 July 2021. She attended all six board meetings held in FY23 (fifteen months). She retires by rotation. Although her reappointment is in line with statutory requirements, we do not support the resolution. The board has not addressed minority investor concerns over an extended period of time regarding Linde India and Praxair India Private Limited. As both Linde and Praxair are fellow subsidiaries in the same business, minority investors have said these need to be merged. Alternatively, the companies should publish a charter regarding how they will pursue their individual strategies while managing conflicts. |

| July to September 2023 | 17/08/2023 | Bikaji Foods International Ltd | AGM | MANAGEMENT | Reappoint Deepak Agarwal (DIN: 00192890) as Managing Director for three years from 1 February 2024, liable to retire by rotation and fix his remuneration as minimum remuneration        | FOR | FOR     | Deepak Agarwal, 42, is the Managing Director and has been on the board since 25 January 2002. He is a part of the promoter family and is the son of Shiv Ratan Agarwal, Executive Chairperson. He is responsible for the day-to-day operations of the company, and he also manages the operations of the company's manufacturing facilities. He has attended five out of seven (71.4%) of the board meetings held in FY23 and 19 out of 21 (90.5%) of the board meetings held in the last three years. He was paid Rs. 46.4 mn in FY23 which was 220.2x the median employee remuneration. We estimate his FY24 remuneration at Rs. 55.8 mn and FY25 remuneration at Rs. 68.0 mn. Notwithstanding, while slightly high, his remuneration is commensurate with his responsibilities and experience. |
| July to September 2023 | 17/08/2023 | Bikaji Foods International Ltd | AGM | MANAGEMENT | Reappoint Ms. Shweta Agarwal (DIN: 00619052), as Whole-Time Director for three years from 1 February 2024, liable to retire by rotation and fix her remuneration as minimum remuneration | FOR | FOR     | Shweta Agarwal, 42, is a Whole-time Director and has been on the board since November 2006. She is a part of the promoter family and is the spouse of MD and CEO: Deepak Agarwal. She is responsible for brand development and new product launches. She has attended four out of seven (57%) of the board meetings held in FY23 and 11 out of 21 (52.4%) board meetings in the last three years. We have threshold of 50% attendance in the board meetings over a three-year period and therefore we support her reappointment. She was paid Rs. 14.9 mn in FY23. We estimate her FY24 remuneration at Rs. 17.8 mn and FY25 remuneration at Rs. 22.7 mn.                                                                                                                                         |

| July to September 2023 | 18/08/2023 | Federal Bank Ltd.         | AGM | MANAGEMENT | Appoint Harsh Dugar (DIN: 00832748) as Executive Director for three years from 23 June 2023 and fix his remuneration                                                         | FOR | FOR | Harsh Dugar, 50, was appointed as Executive Director on 23 June 2023. Prior to being elevated as Executive Director, he was the Group President and Country Head of Wholesale Banking. Harsh Dugar was paid a fixed remuneration of Rs 11.2 mn in FY23 as Head Wholesale banking. We estimate his FY24 remuneration between Rs. 13.24 mn to Rs. 36.06 mn including cash and non-cash performance pay. As per regulations at least fifty percent of remuneration will be variable pay and such variable pay could be up to three times the fixed pay. His actual variable pay (cash and non-cash) for FY24 is not disclosed as it is subject to RBI approval. The remuneration proposed for Harsh Dugar is in line with that paid to peers in the industry and size and complexities of the business. Further, the bank has been judicious in paying their executive directors in the past and his remuneration is also subject to RBI approval. |
| July to September 2023 | 18/08/2023 | Federal Bank Ltd.         | AGM | MANAGEMENT | Appoint Suri and Co. and MSKA & Associates as joint statutory auditors for three years from the conclusion of the FY23 AGM and authorize the board to fix their remuneration | FOR | FOR | In line with the 27 April 2021 RBI Guidelines for Appointment of Statutory Central Auditors (SCAs)/Statutory Auditors (SAs) of Commercial Banks, the bank has appointed two joint statutory auditors. The Federal Bank proposes to appoint Suri and Co. and MSKA & Associates as joint statutory auditors for three years from the conclusion of the FY23 AGM. The appointment has been approved by the RBI through letter dated 27 June 2023. Previous Joint auditors, Varma & Varma and Borkar & Mazumdar have completed their three year tenure. The total fees paid to Joint statutory auditors on a consolidated basis in FY23 was Rs. 53.2 mn including fees for other certifications. We expect the bank to fix audit fees at similar levels.                                                                                                                                                                                            |

| July to September 2023 | 18/08/2023 | Federal Bank Ltd. | AGM | MANAGEMENT | Approve adoption of The Federal Bank Limited Employee Stock Incentive Scheme 2023 (ESIS 2023), under which upto 6,348,603 stock options may be granted at face value             | FOR | FOR     | The pool size of ESIS 2023 is 6,348,603 stock options and the aggregate dilution (considering both ESOS 2023 and ESIS 2023) will be ~0.9% on the expanded capital base (based on shareholding pattern on 25 July 2023). Under ESIS 2023, the exercise price will be the face value of the share (currently, Rs. 2.0 per share) representing a discount of ~98.5% to the current market price. Vesting of the deeply discounted stock options is performance based and the performance indicators have been clearly disclosed. In case of ESIS 2023, the vesting will be linked to targets linked to bank and individual performance parameters. Bank performance parameters include EBITDA, Net Interest Margin (NIM), Net Non-Performing Assets (NMPAs), Return on Equity, Return on Asset, CASA ratio and other parameters determined by the committee. Notwithstanding, the other performance driven vesting conditions embedded in ESIS 2023 ensures alignment of interests between employees and shareholders. |

As per the FY23 annual report, the company has two associate companies: Ageas Federal Life Insurance Company Limited (formerly IDBI Federal Life Insurance Co Limited) and Equirus Capital Private Limited. We do not support extension of ESOP schemes to employees of associate entities. Further, one of the bank's subsidiaries: Fedbank Financial Services Limited has filed its draft red herring prospectus with SEBI for an Initial Public Offering. Under the resolution, the bank may continue to grant stock options to employees of the subsidiary even after it is listed, a practice we do not support.                                                                                                                                                                                                                        |
| July to September 2023 | 18/08/2023 | Federal Bank Ltd. | AGM | MANAGEMENT | Approve increase in borrowing limits to Rs. 180.0 bn over and above the paid-up capital and free reserves from Rs. 120.0 bn over and above the paid-up capital and free reserves | FOR | FOR     | The shareholders had previously approved a borrowing limit of Rs. 120.0 bn over and above the paid-up capital and free reserves of the Bank (with or without securities) in in the 2018 AGM. The bank now proposes to increase this limit to Rs. 180.0 bn over and above the paid-up capital and free reserves to fund the projected growth in business. The bank's debt is rated IND AA/Positive. The company's debt on a standalone basis stood at Rs. 193.2 bn on 31 March 2023 and debt to equity was at 0.9x. We understand that the bank cannot indiscriminately raise debt, since the bank's capital structure is governed by RBI's capital adequacy requirements. Therefore, we support the resolution.                                                                                                                                                                                                                                                                                                     |

| July to September 2023 | 18/08/2023 | Federal Bank Ltd. | AGM | MANAGEMENT | Approve payment of fixed compensation not exceeding Rs 2.0 mn to each Independent Director excluding the part-time Chairperson from FY23                                                                                                | FOR | AGAINST | In the last four years, the independent directors (excluding the part-time chairperson) were paid profit linked commission ranging between RS. 3.0 mn to RS. 7.1 mn which is between 0.01% and 0.03% of profits. The proposed fixed remuneration to independent directors is in-line with market practices and in line with statutory regulations. However, given that the company has not defined a tenure for payment of remuneration, the resolution is effectively valid in perpetuity. We do not support resolutions in perpetuity: shareholders must get a chance to periodically review such payments.                                    |
| July to September 2023 | 18/08/2023 | Federal Bank Ltd. | AGM | MANAGEMENT | Approve performance linked incentive of Rs. 2,825,000 for FY23 to Ashutosh Khajuria (DIN: 05154975) as Executive Director                                                                                                               | FOR | FOR     | Ashutosh Khajuria, 62, was the Executive Director of the bank and was working with the bank since 2011, when he joined as President – Treasury. He was re-appointed as Executive Director from 1 May 2022 to 30 April 2023. Ashutosh Khajuria has retired from the board effective 30 April 2023. The bank seeks approval to pay Rs. 2.82 mn as cash variable pay for his performance in FY23 which is yet to be approved by the RBI. His remuneration including cash variable pay is Rs. 13.6 mn. The remuneration proposed for Ashutosh Khajuria is in line with that paid to peers in the industry and size and complexities of the business. |
| July to September 2023 | 18/08/2023 | Federal Bank Ltd. | AGM | MANAGEMENT | Approve preferential issue of 72.7 mn equity shares at Rs. 131.91 per share to International Finance Corporation, IFC Financial Institutions Growth Fund LP and IFC Emerging Asia Fund LP for a consideration aggregating to Rs. 9.6 bn | FOR | FOR     | The company seeks shareholder approval to issue and allot up to 72.7 mn equity shares of face value of Rs. 20.0 at an issue price of Rs. 131.91 each aggregating to ~Rs. 9.6 bn to International Finance Corporation and its affiliates. The proposed amount from investors is intended to be utilized towards meeting the needs of the growing business of the bank, including long term capital requirements for pursuing growth plans, to increase the capacity of the bank to lend, and for general corporate purposes. The dilution of 3.3% is also reasonable.                                                                             |

| July to September 2023 | 19/08/2023 | Balrampur Chini Mills Ltd. | AGM | MANAGEMENT | Revise remuneration structure of Praveen Gupta (DIN: 09651564), Whole-time Director till the end of his term on 30 June 2025, to include grant of Employee Stock Appreciation Rights (ESARs), and fix remuneration as minimum remuneration | FOR | FOR | Praveen Gupta, 64, is the Head of Corporate Technical Team at Balrampur Chini Mills Limited (BCML). He was appointed as a Whole-time director in July 2022 for three years till June 2025. His FY23 remuneration was Rs. 7.0 mn: the company is revising his remuneration structure to include a potential grant of Employee Stock Appreciation Rights (ESARs). In the absence of disclosures, we estimate the maximum eligible ESARs per employee may be granted to him. We estimate his maximum remuneration, including ESAR value at Rs. 20.5 mn for FY24. The proposed remuneration is comparable to peers and commensurate with the size of the company. Further, he is a professional whose skills and experience carry a market value. The company should have disclosed the ESARs he would be eligible to receive over his tenure; notwithstanding, the ESAR grant will be at market price, which is a good practice. |

| July to September 2023 | 21/08/2023 | Timken India Ltd. | AGM | MANAGEMENT | Approve material related party transactions estimated at Rs. 4.17 bn for FY24 with Timken Engineering and Research-India Pvt. Ltd (TERIPL), a fellow subsidiary | FOR | FOR | The proposed transactions will be primarily towards purchase and sale of finished products, components, property, plant and equipment and services. The transactions amounted to ~Rs. 1.8 bn for FY23. We understand that TERIPL's Chennai plant is SEZ unit and mainly caters to global markets. TERIPL's Bangalore unit is in-house global service center and provides shared services to all Timken group entities in world including the Company. TERIPL's Chennai plant manufactures bearings which are supplied to the company for further sale in India. Also, TERIPL's Bangalore unit provides IT, engineering, research and development, administrative services to the company. We raise concerns that a manufacturing facility and the in-house global service center of the Timken Group are housed in a private company instead of the listed entity. Notwithstanding, the transactions are operational in nature, in the ordinary course of business and at arm's length. |
| July to September 2023 | 21/08/2023 | Timken India Ltd. | AGM | MANAGEMENT | Approve material related party transactions estimated at Rs. 5.62 bn for FY24 with The Timken Company, the ultimate holding company                             | FOR | FOR | The Timken Company, USA is the ultimate holding company of Timken India Limited. Timken India's majority share capital is held by Timken Singapore Pte Limited, which is a subsidiary of The Timken Company. The proposed transactions will be primarily towards purchase and sale of goods, property, plant and equipment and services and payment of royalty to Timken Company USA for use of the "TIMKEN" trademark and logo. The transactions amounted to ~Rs. 3.2 bn for FY23. The proposed transactions will amount to 20% of the company's FY23 turnover, which is reasonable. The transactions will be in the ordinary course of business and at arm's length. Timken India Limited will benefit from the access to Timken Group's proprietary technology, designs, global network and resources. The transactions are operational in nature.                                                                                                                                   |

| July to September 2023 | 22/08/2023 | Hindalco Industries Ltd. | AGM | MANAGEMENT | Reappoint Ms. Rajashree Birla (DIN:00012813) as Non-Executive Non-Independent Director, liable to retire by rotation             | FOR | FOR | Ms. Rajashree Birla, 78, is the Chairperson of Aditya Birla Centre for Community Initiatives and Rural Development and a part of the promoter family. She oversees the social and welfare driven work of Birla Group. She has been on the board since 15 March 1996. She attended 80% (four out of five) of the board meetings in FY23. She retires by rotation and her reappointment is in line with statutory requirements. Further, amendments in SEBI's LODR require directors having attained the age of 75 to be approved by shareholders through a special resolution: Ms. Rajashree Birla is 78 years old. We do not consider age to be an eligibility criterion for board memberships.                                                                                                                                                                                                        |
| July to September 2023 | 22/08/2023 | Hindalco Industries Ltd. | AGM | MANAGEMENT | Reappoint Praveen K Maheshwari (DIN: 01743559) as Whole Time Director from 28 May 2023 to 31 March 2024 and fix his remuneration | FOR | FOR | Praveen Kumar Maheshwari, 62, is an Executive director and CFO, Hindalco Limited. We estimate Praveen Maheshwari's FY24 pay to be at Rs. 85.9 mn, including an estimate of fair value of stock options and RSUs. The company should cap and disclose the quantum of options that can be granted. Further, the company should disclose the performance metrics and related benchmarks used to determine the variable pay. Notwithstanding, his pay is comparable to peers' and is commensurate to the size and complexity of the business. Praveen Maheshwari is a professional and his skills and experience carry a market value. Praveen Maheshwari has been reappointed as a Whole Time Director for one year, thrice over the last two years. The board must consider fixing a longer tenure for him as CFO, given the importance of the position or stabilize a successor for Praveen Maheshwari. |
| July to September 2023 | 22/08/2023 | Hindalco Industries Ltd. | AGM | MANAGEMENT | Revise remuneration to Price Waterhouse & Co Chartered Accountants LLP as statutory auditors                                     | FOR | FOR | Price Waterhouse & Co Chartered Accountants LLP were appointed as statutory auditors for a second term of five years at the 2022 AGM (from the conclusion of 2022 AGM till conclusion of 2027 AGM).
